A New Leadership Paradigm
Ultimately, the problems of existence we face are issues of consciousness.
We will only get beyond this stage of our collective evolution if we can put aside our narrow self-interest, focus on the whole system, and build a values-driven framework of policies that support the common good.

The solutions to social, organizational, and environmental problems require multidisciplinary teams, and today's leader could be any one of the team members. Effective leadership now involves a multidirectional flow of influence. Leadership emerges from groups. Effective modern leaders both influence and are influenced by those they lead.
