Reaver - Larissa lone

The Lords of Deliverance series is a 4-book spinoff of my Demonica series. Starting with Eternal Rider, it expands the world and focuses on the Four Horsemen of the Apocalypse. It can be read without having read the first 5 Demonica books, and it continues with Reaver and Revenant, as well as with the Demonica Underworld series.

Reaver (Demonica

series Book 10) - Kindle edition by Ione ...

So it's time to say goodbye to the Lords of Deliverance and Revenant is a fitting end. It's not my favourite of the series, I really don't think anything will beat Reaver but I did enjoy it. I think the main problem with waiting a year between books is that I tend to build it up in my head and try and figure out what way it will go.

Revenant (Lords of Deliverance, #6; Demonica, #12)

This review contains spoilers for earlier books in Ione's Demonica and Lords of Deliverance series, but is primarily spoiler-free for Reaver. What a wonderful book!

Larissa Ione has

outdone herself once again by providing readers with a sexy paranormal romance

that showcases her expert world building and character development.
