Family Wellbeing Model | Children and Families Trust

Family well-being is vital to thriving communities. Families who are able to make informed decisions, manage their basic needs, and tackle pressing human and community issues are better equipped to lead happy, healthy lives. A range of factors can affect family well-being, and investments in families contribute significantly to the social, psychological, and economic development of our nation.

Family Well-Being | National Institute of

Food and Agriculture

Abstract. Family well-being provides a foundation for positive parenting and child well-being. Many previous studies have outlined the possible connections between family well-being, parenting, and child well-being, yet translating research into practice continues to be problematic. The purpose of this article is to review the current literature (from 2000 to 2014) on family and child well-being in order to create a model of well-being that is useful for both researchers and ...
