Essentialism, at its simplest, is the view that things have essences (the attribute, or set of attributes, that make an object or substance what it fundamentally is). Thus, for any specific kind of entity, there is a set of characteristics (or properties or traits), all of which any entity of that kind must have.

Philosophy draws indiscriminately from all fields knowledge, in a never ending questioning. This makes sense given it's etymological origins: philo – a Greek term for love, and – sophia , a term that has had many variations in meaning through history, but always essentially denoted an aspect of wisdom,

knowledge and understanding.

Educational essentialism is an educational philosophy whose adherents believe that children should learn the traditional basic subjects thoroughly. In this philosophical school of thought, the aim is to instill students with the "essentials" of academic knowledge, enacting a back-to-basics approach.

Essentialism ensures that the accumulated wisdom of our civilization as taught in the traditional academic disciplines is passed on from teacher to student. Such disciplines might include Reading, Writing, and Arithmetic.
