Taught economics, statistics and applied policy analysis at the graduate level in the U.S., and internationally. For the U.S. EPA developed and presented international training courses in environmental economics and in economic incentives.

Environomics

Environomics. Environomics provides consulting services in policy analysis for public and private sector clients in the U.S. and abroad. We focus on issues involving the environment, energy, and occupational safety and health (OSH). As the firm's name implies, we believe that substantive goals regarding the environment, energy, and OSH can and must be achieved in concert with broader economic goals.

Environomics

Environmental economics is now an indispensable part of the education of anyone dealing with environmental issues. As one of the fastest growing areas of research and study, its influence over environmental policymaking and practice is already widely recognised.

The Environomics Blog is an informal and friendly blog focussing on issues and developments surrounding environmental economics, the circular economy, sustainable investing, and the true cost of goods and services.

Environmental Economics Blog | Environomics Blog

First, environmental effects are economic externalities. Polluters do not usually bear the consequences of their actions; the negative effects most often occur elsewhere or in the future. Second, natural resources are almost always underpriced because they are often assumed to have infinite availability.
