The Cultural Complex Contemporary Jungian

Based on Jung's theory of complexes, this book offers a new perspective on the psychological nature of conflicts between groups and cultures by introducing the concept of the cultural complex. This modern version of Jung's idea offers an original view of the forces that prevent human attempts to bring a peaceful, collaborative spirit to conflict between groups.

The cultural complex A recent development in this field is the

recognition that the family and society in which one is living also profoundly affects one’s development, values, and ‘who one is’, specifically by influencing which qualities in the individual are accepted and fostered, and which are discouraged or outlawed (Singer and Kimbles 2004).

Complexes and Archetypes | Society of Analytical Psychology

The concept of Cultural Complexes, developed by American Jungian analysts, Singer and Kimbles (2004), has relevance to thinking about racism. The idea of cultural complexes is a synthesis of Jung’s concept of the personal complex and Joseph Henderson’s idea of the cultural unconscious.
