### Mastering the American Accent with Online Audio *Barrons Educational Services*

Publisher's Note: Products purchased from Third Party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitlements included with the product. Mastering the American Accent is an easy-to-follow approach for reducing the accent of non-native speakers of English. Well-sequenced lessons in the book correspond over eight hours of audio files covering the entire text. The audio program provides clear models (both male and female) to help coach a standard American accent. The program is designed to help users speak Standard American English with clarity, confidence, and accuracy. The many exercises in the book concentrate on topics such as vowel sounds, problematic consonants such as V, W, TH, the American R and T and others. Correct lip and tongue positions for all sounds are discussed in detail. Beyond the production of sounds, the program provides detailed instruction in prosodic elements such as syllable stress, emphasis, intonation, linking words for smoother speech flow, common word contractions, and much more. Additional topics that often confuse ESL students are also discussed and explained. They include distinguishing between casual and formal speech, homophones (e.g., they're and there), recognizing words with silent letters (e.g., comb, receipt), and avoiding embarrassing pronunciation mistakes, such as mixing up "pull" and "pool." Students are familiarized with many irregular English spelling rules and exceptions, and are shown how such irregularities can contribute to pronunciation errors. A native language guide references problematic accent issues for 13 different language backgrounds.

### Better English Pronunciation *Cambridge University Press*

Teaching Pronunciation Cambridge University Press

"This course offers current and prospective teachers of English a comprehensive treatment of pronunciation pedagogy, drawing on both current theory and practice. The text provides: - an overview of teaching issues from the perspective of different methodologies and second language acquisition research - innovative teaching techniques - a thorough grounding in the sound system of North American English - insight into how this sound system intersects with spelling, morphology, listening, and discourse - diagnostic tools and assessment measures - suggestions for syllabus design. Discussion questions and exercises encourage teachers to draw on their personal language learning/teaching experience as they assimilate the contents of each chapter. A training cassette offers practice in assessing learners' pronunciation"--Publishers's website.

English After RP Springer

This book concisely describes ways in which today's standard British English speech differs from the upper-class accent of the last century, Received Pronunciation, which many now find old-fashioned or even comic. In doing so it provides a much-needed update to the existing RP-based descriptions by which the sound system of British English is still known to many around the world. The book opens with an account of the rise and fall of RP, before turning to a systematic analysis of the phonetic developments between RP and contemporary Standard Southern British (SSB) in vowels, consonants, stress, connected speech and intonation. Topics covered include the anti-clockwise vowel shift, the use of glottal stops, 'intrusive r', vocal fry and Uptalk. It concludes with a Mini Dictionary of well over 100 words illustrating the changes described throughout the book, and provides a chart of updated IPA vowel symbols. This book is an essential resource for anyone interested in British pronunciation and sound change, including academics in phonetics, phonology, applied linguistics and English language; trainers of English teachers; English teachers themselves; teachers of voice and accent coaches; and students in those areas.

**English Pronunciation in Use. Intermediate. Set: Buch und 4 Cassetten.**

Pronunciation Contrasts in English *Waveland Press*

In this vibrant second edition, the authors have drawn from their own multiple years of teaching and from the knowledge and ideas of 50 linguists and ESL teachers who specialize in particular languages. New to this edition is Part I, an entire section on English spelling as a morphophonemic system. Here, Nilsen and Nilsen clearly explain concepts and patterns of English spelling, pronunciation, and meaning to ease the process of learning English for non-native students as well as their teachers. In addition, the authors provide sample activities that creatively and effectively engage students in grasping a particular concept, and include illustrative examples that show English is a systemic language. In Part II, the authors provide extensive lists of both vowel and consonant contrasts, each with phonetic diagrams and descriptions, minimal pairs (both isolated and in sentences), and specific languages for which the contrast may be problematic. These valuable examples help students hear and produce pronunciation differences that are important in English and bring their pronunciation closer to that of native English speakers. Both prospective and practicing teachers will appreciate the flexibility and freedom afforded by these well-designed materials.

Pronunciation Pairs Teacher's book Cambridge University Press

Pronunciation Pairs is a classic listening and pronunciation text that teaches students to recognize and produce all of the speech sounds of North American English. It also covers important features such as word and sentence stress, and intonation.

English Grammar in Use with Answers, Thai Edition Cambridge University Press

This is an adaptation of Essential Grammar in Use for Thai elementary learners.

**Tree Or Three?** *Cambridge University Press*

This fully-revised edition of the classic elementary pronunciation course is now accompanied by 3 Audio CDs and is suitable for both self-study and classroom use. This is a revised and updated edition of the classic pronunciation title, 'Tree or Three?'. This new edition retains many of the features that make the original edition so popular. In particular, the overall simplicity of the text and straightforward syllabus with an emphasis on minimal pairs, that makes the subject of pronunciation so accessible has been retained. Although the artwork remains simple, this new edition is in full colour to make the material more user-friendly. Still ideal for classroom use, the new edition is also more suitable for learners working on their own (at home or in self-access centres), as clearer rubrics for exercises have been included together with better overall navigation and a clear answer key. Unlike the original edition, there is no separate Teacher's Book. This ISBN refers to the book only. For information on the book and CD pack, please see 978 0 521 685276.

English Idioms in Use Intermediate Book with Answers Cambridge University Press

Improve your understanding of idioms in English. Explanations and practice of English idioms, written for intermediate-level (B1 to B2) learners of English.
