List of Toyota engines - Wikipedia

The most common cause of damage in a VVT engine is due to using the wrong weight and grade of motor oil. Normally with ordinary engines, the viscosity and type of motor oil isn't very critical. Many people will use a heavier weight oil in the summer or use a non-synthetic oil to save money.

What is the common cause of**damage in a VVTI engine like ...**

The purpose of variable valve timing is to ensure that the valves open and close at the right time to maximize engine performance and reduce fuel consumption. When the VVT solenoid is malfunctioning, the entire system can be compromised, which may result in intake and exhaust valves opening and closing at the wrong time.
