Emergency Medicine: challenges and options in ...

Pre-hospital emergency medicine, also referred to as pre-hospital care, immediate care, or emergency medical services medicine, is a medical subspecialty which focuses on caring for seriously ill or injured patients before they reach hospital, and during emergency transfer to hospital or between hospitals. It may be practised by physicians from various backgrounds such as anaesthesiology, emergency medicine, intensive care medicine and acute medicine, after they have completed initial training i

Pre-hospital emergency medicine

- Wikipedia

Prehospital care entails challenges that may not be encountered in traditional healthcare arenas. Patient care must occur rapidly, utilizing minimal equipment, often in a moving vehicle. Further, patient care occurs in unpredictable and uncontrolled environments, which inherently pose certain risks to both the patient and the healthcare provider.
