Improving Access To Oral Health

Improving access to oral health and dental services for BAME communities. In our first guest blog in our series on racism and discrimination in dentistry, we hear from Dr Nilufar Ahmed, a Lecturer in Social Sciences at Bristol Dental School, on how these issues affect the oral health of different ethnic groups in the UK and how we can respond. COVID-19 has raised some unsettling truths about stark inequalities across different ethnic groups in the UK.

Full title: Improving access to oral health care for vulnerable and underserved populations [electronic resource] / Committee on Oral Health Access to Services, Board on Children, Youth, and Families, Board on Health Care Services, Institute of Medicine and National Research Council of the National Academies.

Description: Improving access to oral health care for ...

Barriers to improving oral healthcare may arise from individuals, society in general, governments, resistance to change and outdated professional philosophies. Lack of perceived need, inadequate resources, uneven distribution of manpower, low prioritization and lack of political will are also barriers to care.
