Ineffective communication is the single largest factor behind litigation by patients. Good communication, including effective apology, can avert or help end conflict, especially litigation. It never does any harm to apologise—for yourself or on behalf of colleagues. Empathise and listen: Your relationship with the patient is vitally important. It facilitates therapeutic space in which patients can express their concerns and receive support and advice.

Improving your communication skills | The BMJ

It is essential for good and safe patient care that doctors work effectively with colleagues from other health and social care disciplines, both within and between teams and organisations. Whatever the composition of the teams you work in, you must respect and value each person's skills and contribution. 7
