The First Session with Substance Abusers: A Step-By-Step ...

Before your first session, your therapist will likely send over some intake paperwork to fill out. One of those

documents will probably be a questionnaire that asks for your medical history (including any medications you're taking), mental health services you've received in the past, current issues or stressors, and what you hope to get out of therapy.

7 Questions Your Therapist Will Probably Ask During Your ...

Time and day(s) of session(s) Duration of the session (usually 50 minutes) How many sessions are available; What approach the counsellor uses (click here to find out more about this) Fee (if a paid service) How long your notes will be kept for, who can see them, and how they will be disposed of;

Complaints procedure;
Confidentiality

First Counselling Session [Tips for Counselling

Students ...

When a person first enters into addiction therapy, the first session will likely be a “get to know you” kind of format. Therapists will work to determine what kinds of things the person may need or want to talk about most, and what method of treatment or course of therapy may be the most beneficial.

How Is an Addiction Therapy Session Conducted?

The First Session with Substance Abusers offers clinicians an innovative plan for conducting an initial session that has proven successful in

unearthing substance abuse problems with even the most resistant and manipulative clients.

The First Session with Substance Abusers: Nicholas A ...

There are two main goals for the first session—to establish a therapeutic relationship and to gather information. The most important thing to remember during the first session is, simply put, to be with the client. What I mean by this is that you must focus on what the client is saying at all times. Do not try to think of what to say next.

The First Session: What is it all about? | Counselor ...

As the counselor at a

person's first appointment for substance use issues, I inhale a deep, athletic breath. An urgent, high stakes race has begun. If substance use has evolved into "substance use disorder," commonly termed "addiction," the person's use meets NIDA's defining criterion of "persistence despite adverse consequences."
