Polymers: A Property Database 2019

This is a large database giving a variety of properties for a very wide range of polymer types. The amount of information for individual polymers varies considerably and in some cases possibly surprisingly; for some polymers there is little more than a brief description, whereas for many common polymer types there are pages of detailed information. The brief description of all polymer types gives the monomer(s), material class (e.g. thermoplastic), polymer type and CAS number.
