The Element of Fire *Lulu.com*

Young king Roland sits uneasy upon the throne of Ile-Rein, surrounded by nobles who would use human sorcery to hasten his downfall. With duels and dungeons, palace coups and magical battles aplenty, this fantasy has all the panache, style, and atmosphere of the classic adventure sagas of yesteryear.

The Element of Fire *CreateSpace*

The kingdom of Ile-Rien is in peril, menaced by magical threats and court intrigue. As the weak King Roland, misled by treacherous companions, rules the country, only his ruthless mother, the Dowager Queen Ravenna, truly guards the safety of the realm. But now Urbain Grandier, the dark master of scientific sorcery, has arrived to plot against the throne and Kade, bastard sister of the king, has appeared unexpectedly at court. The illegitimate daughter of the old king and the Queen of Air and Darkness herself, Kade's true goals are cloaked in mystery. Is she in league with the wizard Grandier? Or is she laying claim to the throne? It falls to Thomas Boniface, Captain of the Queen's Guard and Ravenna's former lover, to sort out who is friend and who is foe in a deadly game to keep the Dowager Queen and the kingdom she loves from harm. The White Goddess

A Historical Grammar of Poetic Myth

Farrar, Straus and Giroux

The White Goddess is perhaps the finest of Robert Graves's works on the psychological and mythological sources of poetry. In this tapestry of poetic and religious scholarship, Graves explores the stories behind the earliest of European deities—the White Goddess of Birth, Love, and Death—who was worshipped under countless titles. He also uncovers the obscure and mysterious power of "pure poetry" and its peculiar and mythic language.

The Missing Element

Inspiring Compassion for the Human Condition *Simon and Schuster*

Everyone longs to be understood in their essence. In "The Missing Element", author Debra Silverman describes human nature in a compassionate and succinct way, and offers ways for us to get to know ourselves in depth with the wisdom of archetypes. The information in this book stands on the shoulders of our elders, who understood the four directions, the four elements, the four noble truths. Whatever pain you experience is specific to your personality type, based on the four elements. The 'missing element' is twofold: it refers to the Observer inside you - the part of you that can stand outside of judgment and see yourself with a more wise and compassionate approach - much like our elders did. And it also refers to the elements that make up your personality and more specifically, to the element which is your weakest. Your issues will repeat themselves again and again until you can see yourself and others from the compassionate vantage point that unites all of us. You will understand that your life and all its stories were designed by your soul to get your attention right now. It is inviting you to seek the wisdom of the ages to help you grow... that's why you found this book at this moment in time!

The 13th Element

The Sordid Tale of Murder, Fire, and Phosphorus *Wiley*

The incredible "glowing" history of the "Devil's element" phosphorus. Discovered by alchemists, prescribed by apothecaries, exploited by nineteenth-century industrialists, and abused by twentieth-century combatants, the chemical element phosphorus has fascinated us for more than three centuries. It may even be the cause of will-o'-the-wisps and spontaneous human combustion! Now John Emsley has written an enthralling account of this eerily luminescent element. Shining with wonderful nuggets-from-murders-by-phosphorus to a match factory strike; from the firebombing of Hamburg to the deadly compounds derived from

phosphorus today-The 13th Element weaves together a rich tableau of brilliant and oddball characters, social upheavals, and bizarre events.

Wicca Elemental Magic

A Guide to the Elements, Witchcraft, and Magic Spells *CreateSpace*

Everything You Need to Know about Wicca, Witchcraft, and Magic Even in today's scientific world of logic and reason, most of us can't escape the feeling that there is more to the Universe than meets the eye - a world beyond the physical world in which we live. Many of us still carry with us superstitions, a belief that a specific action or object can positively influence the outcome of certain events. You might not realize it, but superstitions stem from the underlying properties of the energy that makes up our Universe. This energy is something that ancient civilizations were well aware of, but has seemingly been lost in today's technologically-driven world. For thousands of years, our ancestors believed that the Elements - Earth, Air, Fire, and Water - were the building blocks of the Universe, and their inherent properties and energies could be directed to manifest a particular outcome. In other words, the Elements are an integral component of Witchcraft and Magic, as practiced by some of the most revered members of ancient civilizations. Wicca is a religion that draws from the belief systems of these ancient civilizations, putting it in a modern context. Wiccans have a close relationship with the natural world, the cycles of life, and the magical properties of the universe - just as our ancestors would. Foundations for Practicing Witchcraft and Magic One intriguing

aspect that draws people towards Wicca is the concept of Witchcraft and Magic and the idea that we can positively impact our circumstances. However, Wicca has no sacred text; with no place to learn about the Wiccan religion and its many fascinating components, many people are put off. With no central source, Wiccans are responsible for piecing together different fragments of Wicca for themselves, in order to get a clear picture of what the religion means to them. As one of the more intangible aspects of Wicca, good information relating to Magic and Witchcraft are even more difficult to find. As a result, many Wiccans who wish to start practicing Witchcraft simply do not know where to start and will give up on the idea. Wicca Elemental Magic was created with these readers in mind - suitable for beginners, but equally informative for more seasoned Wicca Witches alike. By learning about the hidden properties of the Elements - the building blocks of the entire Universe - Witches are able to manifest positive changes for themselves and others, as well as fostering a deeper spiritual connection to the natural world. This, in a nutshell, is what magic is. Learn about the Elements, Witchcraft, and Magic Spells You will learn about how ancient civilizations understood the Elements, as well as modern observations of their properties. You'll be introduced to the four Elements - Earth, Air, Fire, and Water - and understand their intricate relationships, as well as how they influence your own personality. Finally, we will explore the concepts of Witchcraft and Magic, teaching you how to perform simple Wiccan rituals including setting up your Wicca altar, casting the circle, and calling the quarters. There are also a number of

simple magic spells and charms for you to perform yourself, with each one using the energies of a particular Element. In other words, Wicca Elemental Magic will give you a deeper understanding of how and why we practice Witchcraft and Magic. Blessed Be.

Wicca Candle Magic

The Ultimate Beginner's Guide To Mastering The Element Of Fire Involved In Candle Magic Safely while doing effective rituals and casting strong spells *Chronos Publishing LLC*

Finally learn the secrets behind casting strong fire spells and making them work faster and more effectively than ever before! Do you feel like your candle spellcasting is not as strong as it could be? Do you feel like your fire spells aren't as fast and effective as they could be? What if I told you that there was a way to strengthen your spellcasting techniques and make your fire spells work faster and more effectively than ever before!? Well the solution has arrived and is in this book! Fire has captivated people since pre-Homo sapiens times, and in many religions, fire was worshipped and used in major rites and rituals because of its magical powers. Fire element, as in bonfire, candles or oil lamps, have been used in ritual and magic since time immemorial. Even today, whenever you use a candle, what you are doing is using fire magic. For example, lighting candles for a special-occasion dinner (to create a romantic mood), or blowing out candles on a birthday cake (after making a wish), or lighting a candle in a church for the dead, etc. These are only some

examples of how we still use candle magic in everyday life, without even being aware of the magic we are trying to create. Fire magic can be extremely powerful but use the wrong techniques and your fire spell will be as useless as a glass hammer which means you may even do more harm than good to yourself! When it comes to Wicca Candle Magic, knowledge of how to adapt your spells to you is key and this book will focus on this aspect to strengthen your spells and spellcasting abilities altogether. Here are some of the things you'll learn in this book:-

- Core Wiccan principles that will guarantee your spells success!
- The basics of Wiccan magic
- Wiccan Paths and Traditions
- Wiccan Ritual Tools
- The Five Sacred Elements you must master for successful spellcasting.
- Secrets on how to use moon magic and candle magic for best results!
- The Wheel of the Year
- Fire Symbolism
- The Fire Festivals
- The role of Candle magic in Wiccan Ritual
- Colors of candles and their meanings in Wiccan Ritual
- Invoking Elements for Spellwork and Ritual
- Raising Energy for Spellwork
- A list of the most useful and effective fire spells

Arianna Grande, Lana Del Rey or even David Bowie are a few celebs who are known to have practiced Wicca magic or being fond of magic and the occult in general. Achieving such levels of success is no coincidence. Wicca Magic, if used correctly, will give you the push you need to reach your goals! In the US alone the number of Wicca practitioners skyrocketed from around 8,000 in 1990 to 342,000 in 2008. And in 2019 that number is close to 3 Million! Numbers don't lie. Wicca can and will work for you as well. Even if you failed before with other wicca spellcasting books, this one will work because it takes you by the hand and

guides you every step of the way to successfully cast strong and effective spells that quickly manifest! So if you want to finally learn the secrets behind strong fire magic spellcasting and making them work faster and more effectively than ever before then don't waste time and click "add to cart" now!

Yantra and Mantra - Illustrated

Yantra, Mantra and Tantra- Illustrated with original Yantras

Memory Book: Smaran Shakti

Yantra (यन्त्र) is the Sanskrit word for a mystical diagram, especially diagrams or amulets supposed to possess occult powers in astrological or magical benefits in the Tantric traditions of the Indian religions. Traditionally such symbols are used in Eastern mysticism to balance the mind or focus it on spiritual concepts. The act of wearing, depicting, enacting and/or concentrating on a yantra is held to have spiritual or astrological or magical benefits in the Tantric traditions of the Indian religions.

- Shapes and patterns commonly employed in yantra include squares, triangles, circles and floral patterns but may also include more complex and

detailed symbols, for instance:

- The lotus flower typically represents chakras, with each petal representing a psychic propensity (or vritti) associated with that chakra;
- A dot, or bindu, represents the starting point of creation or the infinite, unexpressed cosmos;
- The shatkona (षट्कोण) (Sanskrit name for a Hexagram) is composed of a balance between:
 - An upwards triangle which according to Tantra denotes energy, or more specifically action and service (seva). It may also denote spiritual aspiration, the element of fire, or Shiva. It is also said to represent the static substratum of the cosmos;[citation needed]
 - A downwards triangle which according to Tantra denotes spiritual knowledge. It may also denote the creative power of the cosmos, fecundity, the element of water, or Shakti;
- A swastika represents good luck, welfare, prosperity or spiritual victory;
- Bija mantras (usually represented as characters of Devanāgarī that correspond to the acoustic roots of a particular chakra or vritti).
- Geometric element meanings:
 - Circle = Energy of the element water
 - Square = Energy of the element earth
 - Upward-facing Triangle = Energy of the element fire; energy
 - Downward-facing Triangle = Energy of the element water; knowledge
 - Diagonal line = Energy of the element air
 - Horizontal line = Energy of the element water
 - Vertical line = Energy of the element fire
 - Point = Energy of the element ether

The Amazing History of Element Names

What is the connection between planet Mars and Iron man, nickel and the Seven Dwarves, or DNA, walnuts and Jupiter, fuchsine, the fox and Zorro, or even ammoniac and god Amun? This book

tells the stories behind the naming of the elements, whether they are chemical elements of the Periodic Table, first published by Mendeleev in 1869, or organic elements which are components of DNA and RNA, as well as proteins, themselves elements of living kingdom, plants and animals. The book goes further, into materials and products which became essential elements of modern life. Readers will learn that the names often refer to (or reveal) dreams and aspirations of men and women of their time. This truly amazing history of the names guides us through an incredible set of worlds: nature, astronomy, history, literature, journeys, and even takes in contributions from legends and mythology.

The Element of Fire

The Night of the Fire

A Mystery *Minotaur Books*

Swedish police inspector Ann Lindell finally returns in internationally bestselling and award-winning Kjell Eriksson's newest novel. Police inspector Ann Lindell has left the Uppsala police and is living a quiet life, producing local cheese in a small town in Uppland. But life in the country is not as idyllic as it seems. On New Year's Eve someone sets fire to the former village school which is now a home for asylum seekers, and three people are killed. Ann Lindell's investigative instincts come back to life and soon she takes on the case. She is contacted by a person who has been involved in a previous investigation and who wants to warn her. His message is short and clear: Many will die. A few weeks later a bomb explodes in a suburb of Stockholm. Kjell Eriksson wrote seven highly acclaimed novels about Ann Lindell, beginning with award-winner *The Princess of Burundi*, and now, after ten years, he returns to the Uppsala region and his sympathetic police inspector. *The Night of the Fire* is the first of two new volumes featuring Ann Lindell.

The Five-Element Solution

Discover the Spiritual Side of Chinese Medicine to Release Stress,

Clear Anxiety, and Reclaim Your Life *Hay House, Inc*

Use the powerful spiritual principles of Chinese Medicine to discover your personality type and bring balance to all areas of your life with this practical, solution-oriented book from expert Jean Haner. The ancient Chinese discovered a secret that remains little-known in the West to this day: the map of how your life is meant to work. And just like an acupuncturist treats energy points in the body to heal you physically, this book will show you how to make tiny changes in your everyday activities to heal your life when it's not working for you. Based on the traditional wisdom of the Chinese Five Elements-Water, Wood, Fire, Earth, and Metal-the quizzes and step-by-step guidance in this book will help you discover how to solve problems in ways that fit your unique personality type. Drawing from over 30 years of experience, Jean Haner offers specific strategies from the spiritual side of Chinese medicine to help you create true and effective change. With short-term practices and select activities, such as aligning with your "magic hours," new ways of clearing clutter, and even adding certain colors and foods to your life, you can get solutions for any problem at three different levels-simple remedies, full prescriptions, and a five-week "reboot" plan-to get your entire life moving in the right direction again.

Inner Engineering

A Yogi's Guide to Joy *Harmony*

NEW YORK TIMES BESTSELLER - Thought leader, visionary, philanthropist, mystic, and yogi Sadhguru presents Western readers with a time-tested path to achieving absolute well-being: the classical science of yoga. NAMED ONE

OF THE TEN BEST BOOKS OF THE YEAR
BY SPIRITUALITY & HEALTH The practice of hatha yoga, as we commonly know it, is but one of eight branches of the body of knowledge that is yoga. In fact, yoga is a sophisticated system of self-empowerment that is capable of harnessing and activating inner energies in such a way that your body and mind function at their optimal capacity. It is a means to create inner situations exactly the way you want them, turning you into the architect of your own joy. A yogi lives life in this expansive state, and in this transformative book Sadhguru tells the story of his own awakening, from a boy with an unusual affinity for the natural world to a young daredevil who crossed the Indian continent on his motorcycle. He relates the moment of his enlightenment on a mountaintop in southern India, where time stood still and he emerged radically changed. Today, as the founder of Isha, an organization devoted to humanitarian causes, he lights the path for millions. The term guru, he notes, means "dispeller of darkness, someone who opens the door for you. . . . As a guru, I have no doctrine to teach, no philosophy to impart, no belief to propagate. And that is because the only solution for all the ills that plague humanity is self-transformation. Self-transformation means that nothing of the old remains. It is a dimensional shift in the way you perceive and experience life." The wisdom distilled in this accessible, profound, and engaging book offers readers time-tested tools that are fresh, alive, and radiantly new. Inner Engineering presents a revolutionary way of thinking about our agency and our humanity and the opportunity to achieve nothing less than a life of joy. Praise for Sadhguru and Inner

Engineering "Contrarian and consistent, ancient and contemporary, Inner Engineering is a loving invitation to live our best lives and a profound reassurance of why and how we can."--Sir Ken Robinson, author of *The Element*, *Finding Your Element*, and *Out of Our Minds: Learning to Be Creative* "I am inspired by Sadhguru's capacity for joy, his exuberance for life, and the depth and breadth of his curiosity and knowledge. His book is filled with moments of wonder, awe, and intellectual challenge. I highly recommend it for anyone interested in self-transformation."--Mark Hyman, M.D., director, Cleveland Clinic Center for Functional Medicine, and New York Times bestselling author "Inner Engineering is a fascinating read of Sadhguru's insights and his teachings. If you are ready, it is a tool to help awaken your own inner intelligence, the ultimate and supreme genius that mirrors the wisdom of the cosmos."--Deepak Chopra

The Element of Fire (Routledge Revivals)

Science, Art and the Human World

First published in 1988, the aim of this book can be stated in Nietzsche's words: "To look at science from the perspective of the artist, but at art from that of life." The title contests the notions that science alone can provide us with the most objective truth about the world, and that artistic endeavour can produce nothing more valuable than entertainment. O'Hear argues that art and the study of art are not indispensable aspects of human life, and that this is equally as important as the investigation of the natural world.

The natural element fire: its symbolism and function in Charlotte Bronte's "Jane Eyre" GRIN Verlag

Seminar paper from the year 2004 in the subject English Language and Literature Studies - Literature, grade: 1,3, Technical University of Chemnitz, course: Proseminar: Charlotte Bronte "Jane Eyre", 6 entries in the bibliography, language: English, abstract: Charlotte Bronte's *Jane Eyre* is a lively composition of the imagery of landscape in correspondence to the experiences and the values of the heroine. Nature, one of the major themes in the novel, is expressed by four natural elements: fire, water, earth, and air, which are in a constant interaction. Fire, the most important element, has a symbolic function in the novel. Above all, it forms the character of the heroine Jane Eyre. Moreover, the varying facets of fire are a basic component of the novel and a determinant part in each locale of the setting. The story is a classic example of the congruence of the natural and the

spiritual: the natural existence of fire is always related to Jane Eyre's state of mind and expressed by metaphors (Duthie 1986:134-137). In the first chapter of my paper I will give a general definition of the term and analyse the symbolism of the different types of the element on the basis of examples. In the next chapter I will have a closer look at the element fire in relation to Jane Eyre's state of mind.

The Element Of Fire - Aries, Leo, Sagittarius. Like fire itself, fire signs tend to be passionate, dynamic, and temperamental. Fire can keep you warm, or it can do great destruction. While fire burns out quickly without fuel to keep it

going, it can also regenerate its power from the ashes. A single spark can set off a forest fire. As a result, fire signs need to be nurtured and managed carefully. * The Best Journal for everyone. * The Perfect Gift for YOU!!! * If you love Mother Nature You Will enjoy this series of Notebooks. * Buy this Very LUCKY Journal. Panchamahabhuta theory for Investors. Shri Tattva-vetta Paramhansa ji

This book is the best for exact predictions in the stock market. So far such a book is not present in the market which is able to tell the truth with respect to the stock so accurately and easily. If any point of this book claims to be of any particular thing, then it should be understood to have occurred definitely. This thing will be understood through practice after learning and doing practical things. Many facts related to market strategy and the five elements are given. Many graphs have been plotted according to elements, which are able to give much profit to investors and traders of any Capital market fully. I assure to all Investors or traders if they will adept "Panchamahabhuta theory" of scriptures, then then they will be capable of making much profit from every opportunity of the market, even if they are trading in the equity, derivative, commodity or currency market, or even if they are trading on an intraday or delivery basis or it is a short term or long term investment. There will be no need for any market expert, analyst, economist, or any advice, calls, news

and updates and till here, there will be rid of anxiety of placing any type of StopLoss. There is no need for advanced knowledge of the stock market, any types of fundamental quantitative or graphical based analysis analysis. No need of any astrological calculation or considering the Muhurat, Paksh, Dasha (placement of planet) etc. This theory makes investors or traders fully confident for his sure profit and they get the spiritual power from elements. These five elements are omniwhere, and by knowing them, a person becomes omniscient. Believe me.... "The Panchamahabhutas- Fire, Water, Ether Earth and Air is everything in the world.. Creation, distortion and operation of the universe takes place due to these elements. In this book- what is an element? How are they identified? Effects of the elements?? How do they work in the stock market? What is Swar Vigyan?? knowledge of Breathing?? What is Ida ,Pingala and Sushumna??... And So on.... This book fully depends on the knowledge of breathing. Humans have two nostrils, left and right, that is called left channel and right channel, also named Ida nadi and pingala nadi, and also called Surya Swar and Chandra Swar. The five elements which are present in the body are measured through the breath. The element which predominates in nature and body will affect every occurrence all over the world. This is the essence of this theory. The book is written with many objectives in mind, some purpose is common and some purpose is very important. The problem of unemployment in the country or all over the world is very serious. There is a problem of earning money in front of the youth and earning money is very important for them. But they do not have employment options before them.

If they want to earn by coming into the share market, then the risk in it is high and the chances of success were also less. But through this book, an attempt has been made to overcome this problem of income. The second objective is to connect people with yoga. Till now people used to run from yoga or concentrate on business or job. Because of this, their livelihood and social respect was connected, but by the method of yoga, health can also be made. Through this, the trend of spirituality will increase and the younger generations will be aware of the truth of the scriptures. The third objective is to protect individuals from any unpleasant event, accident or loss, they can be avoided after learning the elements. The fourth and final objective, which, even after being very important, does not seem to be so necessary for the people trapped in the worldly Maya trap such as to pave the way to attain God, to understand God or to take measures to attain it, a person who knows the elements gets these four objectives spontaneously.

The Five Elements

Understand Yourself and Enhance Your Relationships with the Wisdom of the World's Oldest Personality Type System *Penguin*

The Five Elements brings the wisdom of an ancient healing system to modern readers, helping them understand themselves--why they do what they do--better. Dondi Dahlin shows us that we are all born with individual rhythms that go beyond the influence of our genes and upbringing. The five elements originated in ancient Chinese medicine over 2,000 years ago--when scholars theorized that the universe is composed of five forces: water, wood, fire, earth,

and metal. Understanding these elements helps us stay in balance physically, mentally, spiritually, and emotionally. By explaining the efficacy of wood, the depth of water, the joy of fire, the compassion of earth, and the wisdom of metal, this book helps people understand themselves and form lasting connections to others, answering the age-old question of why we do what we do.

The Element of Fire

Classic Literature *Createspace Independent Publishing Platform*

The Element of Fire was my first novel, written around 1990, when I was 26. It was published in hardcover in 1993 and paperback in 1994, by Tor Books. It was published in Italy in 1995, Russia in 1997, Poland in 1998, in France, by l'Atalante, in 2002, and will be published in Spanish by Bibliopolis. It was a finalist for the 1993 Compton Crook/Stephen Tall Award and a runner-up for the 1994 Crawford Award. And it's almost impossible to find in the US, so I'm posting it here.

American Fire: Love, Arson, and Life in a Vanishing Land *Liveright Publishing*

A New York Times Notable Book of the Year A Washington Post Notable Book of the Year One of Amazon's 20 Best Books of the Year Named one of the Best Books of the Year by Buzzfeed, Bustle, NPR, NYLON, and Thrillist Finalist for the Goodreads Book Award (Nonfiction) Finalist for the Edgar Award (Best Fact Crime) A Book of the Month Club Selection A New York Times Book Review Editors' Choice Selection "A brisk, captivating and expertly crafted reconstruction of a community living through a time of fear.... Masterful." —Washington Post The arsons started on a cold November midnight and didn't stop for months. Night after night, the people of Accomack County waited to see which building would burn down next, regarding each other at first with compassion, and later suspicion. Vigilante groups sprang up, patrolling the rural Virginia coast with cameras and

camouflage. Volunteer firefighters slept at their stations. The arsonist seemed to target abandoned buildings, but local police were stretched too thin to surveil them all. Accomack was desolate—there were hundreds of abandoned buildings. And by the dozen they were burning. “One of the year’s best and most unusual true-crime books” (Christian Science Monitor), *American Fire* brings to vivid life the reeling county of Accomack. “Ace reporter” (Entertainment Weekly) Monica Hesse spent years investigating the story, emerging with breathtaking portraits of the arsonists—troubled addict Charlie Smith and his girlfriend, Tonya Bundick. Tracing the shift in their relationship from true love to crime spree, Hesse also conjures the once-thriving coastal community, decimated by a punishing economy and increasingly suspicious of their neighbors as the culprits remained at large. Weaving the story into the history of arson in the United States, the critically acclaimed *American Fire* re-creates the anguished nights this quiet county lit up in flames, evoking a microcosm of rural America—a land half-gutted before the fires began.

Sisters of Element

Book One of the Luna Family Chronicles *Luna Family Chronicles*

Four sisters with very special abilities. An evil presence threatening to destroy them. Will their powerful bond be enough to save each other? *Sisters of Element* is the first book in a series about the Luna sisters, four Mexican American young women living in

present-day Percival Falls, Washington. Lina, Val, Zo, and Rory Luna have special abilities based on the elements: water, fire, air, and earth. Having lost their parents at an early age, the sisters have an unbreakable bond. When faced with a dark force that threatens their very existence, they don't hesitate to fiercely protect each other -- even if it means the ultimate sacrifice. Lina has it all -- her soulmate Gabriel, her dream job, and a close-knit relationship with her three younger sisters. But meeting her sister Val's new boyfriend triggers a series of nightmares leaving Lina frightened that something terrible is about to happen to her sister. Little does she know, she and her family are in even more danger than they could have imagined. Readers will go on a magical and mysterious journey with the Luna sisters. The characters will share their inner strength, their sacrifice, their resilience, and the power of sisterhood. At its heart, *Sisters of Element* is a story about unconditional love and how with it, you can overcome even the greatest obstacles.

The Wizard Hunters

The Fall of Ile-Rien *Harper Collins*

Once a fertile and prosperous land, Ile-Rien is under attack by the Gardier, a mysterious army whose storm-black airships appear from nowhere to strike without warning. Every weapon in the arsenal of Ile-Rien's revered wizards has proven useless. And now the last hope of a magical realm under siege rests within a child's plaything.
