Ocean liner, one of the two principal types of merchant ship as classified by operating method; the other is the tramp steamer. A liner operates on a regular schedule of designated ports, carrying whatever cargo and passengers are available on the date of sailing. The first liners were operated in the North Atlantic, notably by Samuel Cunard of Britain, beginning in 1840.

Ocean liner | ship | Britannica

An ocean liner is a passenger ship primarily used as a form of transportation across seas or oceans. Liners may also carry cargo or mail, and may sometimes be used for other purposes (such as for pleasure cruises or as hospital ships). Cargo vessels running to a schedule are sometimes called liners. The category does not include ferries or other vessels engaged in short-sea trading, nor dedicated cruise ships where the voyage itself, and not transportation, is the prime purpose of the trip.

Ocean liner - Wikipedia

Ocean Liners These steam powered vessels carried passengers across the Atlantic Ocean between Europe

and America for nearly two centuries. During the height of transatlantic travel, these ships carried the wealthy, powerful, and famous to their destinations. Along with the elite, many immigrants traveled to their new homes aboard these ships.

Great Ocean Liners | Legends of the Sea

This is a list of ocean liners past and present, which are passenger ships engaged in the transportation of passengers and goods in transoceanic voyages. Ships primarily designed for pleasure cruises are listed at List of cruise ships. Some ships which have been explicitly designed for both line voyages and cruises, or which have been converted from

liners to cruise ships, may be listed in both places. Also included are cargo liners designed to carry both cargo and passengers.

The Ocean Liner SS United States: Part 4 - The cruise ship ...

In regular maritime jargon, a ship that has a regular ocean-going route from point A to point B is an ocean liner, even if it doesn't carry passengers. The prominent passenger carrying ocean liners of recent decades have been the Queen Elizabeth 2, and more recently the Queen Mary 2, completed in 2003.

What's the Difference Between Cruise ships and Ocean Liners

Raw power, shape, materials define a new ocean liner Despite the many maritime-design accomplishments of William Francis Gibbs, they are, in some ways, just small footnotes compared to

the realization of his dream: the fastest, sleekest, safest ocean liner ever.

The Ocean Liner SS United States: Part 2 - A radical design

Ocean liners are designed to complete a journey from A to B, traveling long distances while transporting people or cargo. Cruise ships are designed for recreation completing shorter voyages. Ocean liners sit lower in the water than cruise ships and are better able to deal with poor weather conditions.
