To demonstrate causation in tort law, the claimant must establish that the loss they have suffered was caused by the defendant. In most cases a simple application of the 'but for' test will resolve the question of causation in tort law. Ie 'but for' the defendant's actions, would the claimant have suffered the loss?

Causation in tort law

Eventually the conclusion is made that there are four ways of coping with uncertainty over causation: (1) to reverse the burden of proof; (2) to calibrate the standard of proof for certain cases; (3) to recognize the very creation of the abnormal risk as a compensable damage; and (4) to multiply damage plaintiff sustained by the probability factor indicating the likelihood of the damage being actually caused by the defendant.

Proof of Causation in Tort Cases - CEEOL

Almost every system of tort law subscribes to a version of the following rule: PROOF OF CAUSATION RULE (PCR): D cannot be held liable for losses arising from C's injury unless C can prove (to the relevant standard) that D's conduct was a cause of C's injury. But consider the following case (p. 139): Two hunters.

1 - Factual Causation. The Courts usually apply the 'but-for' test to determine whether the act of the defendant factually 'caused' the claimant's loss. If the loss would not have occurred 'but-for' the defendant's actions, the Courts will say as a matter of fact that the defendant caused the loss.

Causation in the Tort of Negligence - Lucid Law

This idea, Voyiakis argues, explains the general rule that the burden of proof on causation is on the claimant: this burden can be justified to the claimant because the burden is contingent on the claimant having access to a valuable opportunity: civil recourse (P.35). By contrast, a general rule that the defendant had the burden of disproving causation would not be a burden that is contingent upon a valuable opportunity for defendants: generally, defendants do not have reason to value a ...

Justifying Liability without Proof of Causation - Torts

In very simple terms the law on causation requires that the defendant's carelessness must be shown to have caused the loss or damage in question. The finding of a sufficient causal link is an essential ingredient in all forms of tort liability. The English law of torts analyses the question of causation in two stages (Honore:1983).

Both factual causation and legal causation must be proved in order to make a claim in Negligence. For the chain of causation to be proved the defendant's breach of duty must have caused or materially contributed to the claimant's injury or loss. However, the chain may be broken by an intervening event.

Proof causation tort law | Comparative law | Cambridge ...

Causation of an event alone is insufficient to create legal liability. Sometimes causation is one part of a multi-stage test for legal liability. For example, for the defendant to be held liable for the tort of negligence, the defendant must have owed the plaintiff a duty of care, breached that duty, by so doing caused damage to the plaintiff, and that damage must not have been too remote.

Causation Lecture - LawTeacher.net

Causation has two prongs. First, a tort must be the cause in fact of a particular injury, which means that a specific act must actually have resulted in injury to another. In its simplest form, cause in fact is established by evidence that shows that a tortfeasor's act or omission was a necessary antecedent to the plaintiff's injury.
