VW central locking - Baggy. I've got the same problem with my wifes 1998 1.4 VW Golf. The central locking mechanism works fines, i.e will lock with key via the door and if the key is in the first position in the ignition , the interior locking button will lock all 4 doors. The problem is when I start the car, all 4 doors locks open automatically with no way to use the interior button to re-lock.
