Making Groups Work

Rethinking practice *Routledge*

Most of us work in them, most of us live in them. Some are complex, some are simple. Some meet only once while others last for decades. Whatever form they take, groups are central to our lives. Making Groups Work offers a comprehensive introduction to the key issues in group work. It outlines the role of groups and the history of group work, discusses group politics, and shows how groups can help promote social change. Detailed case studies are used to make the crucial link between theory and practice. The authors also offer strategies for making groups work effectively. Making Groups Work is essential reading for social workers, health workers, counsellors, community workers, youth workers, trainers and anyone else interested in working with groups. It is also a good introductory text for students and a handy reference for professionals.

I Never Knew I Had a Choice: Explorations in Personal Growth *Cengage Learning*

Honest and inspiring, I NEVER KNEW I HAD A CHOICE: EXPLORATIONS IN PERSONAL GROWTH, 11th Edition, is an invitation to personal learning and growth -- and a roadmap to lasting change. Research-based, yet written in a personal, encouraging tone, the book helps students examine the choices they've made, expand their awareness of the choices available to them, and choose where to go next. Emphasizing the role of personal responsibility and choice in creating a meaningful life, the text explores a wide variety of key topics, including personal style of learning, the effects of childhood and adolescence experiences on current behavior and choices, meeting the challenges of adulthood and autonomy, and many other issues related to personal growth and development. Self-inventories, exercises, activities, and first-person accounts of difficult choices real people have made give students invaluable insight into their lives, beliefs, and attitudes in a personally empowering way. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Groups Book

Psychoanalytic Group Therapy: Principles and Practice *Routledge*

Including The Groups Manual, A Treatment Manual, with Clinical Vignettes.'This book is very important both for psychoanalysis and for social science. Psychoanalysis began with the treatment of individuals and in its early days attended to the conflict between the individuals wishes and society. It was not for some time that it fully addressed the fact that the ostensible individual was a social animal, who was never outside his group even when ostensibly alone. In this book what has been learnt from the study in depth of individual psychopathology is brought to bear on what can be learnt from studying people in groups and vice versa. This integration is a challenge to both, and is perhaps the most relevant in contemporary psychoanalysis.'- Dr Ron Britton, Psychoanalyst, former President of the British Psychoanalytical Society

Implementing Play Therapy with Groups

Contemporary Issues in Practice *Routledge*

Implementing Play Therapy with Groups is a new and innovative edited book bringing together experts from across the field of play therapy to explore how to facilitate group play therapy across challenging settings, diagnoses, and practice environments. Applying theoretical and empirical information to address treatment challenges, each chapter focuses on a specific treatment issue and explores ways the reader can implement group work within their play therapy work. Chapters also provide contemporary evidence-based clinical information in providing group therapy with specific populations such as working with children who have been exposed to violence, trauma, adoption, foster care, those who are chronically medically fragile, and more. This book will bring awareness to, and provide easily implemented play therapy knowledge and interventions for, child and family therapists who work in a range of settings including schools, hospitals, residential treatment centers, and community mental health settings.

Socially Just Practice in Groups

A Social Work Perspective *SAGE Publications*

Socially Just Practice in Groups: A Social Work Perspective comprehensively covers all aspects of group practice in social work settings, integrating a unique social justice framework throughout. Drawing from their experience as group work practitioners, authors Robert Ortega and Charles D. Garvin walk readers through the basics of group practice, including getting started, doing group work, establishing the purpose, roles and tasks of the group, stages and phases of practice, and specific skills in assessment, monitoring, and evaluation. A social justice framework provides a fresh perspective during an era of widespread social change and provides social workers tools for effective group interventions. Chapters contain detailed case examples to illustrate concepts presented, as well as exercises to help students practice skills.

The Personal Development Group

The Student's Guide *Routledge*

The personal development group is a feature of many counselling and psychotherapy trainings. How does it facilitate personal development? Could it be more effective? Looking from the perspective of the student, this book offers an insight into the workings of the group and the communications that take place within it. The complex relationship between group and individual is explored in the wider context of culture and society. Through examples and exercises, readers can learn about themselves as they learn about the group processes that they are experiencing. Chris Rose charts the course of a PD group through various stages, dealing with fundamental themes such as conflict, authority, resistance and difference. The task is always to keep in focus both the individual experience and the group process. This dual perspective provides group members with important

resources to understand and make better use of their own PD group. The elusive task of personal development is vital to the formation of competent counsellors and psychotherapists. Any course that has a PD group will benefit from the understandings that the book can offer, irrespective of theoretical model. This book encourages students to engage with their own development in a pro-active and informed manner. It invites them to challenge attitudes and assumptions in a thoughtful self-reflexive style. This book also provides an introduction to group work that will be valuable for those who are no longer students but are curious about what happens in groups. Whatever the stage of development, there is material to engage and stimulate the reader.

Theory and Practice of Counseling and Psychotherapy *Cengage Learning*

Incorporating the thinking, feeling, and behaving dimensions of human experience, the tenth edition of Corey's best-selling book helps students compare and contrast the therapeutic models expressed in counseling theories. Corey introduces students to the major theories (psychoanalytic, Adlerian, existential, person-centered, Gestalt, reality, behavior, cognitive-behavior, family systems, feminist, postmodern, and integrative approaches) and demonstrates how each theory can be applied to two cases (Stan and Gwen). With his trademark style, he shows students how to apply those theories in practice, and helps them learn to integrate the theories into an individualized counseling style. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Becoming a Helper *Cengage Learning*

Ideal for anyone just starting or even considering a career in the helping professions, Corey and Corey's BECOMING A HELPER, Eighth Edition, provides an overview of the stages of the helping process while equipping you with the skills and knowledge you need to become a successful helping professional. Drawing on their years of practice, the authors focus on the struggles, anxieties and uncertainties students often encounter on the road to becoming effective helpers. Providing a candid look at the demands and strains of real-world practice -- including the challenges involved in becoming an effective helper as well as the difficulties of working with others -- the book helps you determine if this career if a good fit for you. It is an excellent resource for those pursuing a career in human services, counseling, social work, psychology, couples and family therapy, or related professions. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Ethics in Action *Cengage Learning*

The ETHICS IN ACTION program brings to life the ethical issues and dilemmas counselors often encounter-and provides ample opportunity for discussion, self-exploration, and problem solving of the issues and dilemmas. The 22 video vignettes are based on a workshop for a group of counseling students, which included challenging questions and lively discussion, role-plays, and comments from the students and the group leaders. This educational program is divided into three segments: ethical decision-making, values and the helping relationship, and boundary issues and multiple relationships in counseling. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Fahrenheit 451

A Novel *Simon and Schuster*

A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit.

Theory and Practice of Online Therapy

Internet-delivered Interventions for Individuals, Groups, Families, and Organizations *Routledge*

This innovative new resource outlines the process of conducting individual, family and group therapy online with the use of video conferencing tools, and explores the unique concerns associated with this increasingly popular and convenient approach to treatment. Offering mental health practitioners a definitive presentation on how to use online tools to facilitate psychological intervention, the book will also enable readers to learn about the processes of virtual individual, couple, family and group therapy, specific concerns related to online group dynamics, as well as the responsibilities of the therapist and group leader in online sessions. This is the perfect companion for counselors of all backgrounds and disciplines who are interested in offering or improving their approach to virtual services.

Groups in Action: Evolution and Challenges Workbook (book only) *Cengage Learning*

The Workbook for GROUPS IN ACTION: EVOLUTION AND CHALLENGES is designed to accompany the GROUPS IN ACTION video program sold separately as a DVD or on CourseMate. This workbook includes exercises that correlate directly with each segment of the video, as well as self-assessments and self-inventories; skills checklists; the Coreys' commentary; questions for application, discussion, and reflection; references to the main text; and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Fundamentals and Practices in Colouration of Textiles *CRC Press*

This is a comprehensive book that imparts technological skills about the colouration of textiles. It discusses academic as well as shop-floor aspects of colouration. It also covers eco-friendly enzymatic processing and differential coloured effects.

The Theory and Practice of Group Psychotherapy

Group Work Practice

An Integration of Experience, Theory and Practice *Thompson Educational Pub*

Therapeutic groups are commonplace in social and health care settings. The purpose of this work is to demonstrate ways that the student or practitioner can integrate theory and practice and acquire the skills necessary for effective functioning. The first section emphasizes the importance of the organizational context and the preparation of both client and worker, and includes a discussion on pre-screening. The second section outlines the stages of group development and the ways in which the worker can use knowledge of these stages to assist treatment. A new feature of this edition is the inclusion of several case studies that illustrate ways in which theory informs practice and enhances personal experience and professional growth. The book is directed towards practitioners and is written in a succinct style that keeps the needs of the reader in mind. This is an ideal textbook for courses on group treatment in social work and is suitable for a variety of disciplines that make use of group skills in a therapeutic manner.

Task Groups in the Social Services *SAGE Publications*

In light of the growing importance of and reliance on task groups in the social services, this comprehensive text examines the uses, methods and dynamics of such groups. Following a description of the nature, history and variety of task groups, the authors discuss the role of the social worker in these groups, focusing on: the recruitment and composition of groups; participating as a team member; shepherding a group and dealing with problem behaviours within it. Task Groups in the Social Services will prove a vital resource to both students and practitioners in social work.

Blackwell Handbook of Social Psychology

Group Processes *John Wiley & Sons*

This handbook provides an authoritative, up-to-date overview of the social psychology of group processes. The topics covered include group decisions, juries, group remembering, roles, status, leadership, social identity and group membership, socialization, group performance, negotiation and bargaining, emotion and mood, computer-mediated communication, organizations and mental health. For more information, visit www.xreferplus.com

Model Rules of Professional Conduct *American Bar Association*

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Pivot to the Future

Discovering Value and Creating Growth in a Disrupted World *PublicAffairs*

The proven, effective strategy for reinventing your business in the age of ever-present disruption Disruption by digital technologies? That's not a new story. But what is new is the "wise pivot," a replicable strategy for harnessing disruption to survive, grow, and be relevant to the future. It's a strategy for perpetual reinvention across the old, now, and new elements of any business. Rapid recent advances in technology are forcing leaders in every business to rethink long-held beliefs about how to adapt to emerging technologies and new markets. What has become abundantly clear: in the digital age, conventional wisdom about business transformation no longer works, if it ever did. Based on Accenture's own experience of reinventing itself in the face of disruption, the company's real world client work, and a rigorous two-year study of thousands of businesses across 30 industries, Pivot to the Future reveals methodical and bold moves for finding and releasing new sources of trapped value-unlocked by bridging the gap between what is technologically possible and how technologies are being used. The freed value enables companies to simultaneously reinvent their legacy, and current and new businesses. Pivot to the Future is for leaders who seek to turn the existential threats of today and tomorrow into sustainable growth, with the courage to understand that a wise pivot strategy is not a one-time event, but a commitment to a future of perpetual reinvention, where one pivot is followed by the next and the next.

Ask a Manager

How to Navigate Clueless Colleagues, Lunch-Stealing Bosses, and the Rest of Your Life at Work *Ballantine Books*

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult

professional conversations—featuring all-new advice! There’s a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don’t know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You’ll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you’re being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate’s loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green’s] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

A Guide to the Project Management Body of Knowledge (PMBOK® Guide) - Seventh Edition and The Standard for Project Management (RUSSIAN) *Project Management Institute*
PMBOK® Guide is the go-to resource for project management practitioners. The project management profession has significantly evolved due to emerging technology, new approaches and rapid market changes. Reflecting this evolution, The Standard for Project Management enumerates 12 principles of project management and the PMBOK® Guide &– Seventh Edition is structured around eight project performance domains.This edition is designed to address practitioners' current and future needs and to help them be more proactive, innovative and nimble in enabling desired project outcomes.This edition of the PMBOK® Guide:•Reflects the full range of development approaches (predictive, adaptive, hybrid, etc.);•Provides an entire section devoted to tailoring the development approach and processes;•Includes an expanded list of models, methods, and artifacts;•Focuses on not just delivering project outputs but also enabling outcomes; and• Integrates with PMIstandards+™ for information and standards application content based on project type, development approach, and industry sector.

Groups

Process And Practice *Wadsworth Publishing Company*

The Theory and Practice of Group Psychotherapy *Hachette UK*
Dive into this educational and entertaining work on group psychotherapy and see firsthand how it has been helping patients learn and grow for years. Hailed by Jerome Frank as "the best book that exists on the subject," Irvin D. Yalom's The Theory and Practice of Group Psychotherapy has been the standard text in the field for decades. In this completely revised and updated fifth edition, Dr. Yalom and his collaborator Dr. Molyn Leszcz expand the book to include the most recent developments in the field, drawing on nearly a decade of new research as well as their broad clinical wisdom and expertise. New topics include: online therapy, specialized groups, ethnocultural diversity, trauma and managed care. At once scholarly and lively, this is the most up-to-date, incisive, and comprehensive text available on group psychotherapy.

Decolonizing Language Learning, Decolonizing Research

A Critical Ethnography Study in a Mexican University *Routledge*
This volume explores the socio-political dynamics, historical forces, and unequal power relationships which mediate language ideologies in Mexican higher education settings, shedding light on the processes by which minority students learn new languages in postcolonial contexts. Drawing on data from a critical ethnographic case study of a Mexican university over several years, the book turns a critical lens on language learning autonomy and the use of the Common European Framework of Reference for Languages (CEFR) in postcolonial higher education settings, and advocates for an approach to the language learning and teaching process which takes into account minority language learners’ cultural heritage and localized knowledge. Despagne also showcases this approach in the unique research methodology which underpins the data, integrating participatory methods such as Interpretative Focus Groups in an attempt to decolonize research by engaging and involving participants in the analysis of data. Highlighting the importance of critical approaches in encouraging the equitable treatment of diverse cultures and languages and the development of agency in minority language learners, this book will be key reading for researchers in sociolinguistics, educational linguistics, applied linguistics, ethnography of communication, and linguistic anthropology.

Instructor's Edition for Groups

Process and Practice *Thomson*

Handbook of Group Counseling and Psychotherapy *SAGE Publications*
The most comprehensive and thoroughly researched text available on this topic, Handbook of Group Counseling and Psychotherapy, Second Edition underscores the notion that group work is improved through increased collaboration between researchers and practitioners. Edited by renowned leaders in the field, this thoroughly updated and revised Second Edition explores current literature and research and offers suggestions for practice in psycho-educational, counseling, and therapy groups. The Handbook is divided into five main sections: current and historical perspectives, best practices, multicultural and diverse groups, groups in special settings, and an introduction to special topics.

The Handbook of Group Research and Practice *SAGE Publications*
The Handbook of Group Research and Practice is a unique interdisciplinary resource that integrates what is known about group research and practice across the disciplines and professions. The chapters have been written by world-renowned researchers and practitioners who work with teams and groups in a variety of settings. As a result, this Handbook provides students, academics, and practitioners with the most comprehensive understanding about the latest findings and issues in group research and practice.

How to Create and Sustain Groups That Thrive
