The Guide for the Perplexed *Courier Corporation*

Complete text of crucial medieval work of philosophy: reconciliation of Aristotle and Scripture. Includes Life of Maimonides, analysis of The Guide, indexes of quotations from Scripture, Talmud. Maimonides, brilliant forerunner of Aquinas.

The Guide for the Perplexed

The Guide of the Perplexed, Volume 1 *University of Chicago Press*

This monument of rabbinical exegesis written at the end of the twelfth century has exerted an immense and continuing influence upon Jewish thought. Its aim is to liberate people from the tormenting perplexities arising from their

understanding of the Bible according only to its literal meaning. This edition contains extensive introductions by Shlomo Pines and Leo Strauss, a leading authority on Maimonides.

The Guide of the Perplexed *Hackett Publishing*

The goal in this introduction to Julius Guttman's and Chaim Rabin's abridgment of Maimonides' Guide of the Perplexed is to introduce the reader to the Guide and its interpretation and to indicate some direction in recent scholarship on Maimonides.

A Guide for the Perplexed: A Novel *W. W. Norton & Company*

The incomparable Dara Horn returns with a spellbinding novel of how

technology changes memory and how memory shapes the soul. Software prodigy Josie Ashkenazi has invented an application that records everything its users do. When an Egyptian library invites her to visit as a consultant, her jealous sister Judith persuades her to go. But in Egypt's postrevolutionary chaos, Josie is abducted—leaving Judith free to take over Josie's life at home, including her husband and daughter, while Josie's talent for preserving memories becomes a surprising test of her empathy and her only means of escape. A century earlier, another traveler arrives in Egypt: Solomon Schechter, a Cambridge professor hunting for a medieval archive hidden in a Cairo synagogue. Both he and Josie are haunted by the work of the medieval philosopher Moses

Maimonides, a doctor and rationalist who sought to reconcile faith and science, destiny and free will. But what Schechter finds, as he tracks down the remnants of a thousand-year-old community's once-vibrant life, will reveal the power and perils of what Josie's ingenious work brings into being: a world where nothing is ever forgotten. An engrossing adventure that intertwines stories from Genesis, medieval philosophy, and the digital frontier, *A Guide for the Perplexed* is a novel of profound inner meaning and astonishing imagination.

The Guide of the Perplexed, Volume 2 *University of Chicago Press*

This monument of rabbinical exegesis written at the end of the twelfth century has exerted an immense and continuing

influence upon Jewish thought. Its aim is to liberate people from the tormenting perplexities arising from their understanding of the Bible according only to its literal meaning. This edition contains extensive introductions by Shlomo Pines and Leo Strauss, a leading authority on Maimonides.

GUIDE FOR THE PERPLEXED *Harper Collins*

The author of the world wide best-seller, *Small Is Beautiful*, now tackles the subject of Man, the World, and the Meaning of Living. Schumacher writes about man's relation to the world. man has obligations -- to other men, to the earth, to progress and technology, but most importantly himself. If man can fulfill these obligations, then and only

then can he enjoy a real relationship with the world, then and only then can he know the meaning of living. Schumacher says we need maps: a "map of knowledge" and a "map of living." The concern of the mapmaker--in this instance, Schumacher--is to find for everything its proper place. Things out of place tend to get lost; they become invisible and their proper places end to be filled by other things that ought not be there at all and therefore serve to mislead. A Guide for the Perplexed teaches us to be our own map makers. This constantly surprising, always stimulating book will be welcomed by a large audience, including the many new fans who believe strongly in what Schumacher has to say.

Maimonides' "Guide of the Perplexed" in Translation

A History from the Thirteenth Century to the Twentieth *University of Chicago Press*

Moses Maimonides's Guide of the Perplexed is the greatest philosophical text in the history of Jewish thought and a major work of the Middle Ages. For almost all of its history, however, the Guide has been read and commented upon in translation—in Hebrew, Latin, Spanish, French, English, and other modern languages—rather than in its original Judeo-Arabic. This volume is the first to tell the story of the translations and translators of Maimonides' Guide and its impact in translation on philosophy from the Middle Ages to the

present day. A collection of essays by scholars from a range of disciplines, the book unfolds in two parts. The first traces the history of the translations of the Guide, from medieval to modern renditions. The second surveys its influence in translation on Latin scholastic, early modern, and contemporary Anglo-American philosophy, as well as its impact in translation on current scholarship. Interdisciplinary in approach, this book will be essential reading for philosophers, historians, and religious studies scholars alike.

Maimonides' "Guide of the Perplexed"

A Philosophical Guide *University of*

Chicago Press

A classic of medieval Jewish philosophy, Maimonides's *Guide of the Perplexed* is as influential as it is difficult and demanding. Not only does the work contain contrary—even contradictory—statements, but Maimonides deliberately wrote in a guarded and dissembling manner in order to convey different meanings to different readers, with the knowledge that many would resist his bold reformulations of God and his relation to mankind. As a result, for all the acclaim the *Guide* has received, comprehension of it has been unattainable to all but a few in every generation. Drawing on a lifetime of study, Alfred L. Ivry has written the definitive guide to the *Guide*—one that makes it

comprehensible and exciting to even those relatively unacquainted with Maimonides' thought, while also offering an original and provocative interpretation that will command the interest of scholars. Ivry offers a chapter-by-chapter exposition of the widely accepted Shlomo Pines translation of the text along with a clear paraphrase that clarifies the key terms and concepts. Corresponding analyses take readers more deeply into the text, exploring the philosophical issues it raises, many dealing with metaphysics in both its ontological and epistemic aspects.

Maimonides' Guide of the Perplexed

A Critical Guide *Cambridge University Press*

This is the first scholarly collection in English devoted to Maimonides' Guide of the Perplexed.

An Analysis of Maimonides's The Guide of the Perplexed *Macat Library*

Written by the great medieval Jewish philosopher Maimonides, The Guide of the Perplexed attempts to explain the perplexities of biblical language--and apparent inconsistencies in the text--in the light of philosophy and scientific reason. Composed as a letter to a student, The Guide aims to harmonize Aristotelian principles with the Hebrew Bible and argues that God must be understood as both unified and incorporeal. Engaging both contemporary and ancient scholars, Maimonides fluidly moves from

cosmology to the problem of evil to the end goal of human happiness. His intellectual breadth and openness makes *The Guide* a lasting model of creative synthesis in biblical studies and philosophical theology.

Maimonides and the Book That Changed Judaism

Secrets of "The Guide for the Perplexed" *U of Nebraska Press*

A publishing sensation long at the top of the best-seller lists in Israel, the original Hebrew edition of Maimonides and the Book That Changed Judaism has been called the most successful book ever published in Israel on the preeminent medieval Jewish thinker Moses Maimonides. The works of Maimonides,

particularly *The Guide for the Perplexed*, are reckoned among the fundamental texts that influenced all subsequent Jewish philosophy and also proved to be highly influential in Christian and Islamic thought. Spanning subjects ranging from God, prophecy, miracles, revelation, and evil, to politics, messianism, reason in religion, and the therapeutic role of doubt, Maimonides and the Book That Changed Judaism elucidates the complex ideas of *The Guide* in remarkably clear and engaging prose. Drawing on his own experience as a central figure in the current Israeli renaissance of Jewish culture and spirituality, Micah Goodman brings Maimonides's masterwork into dialogue with the intellectual and spiritual worlds of twenty-first-century readers. Goodman contends that in

Maimonides's view, the Torah's purpose is not to bring clarity about God but rather to make us realize that we do not understand God at all; not to resolve inscrutable religious issues but to give us insight into the true nature and purpose of our lives.

Guide for the Perplexed *Cosimo, Inc.*

"With every advance in knowledge, scholars of the Middle Ages, much like scholars of the 21st century, were at a loss to explain the gap between religion and the science and philosophy of the day. In this 12th-century volume, Maimonides bridges that gap. As a result, *The Guide for the Perplexed*, widely considered Maimonides most universal work, influenced not only Jewish scholarship but Moslem and

Christian ideas as well. Intended especially for the serious student of Judaism or medieval scholarship, this volume, here in its complete and unabridged form, is a reissue of what has long been recognized as one of the most important works of religious philosophy ever written. Spanish Jewish philosopher and Talmudic scholar MOSES MAIMONIDES (1135-1204) was the leading intellectual figure of medieval Judaism. In addition to his works on religious philosophy, he is the author of numerous writings on law, medicine, mathematics, and logic."

Kabbalah: A Guide for the Perplexed
A&C Black

Sin: A Guide for the Perplexed *A&C*

Black

An upper-level introduction to the doctrine and understanding of sin in modern theology. >

Aquinas: A Guide for the Perplexed

A&C Black

A student's guide to the life and thought of Thomas Aquinas, the most widely read and studied medieval thinker.

Method and Metaphysics in Maimonides' Guide for the Perplexed *Oxford University Press*

This book investigates the substance and presentation of major metaphysical themes in Maimonides' *Guide for the Perplexed*. Using rigorous philosophy it seeks to refute the view that the *Guide* hides an "esoteric" philosophical

meaning beneath a traditional veneer, and offers a new explanation of his esotericism.

Rewriting Maimonides

Early Commentaries on the Guide of the Perplexed *Walter de Gruyter GmbH & Co KG*

Maimonideanism, the intellectual culture inspired by Maimonides' writings, has received much recent attention. Yet a central aspect of Maimonideanism has been overlooked: the formal reception of the *Guide of the Perplexed* through commentary. In *Rewriting Maimonides*, Igor H. De Souza offers a comprehensive analysis of six early philosophical commentaries, written in Italy, Spain, and France, by some of Maimonides'

most loyal followers. The early commentaries represent the most creative period of exegesis of the Guide. De Souza's analysis dispels the notion that the tradition of commentary on the Guide is monolithic. Rather, De Souza's study illuminates how each commentator offers distinctive readings. Challenging the hierarchy of text and commentary, *Rewriting Maimonides* studies commentaries on the Guide as texts in their own right. De Souza approaches the form of commentary as a multifaceted cultural practice. Employing historical, philosophical, and literary methods, this publication fills a lacuna in the history of the Guide through a global perspective on commentary.

Deleuze: A Guide for the Perplexed

Bloomsbury Publishing

Continuum's Guides for the Perplexed are clear, concise and accessible introductions to thinkers, writers and subjects that students and readers can find especially challenging. Concentrating specifically on what it is that makes the subject difficult to fathom, these books explain and explore key themes and ideas, guiding the reader towards a thorough understanding of demanding material. Gilles Deleuze is undoubtedly one of the seminal figures in modern Continental thought. However, his philosophy makes considerable demands on the student; his major works make for challenging reading and require engagement with some difficult concepts and complex

systems of thought. Deleuze: A Guide for the Perplexed is the ideal text for anyone who needs to get to grips with Deleuzian thought, offering a thorough, yet approachable account of the central themes in his work: sense; univocity; intuition; singularity; difference. His ideas related to language, politics, ethics and consciousness are explored in detail and - most importantly - clarified. The book also locates Deleuze in the context of his philosophical influences and antecedents and highlights the implications of his ideas for a range of disciplines from politics to film theory. Throughout, close attention is paid to Deleuze's most influential publications, including the landmark texts *The Logic of Sense* and *Difference and Repetition*.

Plato: A Guide for the Perplexed A&C Black

It is widely agreed that Plato laid the foundations for the whole history of western thought and, well over 2000 years later, his work is still studied by every student of philosophy. Yet his thought and writings continue to evoke perplexity in readers; and perplexity (aporia) is itself a characteristic of many of his writings, a recurrent motif of his thought, and apparently an important stage one must pass through along the path to wisdom that Plato presents. *Plato: A Guide for the Perplexed* is a clear and thorough account of Plato's philosophy, his major works and ideas, providing an ideal guide to the important and complex thought of this key philosopher. The book offers a detailed

review of all the major dialogues and explores the particular perplexities of the dialogue form. Geared towards the specific requirements of students who need to reach a sound understanding of Plato's thought, the book also provides a cogent and reliable survey of the whole history of Platonic interpretation and his far-reaching influence. This is the ideal companion to the study of this most influential and challenging of philosophers.

Evil: A Guide for the Perplexed A&C Black

Explores challenges to religious belief raised by evil and suffering in the world as well as responses to them from both theistic and non-theistic perspectives.

Paul: A Guide for the Perplexed A&C Black

>

Kant: A Guide for the Perplexed Bloomsbury Publishing

Continuum's Guides for the Perplexed are clear, concise and accessible introductions to thinkers, writers and subjects that students and readers can find especially challenging. Concentrating specifically on what it is that makes the subject difficult to fathom, these books explain and explore key themes and ideas, guiding the reader towards a thorough understanding of demanding material. Immanuel Kant's influence and importance are difficult to exaggerate, his Three Critiques - of Pure Reason, of

Practical Reason and of Judgment - standing as landmark works in the Western philosophical canon. Anyone interested in or studying philosophy will encounter Kant and hope to reach a detailed understanding of his work. Nevertheless, Kant is far from being an easy or straightforward subject for study. The ideas entailed in his work - and the connections between them - are complex, and the language in which they are expressed is frequently opaque. Kant: A Guide for the Perplexed is the ideal text for anyone finding it difficult to make headway with this key philosopher. It offers a detailed account of each of the three Critiques and the relationship between them. In so doing, it ranges over Kant's epistemology, ethics, political philosophy, aesthetics

and philosophy of religion, and explores his legacy for German Idealism. Valuably, the book provides a way through Kant's often impenetrable prose. Written with students in mind, and tailored to meet their specific needs, this is a reliable, authoritative and illuminating guide to one of the central pillars of modern philosophy.

How to Think

A Guide for the Perplexed

How to Think is a contrarian treatise on why we're not as good at thinking as we assume - but how recovering this lost art can rescue our inner lives from the chaos of modern life. Most of us don't want to think, writes the American essayist Alan Jacobs. Thinking is trouble.

It can force us out of familiar, comforting habits, and it can complicate our relationships with like-minded friends. Finally, thinking is slow, and that's a problem when our habits of consuming information (mostly online) leave us lost in the echo chamber of social media, where speed and factionalism trump accuracy and nuance. In this clever, witty book, Jacobs diagnoses the many forces that prevent thought - forces that have only worsened in the age of Twitter, such as "alternative facts," and information overload. He also dispels the many myths we hold about what it means to think well. (For example: it's impossible to "think for yourself.") Drawing on sources as far-flung as the novelist Marilynne Robinson, the basketball legend Wilt Chamberlain, the British

philosopher John Stuart Mill and the Christian theologian C.S. Lewis, Jacobs digs into the nuts and bolts of the cognitive process, offering hope that each of us can reclaim our mental lives from the whirlpool of what now passes for public debate. After all, if we can learn to think together, perhaps we can learn to live together.

Werner Herzog - A Guide for the Perplexed

Conversations with Paul Cronin *Faber & Faber*

This edition of Herzog on Herzog presents a completely new set of interviews in which Werner Herzog discusses his career from its very beginnings to his most recent

productions. Herzog was once hailed by Francois Truffaut as the most important director alive. Famous for his frequent collaborations with mercurial actor Klaus Kinski - including the epics, *Aguirre*, the *Wrath of God* and *Fitzcarraldo*, and the terrifying *Nosferatu* - and more recently with documentaries such as *Grizzly Man*, *Cave of Forgotten Dreams* and *Into the Abyss*, Herzog has built a body of work that is one of the most vital in post-war German cinema.

Gadamer: A Guide for the Perplexed
A&C Black

Providing an account of Gadamer's hermeneutics, this book includes an exposition and analysis of such key terms as 'fusion of horizons', 'effective historical consciousness' and 'the logic of

question and answer', as well as Gadamer's redefinition of such concepts as 'prejudice', 'authority' and 'tradition'.

Spirituality: A Guide for the Perplexed
A&C Black

'Spirituality' is a word that is used increasingly these days yet it is often ill-defined. What exactly is spirituality? Is it distinct from religion and can we separate it from beliefs and traditions? Does spirituality mainly focus on spiritual experiences and practices or is it something more? This book suggests that, while there may be common features in the use of the word, 'spirituality' is not a single reality. Different 'spiritualities' reflect particular religious or philosophical viewpoints, as well as the cultural contexts in which

they arise and develop. Spirituality: A Guide for the Perplexed provides students and general readers with a reliable and comprehensive guide to 'spirituality' as an area of study, religiously, historically, philosophically and in the social sciences. It explores the tools that are used to study the subject and to interpret spiritual classics (whether these are written texts or other forms such as art) from different times and cultures. Attention is paid to spirituality in a variety of religious and non-religious forms in their own terms and comparatively. However, for the sake of simplicity greatest attention is given to the study of spirituality within a religious perspective with illustrations drawn from texts, personalities and themes associated with five major world

religions, Judaism, Christianity, Islam, Hinduism and Buddhism. The book concludes with an exploration of spirituality in contemporary perspective - in particular how spirituality is currently employed in areas such as health-care, education and business among other examples.

Homo Mysticus

A Guide to Maimonides's Guide for the Perplexed *Syracuse University Press*

A scholar of Jewish philosophy and law, Faur offers a new interpretation of Moses Maimonides' (1135-1204) classic work, which laid the foundations for centuries of Jewish thought by reconciling it with Aristotle. He explains the author's views

on prophecy, philosophy, imagination, intellect, providence, fulfilling the commandments, esotericism, and mysticism. Annotation copyrighted by Book News, Inc., Portland, OR

The Historical Jesus: A Guide for the Perplexed *A&C Black*

The introduction to this new guide sets out the sources (Graeco-Roman, Jewish and Christian), noting the problems connected with them, paying particular attention to the nature of the gospels, and the Synoptic versus the Johannine tradition. A substantial section will discuss scholarship on Jesus from the nineteenth century to the explosion of works in the present day, introducing and explaining the three different 'quests' for the historical Jesus.

Subsequent chapters will analyse key themes in historical Jesus research: Jesus' Galilean origins; the scope of his ministry and models of 'holy men', particularly that of prophet; Jesus' teaching and healing; his trial and crucifixion; the highly contentious question of his resurrection; and finally an exploration of the links between the Jesus movement and the early church. Throughout, the (often opposing) positions of a variety of key scholars will be explained and discussed (eg. Sanders, Crossan, Dunn, Wright, Brown).

Theological Anthropology: A Guide for the Perplexed *Bloomsbury Publishing*

What does it mean to be human and to be made in the image of God? What

does it mean to be a 'person'? What constitutes a human person? What does it mean to affirm that humans are free beings? And, what is gender? Marc Cortez guides the reader through the most challenging issues that face anyone attempting to deal with the subject of theological anthropology. Consequently, it addresses complexities surrounding such questions as: Each chapter explains first both why the question under consideration is important for theological anthropology and why it is also a contentious issue within the field. After this, each chapter surveys and concisely explains the main options that have been generated for resolving that particular question. Finally the author presents to the reader one way of working through the complexity.

These closing sections are presented as case studies in how to work through the problems and arrive at a conclusion than as definitive answers. Nonetheless, they offer a convincing way of answering the questions raised by each chapter.

Sikhism: A Guide for the Perplexed
A&C Black

Discussion of Sikhism and traditionally difficult themes such as the relationship between politics and religion, violence and mysticism, culture and spirituality, or particularity and globalization.

Heidegger: A Guide for the Perplexed
A&C Black

Heidegger: A Guide for the Perplexed is a thorough, cogent and reliable account of Heidegger's philosophy, ideal for the

student who needs to reach a sound understanding of this complex and important thinker.

Kierkegaard: A Guide for the Perplexed *A&C Black*

Kierkegaard is an important literary and religious figure, as well a major philosopher whom students may have a difficult time comprehending- this guide provides a clear and concise understanding of his work

Atonement: A Guide for the Perplexed *Bloomsbury Publishing*

Christians agree that they are saved through the death and resurrection of Christ. But how is the atonement achieved in these events? This book offers an introduction to the doctrine of

the atonement focused on the unity and diversity of the work of Christ. Johnson reorients current patterns of thought concerning Christ's work by giving the reader a unifying vision of the immensely rich and diverse doctrine of the atonement, offering a sampling of its treasures, and cultivating the desire to further understand and apply these riches to everyday life. Where introductions to the atonement typically favor one aspect of the work of Christ, or work with a set number of themes, aspects or theories, this book takes the opposite approach, developing the foundation for the multi-faceted nature of Christ's work within the being of God himself. It offers a grand unifying vision of Christ's manifold work. Specific elaborations of different theories of the

atonement, biblical themes, and the work of different theologians find their place within this larger rubric.

Adorno: A Guide for the Perplexed

Bloomsbury Publishing

One of the most influential philosophers and cultural theorists of the twentieth century, Theodor Adorno poses a considerable challenge to students. His works can often seem obscure and impenetrable, particularly for those with little knowledge of the philosophical traditions on which he draws. *Adorno: A Guide for the Perplexed* is an engaging and accessible account of his thought that does not patronise or short-change the reader. Those new to Adorno - and those who have struggled to make headway with his work - will find this an

invaluable resource: clearly written, comprehensive and specifically focused on just what makes Adorno difficult to read and understand.

Vegetarianism: A Guide for the Perplexed *Bloomsbury Publishing USA*

The choice of whether or not to consume animals is more than merely a dietary one. It frequently reflects deep ethical commitments or religious convictions that serve as the bedrock of an entire lifestyle. Proponents of vegetarianism frequently infuriate nonvegetarians, who feel that they're being morally condemned because of what they choose to eat. Vegetarians are frequently infuriated by what they consider to be the nonvegetarians' disregard for the environment and

animal-suffering. *Vegetarianism: A Guide for the Perplexed* offers a much needed survey of the different arguments offered by ethical vegetarians and their critics. In a rigorous but accessible manner, the author scrutinizes the strengths and weaknesses of arguments in defense of vegetarianism based on compassion, rights, interests, eco-feminism, environmentalism, anthropocentrism, and religion. Authors examined include Peter Singer, Tom Regan, Carol J. Adams, and Kathryn Paxton George. As the global climate crisis worsens, population increases, and fossil fuels disappear, ethical and public policy questions about the ethics of diet will become ever more urgent. This book is a useful resource for thinking through the questions.

Evil: A Guide for the Perplexed
Bloomsbury Publishing USA

Evil: A Guide for the Perplexed is a lively examination of the philosophical and theological problems raised by the existence of widespread evil. It explores classic debates around this problem and also engages with more recent ones, from new challenges posed by scientific advances in evolutionary theory, neuroscience, and cosmology, to concerns of climate change and environmental degradation, to questions raised by increasing religious and secular violence. This second edition also contains new chapters and topics such as Jewish, Christian, and Islamic responses to evil and skeptical theism. The result is an even-handed guide to both traditional and contemporary issues

raised by the reality and ubiquity of evil.

Publishing Addiction Science

A Guide for the Perplexed *Ubiquity Press*

Publishing Addiction Science is a comprehensive guide for addiction scientists facing the complex process of contributing to scholarly journals. Written by an international group of addiction journal editors and their colleagues, it discusses how to write research articles and systematic reviews, choose a journal, respond to reviewers' reports, become a reviewer, and resolve the often difficult authorship, ethical and citation issues that arise in addiction science publishing. As a "Guide for the

Perplexed," Publishing Addiction Science helps novice as well as experienced researchers to deal with these challenges. It is suitable for university courses and forms the basis of the training workshops offered by the International Society of Addiction Journal Editors (ISAJE). Co-sponsored by ISAJE and the scientific journal *Addiction*, the third edition of *Publishing Addiction Science* gives special attention to the challenges faced by researchers from developing and non-English-speaking countries and features new chapters on guidance for clinician-scientists and the growth of infrastructure and career opportunities in addiction science.

Ethical Writings of Maimonides
Courier Corporation

Here are the most significant ethical writings of the 17th-century philosopher, physician, and master of rabbinical literature — translated from the original sources by noted Maimonides scholars.

Spinoza: A Guide for the Perplexed
Bloomsbury Publishing

Continuum's Guides for the Perplexed are clear, concise and accessible introductions to thinkers, writers and subjects that students and readers can find especially challenging. Concentrating specifically on what it is that makes the subject difficult to fathom, these books explain and explore key themes and ideas, guiding the reader towards a thorough understanding of demanding material. Benedict de Spinoza is a major

philosopher of enduring influence and importance, whose work is encountered by all serious students of Western philosophy; his *Ethics* is one of the seminal works of moral, religious and political thought. Nevertheless, Spinoza is a considerable challenge for the modern student; his language, rooted in the vocabulary of late medieval scholasticism is frequently opaque, while the esoteric themes explored in his work often require elucidation. *Spinoza: A Guide for the Perplexed* provides that elucidation, offering a thorough account and analysis of Spinoza's key works and overall philosophical project. The text equips the reader with the necessary means to draw full and clear understanding from Spinoza's often inaccessible language and complex

philosophical system and method. His Ethics and political treatises are covered in detail; Spinoza's 'geometrical' approach to his subject is opened up, and his obscure terminology fully explained. The book concludes with a valuable assessment of Spinoza's

enduring influence and his relevance for contemporary philosophical debates and concerns. It is an excellent support resource for anyone trying to get to grips with this challenging and important philosopher.
