The BSA Manual of Advanced Skills for Outdoor Travel by its lonesome rivals the rash of catastrophic, end-times induced survival manuals that rush the market. It has a soul-calming, self-possession of truly providing the wherewithal for being prepared without the haranguing, even shrill, hard-sell of coming doom.

Fieldbook: The BSA's

Manual ...

Each chapter is a brief overview of the basics for Scouting; they might even be considered as mini merit badges and philosophy discussions. Might be a little much for younger Scouts, but a must for Scout leaders. Venturers will want to be familiar with this handy guide, though they probably have already learned most of these things.
