**For Sale: Allen & Heath PA12-CP
Mixer with JBL Eon 15 Speakers**

I have a PA12CP (Allen and Heath desk
with a 500+500W amp built in) and

some time ago discovered a bizarre
feature that the speaker outputs are out
of phase with one another (OK, polarity
reversed for the pedants). I've always
carried a speakon adaptor to correct this
whenever I've used it, and vowed to fix it
whenever I had time.
