Fourth Industrial Revolution - Wikipedia

– The Industrial Revolution started in England because of the new developments in agricultural technology and the enclosure of English farms. And that had led to a big influx to the cities.

Important questions and answers about the Industrial ...

The Industrial Revolution is the name historians have given to the period in history when there was a large and rapid change in the way things were made. This meant that instead of things being hand made in small workshops, they were made more cheaply in large quantities by machines in factories. Products being made in large quantity now meant that they were sold for less. Many people began to move from an agricultural based life in the country to the towns where the factories offered more and b
