Mundane Governance Ontology And Accountability

This book focuses on ways in which our lives are increasingly regulated and controlled in relation to ordinary objects and technologies. The analysis considers questions of governance, how this occurs, through what means, and with what consequence; accountability, to whom (or what) for which kinds of behaviour; and ontology; suggesting the very nature of people and things is entangled in governance.

Mundane Governance: Ontology and Accountability - Oxford ...

In particular, it is crucial to understand how governance and accountability are mediated through material relations involving ordinary everyday objects and

technologies. The book argues that the key to understanding governance is to focus on political constitution at the level of ontology rather than just on the traditional politics of organization, structure, and human compliance.
