The Bible Unearthed

Archaeology's New Vision of Ancient Israel and the Origin of Sacred Texts

Simon and Schuster

In this groundbreaking work that sets apart fact and legend, authors Finkelstein and Silberman use significant archeological discoveries to provide historical information about biblical Israel and its neighbors. In this iconoclastic and provocative work, leading scholars Israel Finkelstein and Neil Asher Silberman draw on recent archaeological research to present a dramatically revised portrait of ancient Israel and its neighbors. They argue that crucial evidence (or a telling lack of evidence) at digs in Israel, Egypt, Jordan,

and Lebanon suggests that many of the most famous stories in the Bible—the wanderings of the patriarchs, the Exodus from Egypt, Joshua’s conquest of Canaan, and David and Solomon’s vast empire—reflect the world of the later authors rather than actual historical facts. Challenging the fundamentalist readings of the scriptures and marshaling the latest archaeological evidence to support its new vision of ancient Israel, *The Bible Unearthed* offers a fascinating and controversial perspective on when and why the Bible was written and why it possesses such great spiritual and emotional power today.

Reading Genesis Well

Navigating History, Poetry, Science, and Truth in Genesis 1-11

Zondervan

What does it mean to be a good reader of Genesis 1-11? What does it mean to take these ancient stories seriously and how does that relate to taking them literally? Can we even take any of this material seriously? *Reading Genesis Well* answers these questions and more, promoting a responsible conversation about how science and biblical faith relate by developing a rigorous approach to interpreting the Bible, especially those texts that come into play in science and faith discussions. This

unique approach connects the ancient writings of Genesis 1-11 with modern science in an honest and informed way. Old Testament scholar C. John Collins appropriates literary and linguistic insights from C. S. Lewis and builds on them using ideas from modern linguistics, such as lexical semantics, discourse analysis, and sociolinguistics. This study helps readers to evaluate to what extent it is proper to say that the Bible writers held a "primitive" picture of the world, and what function their portrayal of the world and its contents had in shaping the community.

First-rate scholars and preachers on four interpretive approaches to Paul and Romans Pauline scholarship is a minefield of differing schools of thought. Those who teach or preach on Paul can quickly get lost in the weeds of the various perspectives. How, then, can pastors today best preach Paul's message? Scot McKnight and Joseph B. Modica have assembled this stellar one-stop guide exploring four major interpretive perspectives on the apostle Paul: Reformational, New, Apocalyptic, and Participationist. First

elucidated by a scholarly essay, each perspective is then illuminated by three sermons expositing various passages from Paul's magisterial letter to the Romans. Coming from such leading figures as Richard Hays, James Dunn, Fleming Rutledge, and Tom Schreiner, these essays and sermons splendidly demonstrate how each perspective on Paul brings valuable insights for preaching on Romans. The Family Tree

God Gets His Family Back *Word Alive Press*

Aren't we all God's children? Don't we all belong to the family of God? Would it surprise you to learn that in the Old Testament God doesn't call Himself our father and doesn't refer to people as His children? Being a member of the human race doesn't mean we automatically qualify for membership in God's family. Before Jesus took on flesh,

God revealed Himself as our Creator, Maker, and King. It's only on His terms, not ours, that we become His true sons and daughters. The Family Tree offers a fresh perspective on God's relentless love and pursuit of you and reveals how you can become part of the family that God gets back. Vignettes that explore the thoughts and feelings of Bible characters propel you through the gospel to a conclusion that demands a response.

Belonging in Genesis

Biblical Israel and the Politics of Identity Formation

Genesis calls its readers into a vision of human community unconstrained by the categories that

dominate modern thinking about identity. Genesis situates humanity within a network of nurture that encompasses the entire cosmos--only then introducing Israel not as a people, but as a promise. Genesis prioritizes a human identity that originates in the divine word and depends on ongoing relationship with God. Those called into this new mode of belonging must forsake the social definition that had structured their former life, trading it for an alternative that will only gradually take shape. In contrast to the rigidity that typifies modern notions, Genesis depicts identity as fundamentally fluid. Encounter with God leads to a new social self, not a "spiritual"

self that operates only within parameters established in the body at birth. In *Belonging in Genesis*, Amanda Mbuvi highlights the ways narrative and the act of storytelling function to define and create a community. Building on the emphasis on family in *Genesis*, she focuses on the way family storytelling is a means of holding together the interpretation of the text and the constitution of the reading community. Explicitly engaging the way in which readers regard the biblical text as a point of reference for their own (collective) identities leads to an understanding of *Genesis* as inviting its readers into a radically transformative vision of their place in the

world.

Four Views on the Historical Adam *Zondervan*

As a part of the Counterpoints series, *Four Views on the Historical Adam* clearly outlines four primary views on Adam held by evangelicals, featuring top-notch proponents of each view presenting their positions in their own words and critiquing the positions with which they disagree. You will come away with a better understanding of the key biblical and theological issues at stake and of the implications of Adam for contemporary Christian witness and church life. Contributors include Denis O. Lamoureux, John H. Walton, C. John

Collins, and William Barrick. Each focuses his essay on answering the following questions: What is the biblical case for your viewpoint, and how do you reconcile it both with modern science and with passages and potential interpretations that seem to counter it? In what ways is your view more theologically consistent and coherent than other views? What are the implications of your view for the spiritual life and public witness of the church and individual believers, and how is your view a healthier alternative for both? Concluding reflections by pastor-scholars Gregory A. Boyd and Philip Graham Ryken highlight the significance of the

topic in the faith of everyday believers.

The First Christmas

What the Gospels Really Teach About

Jesus's Birth *Harper Collins*

"Who could argue with the message the authors draw from the Bible's Christmas stories? Light in the darkest time of the year, hope in a period of creeping despair—these are powerful and universal themes that can give everyone a stake in Christmas." —USA Today In *The First Christmas* Marcus J. Borg and John Dominic Crossan—top Jesus scholars and authors of *The Last Week*—help us see the real Christmas story buried in the familiar Bible accounts. the historical facts—to offer a clear and uplifting message of hope and peace. With *The First Christmas* readers get a fresh, deep, and new understanding of the nativity story, enabling us to better appreciate the powerful message of the Gospels.

Gospelbound

Living with Resolute Hope in an Anxious Age *Multnomah*

A profound exploration of how to hold on to hope when our unchanging faith collides with a changing culture, from two respected Christian storytellers and thought leaders. "Offers neither spin control nor image maintenance for the evangelical tribe, but genuine

hope.”—Russell Moore, president of ERLC As the pressures of health warnings, economic turmoil, and partisan politics continue to rise, the influence of gospel-focused Christians seems to be waning. In the public square and popular opinion, we are losing our voice right when it’s needed most for Christ’s glory and the common good. But there’s another story unfolding too—if you know where to look. In *Gospelbound*, Collin Hansen and Sarah Eekhoff Zylstra counter these growing fears with a robust message of resolute hope for anyone hungry for good news. Join them in exploring profound stories of Christians who are quietly changing the world in the name of Jesus—from the wild world of digital media to the stories of ancient saints and unsung contemporary activists on the frontiers of justice and mercy. Discover how, in these dark times, the light of Jesus shines even brighter. You haven’t heard the whole story. And that’s good news.
