The Color Of The Land

The Color of the Land brings the histories of Creek Indians, African Americans, and whites in Oklahoma together into one story that explores the way races and nations were made and remade in conflicts over who would own land, who would farm it, and who would rule it. This story disrupts expected narratives of the American past, revealing how identities--race, nation, and class--took new forms in struggles over the creation of different systems of property.

"Color of title", in property law, refers to a claim to title that appears valid but may be legally defective. Color of title may arise if there is evidence, such as a writing, suggesting valid legal title. The courts have ruled that deeds are mere color of title; the actual title to land is secured with an irrefutable instrument, like a land patent. When that land is subsequently conveyed to another owner by a deed, the deed colors the title to show the new owner.
