The diet is structured around four 17-day cycles: Accelerate- the rapid weight loss portion that helps flush sugar and fat storage from your system; Activate-the metabolic restart portion with alternating low and high calorie days to help shed body fat; Achieve - this phase is about learning to control portions and introducing new fitness routines; Arrive - A combination of the first three cycles to keep good habits up for good. Each cycle changes your calorie count and the food that you're eating. The variation that Dr. Mike calls 'body confusion' is designed to keep your metabolism guessing. This is not a diet that relies on a tiny list of approved foods, gruelling exercise routines, or unrealistic calorie counts that leave you hungry and unfulfilled. Each phase comes with extensive lists of what dieters can and can't eat while on the phase, but also offers acceptable cheats. He advises readers not to drink while on the diet, but concedes that if they absolutely have to then they should at least drink red wine. Dr Mike knows that a diet can only work if it's compatible with the real world, and so he's designed the programme with usability as a top priority.

The 80/20 Diet

Healthy Chef

The Rice Diet Solution

The World-Famous Low-Sodium, Good-Carb, Detox Diet for Quick and Lasting Weight Loss *Simon and Schuster*

Can you really lose twenty pounds in a month? Will you really keep it off this time? With The Rice Diet Solution, you will! The Rice Diet Program has been helping dieters successfully lose weight since 1939. Now in book form, this world-renowned weight-loss method can help you change the way you eat forever. The Rice Diet Program in Durham, North Carolina, was one of the first medical facilities in America to use diet as the primary way to treat disease. On this high-complex-carb, low-fat, and low-sodium whole-foods diet, “Ricers” lose weight faster, more safely, and more effectively than people on any other diet. Men lose on average twenty-eight to thirty pounds and women on average nineteen to twenty pounds per month! The Rice Diet also detoxes your body, ridding it of excess water weight and toxins from processed foods and the environment. The program's results have been documented by extensive studies and confirmed by thousands of people who report amazing weight loss, as well as immediate improvement in such conditions as heart disease, diabetes, and hypertension. Here’s how it works: The Rice Diet strictly limits salt and sodium-rich ingredients. Salt, like refined sugar, is an appetite stimulant, so when you reduce salt intake, you lose water weight and are less inclined to overeat. The Rice Diet also limits saturated fats and instead relies on carbohydrates (fruits, vegetables, grains, and beans) as the main source of

nutrition. The fiber cleanses your system and satisfies you so you feel full quickly. The Rice Diet makes it easy to limit calories; when you’re eating foods that truly satisfy your hunger, it’s a challenge to eat 1,500 calories per day! To make it easy to follow the program, The Rice Diet Solution includes hundreds of tasty, filling, easy-to-prepare recipes—some from the Rice House kitchen, others inspired by major chefs and adapted to Rice Diet standards.

Center Square

The Paul Lynde Story *Alyson Publications*

During his three decades as a popular character actor on television, film and the stage, Paul Lynde's arch and bitchy wit snuck regular doses of the queer world into that bastion of intolerance: the American living room. Paul showed mainstream viewers that a gay man could deliver jokes, not just be the butt of them. In doing so, he helped make homosexuality more palatable to unwitting viewers who simply saw him as a stylish, funny man. Biographers Steve Wilson and Joe Florenski reveal the true story not only about Paul's life, but also his mysterious and controversial death.

The Body Nirvana

More Than Just a Weight-loss Book *Harper Collins*

Winner of The International Book Awards, 2019 The body listens, remembers and speaks to us. We

receive the body's messages all the time, although we seldom recognize them. Our body expresses its unmet needs and calls for attention in many ways. And so it is with weight. This is a puzzling matter only because some pieces of the puzzle are not in the box you were handed. Your weight is not a body issue. Excess weight is really a multi-dimensional problem showing up as an oversized body. Popular media is still full of diet and exercise advice that is based on sacrifice and punishment. Too few books use this research to show how weight can be reduced in a happier and healthier way. The Body Nirvana is about gradually letting go of everything that literally and metaphorically weighs you down. It is time to rejoice in your body's vitality and its capacity to take you towards your life's goals!

The 4-Hour Body

An Uncommon Guide to Rapid Fat-Loss, Incredible Sex, and Becoming Superhuman *Harmony*

#1 NEW YORK TIMES BESTSELLER • The game-changing author of Tribe of Mentors teaches you how to reach your peak physical potential with minimum effort. “A practical crash course in how to reinvent yourself.”—Kevin Kelly, Wired Is it possible to reach your genetic potential in 6 months?

Sleep 2 hours per day and perform better than on 8 hours? Lose more fat than a marathoner by bingeing? Indeed, and much more. The 4-Hour Body is the result of an obsessive quest, spanning more than a decade, to hack the human body using data science. It contains the collective wisdom of hundreds of elite athletes, dozens of MDs, and thousands of hours of jaw-dropping personal experimentation. From Olympic training centers to black-market laboratories, from Silicon Valley to South Africa, Tim Ferriss fixated on one life-changing question: For all things physical, what are the tiniest changes that produce the biggest results? Thousands of tests later, this book contains the answers for both men and women. It's the wisdom Tim used to gain 34 pounds of muscle in 28 days, without steroids, and in four hours of total gym time. From the gym to the bedroom, it's all here, and it all works. You will learn (in less than 30 minutes each):

- How to lose those last 5-10 pounds (or 100+ pounds) with odd combinations of food and safe chemical cocktails
- How to prevent fat gain while bingeing over the weekend or the holidays
- How to sleep 2 hours per day and feel fully rested
- How to produce 15-minute female orgasms
- How to triple testosterone and double sperm count
- How to go from running 5 kilometers to 50 kilometers in 12 weeks
- How to reverse “permanent” injuries
- How to pay for a beach vacation with one hospital visit

And that's just the tip of the iceberg. There are more than 50 topics covered, all with real-world experiments, many including more than 200 test subjects. You don't need better genetics or more exercise. You need immediate results that compel you to continue. That's exactly what The 4-Hour Body delivers.
