As a Man Thinketh

Drawn from the Biblical text which reads, "As a man thinketh in his heart, so is he," James Allen's work *As a Man Thinketh* has been for over a century a guide and inspiration for those who need direction and to find their path in life.

Allen makes the bold yet simple assertion that a man can be successful if he thinks it's so, and a man will fail if he thinks that, too. This work may be brief, but its timeless message of hope and empowerment compels readers to stand up and take responsibility for their own success.

As A Man Thinketh (Annotated with Biography about James Allen)

Golgotha Press

As a Man Thinketh is a literary essay of James Allen, published in 1902. The title is influenced by a verse in the Bible from the Book of Proverbs chapter 23 verse 7, "As a man thinketh in his heart, so is he." The full passage, taken from the King James Version, is as follows: "Eat thou not the bread of him that hath an evil eye, neither desire thou his dainty meats: For as he thinketh in his heart, so is he: Eat and drink, saith he to thee; but his heart is not with thee. The morsel which thou hast eaten shalt thou vomit up, and lose thy sweet words." The passage seems to suggest that one should consider the true motivations of a person who is being uncharacteristically generous before accepting his generosity - while in the title and content of James Allen's work the passage is in a different context; In the Bible the passage is referring to another person, and in James Allen's work the passage is adopted to primarily refer to the reader himself. This version of the classic book includes a biography about the life and times of James Allen.

As A Man Thinketh

Original 1903 Edition

Thought is the seed for action. If you control the cause- you can control the effect. The main message of this succinct, yet powerful, book is: the quality of your thoughts determine your quality of life. If your thoughts are pure and good, your life will also be good; and vice versa."Man's mind may be likened to a garden, which may be intelligently cultivated or allowed to run wild; but whether cultivated or neglected, it must,

and will, bring forth. If no useful seeds are put into it, then an abundance of useless weed-seeds will fall therein, and will produce their kind." James Allen maintains: The man is the master of thought, the molder of character, and the maker and shaper of condition, environment, and destiny. He compares the human mind with a garden and the man with a gardener. Just like a gardener removes the weeds from his garden so must we discard the impure and useless thoughts from our mind and must concentrate on cultivating the useful and pure thoughts. By the right choice and true application of thoughts, man ascends towards perfection.

Second Edition *New World Library*

In 1904, a relatively unknown Englishman named James Allen wrote a little book called *As a Man Thinketh*. The book has become one of the world's greatest self-help books — "self-empowerment" is a better term — for it not only reveals to us that the keys to success are within our own minds, it shows us how to use these keys to unlock the greatest fulfillment we can imagine. In this revised edition, author and publisher Marc Allen updates this classic, changing language that has

become dated or obsolete, and honing the clarity of the message. He makes *As You Think* gender inclusive, showing how these principles are truly universal and apply to everyone, regardless of sex, age, race, beliefs, social class, or education. *As You Think* is a simple yet powerful reminder that "all we achieve and all that we fail to achieve is the direct result of our own thoughts." We are the masters of our destinies.

The Story of You *Vintage*

"The dramatic story of the brain's role in creating our world, our experience of it, and ourselves; the basis for a PBS television series by the bestselling David Eagleman. How does a three pound mass of biological matter locked in the dark, silent fortress of the skull produce the extraordinary multi-sensory experience that comprises us, while also constructing reality and guiding us through the endless need to make decisions and determine our judgments and into a future that we are convinced we are shaping? David Eagleman compares the brain to a cityscape with different neighborhoods where neural networks vie for supremacy and determine our behavior in ways we are not always aware or in control of. At the same time, he suggests that the brain works as a storyteller--creating a narrative that allows us to navigate and make sense of a world that it is busy constructing for us"--
