The Folding Knife KJ Parker

For the record, I'm pretty sure my glowing opinion of KJ Parker is well-documented in other reviews. The Folding Knife isn't new territory for this talented & enigmatic author: an ambitious, Machiavellian man has sweeping plans for the world, but must overcome human weakness to achieve them.

The Folding Knife is K.J. Parker's masterful life story of a thinly-veiled Doge in a thinly-veiled medieval Venice. Basso has always been lucky, and it's better to be lucky than good. Basso quickly rises to become, like his father, the First Citizen of the Vesani Republic, a mercantile city-state.

The folding knife flips out of the man's hand. He makes a wild attempt to catch it as it falls, gets two fingers on it, fumbles the catch. The knife slips out of his grasp, hits the rail, bounces off and flies over the edge of the roof. The man stares for a moment at where the knife suddenly isn't. Then he shouts, "Stop the coach." Nobody reacts.
