Teacher And Education In The

The evolution of teacher education. Teacher education, as it exists today, can be divided into two stages, preservice and in-service. Preservice education includes all the stages of education and training that precede the teacher's entry to paid employment in a school. In-service training is the education and training that the teacher receives after the beginning of his career.

Teacher education | Britannica

In his influential *Education of American Teachers* (1963), James B. Conant recommended that half the course requirements of the four-year program of preparation for elementary teachers should be given over to general courses, a further quarter to an "area of concentration," and the remaining quarter to professional studies, including school experience. Prospective secondary teachers would spend still more time on the subjects they were preparing to teach, with less than 10 percent of ...
