In fact, it seems, practicing gratitude on top of receiving psychological counseling carries greater benefits than counseling alone, even when that gratitude practice is brief. And that’s not all. When we dug

deeper into our results, we found indications of how gratitude might actually work on our minds and bodies.

How Gratitude Changes You and Your Brain

Early research suggests that a daily practice of gratitude could affect the body, too. For example, one study found that gratitude was linked to fewer signs of heart disease. The first step in any gratitude practice is to reflect on the good things that have happened in your life. These can be big or little things.
