Four Screenplays

Studies in the American Screenplay

Delta

Yes, you can write a great screenplay. Let Syd Field show you how. "I based *Like Water for Chocolate* on what I learned in Syd's books. Before, I always felt structure imprisoned me, but what I learned was structure really freed me to focus on the story."—Laura Esquivel

Technology is transforming the art and craft of screenwriting. How does the writer find new ways to tell a story with pictures, to create a truly outstanding film? Syd Field shows what works, why, and how in four extraordinary films: *Thelma & Louise*, *Terminator 2: Judgement Day*, *The Silence of the Lambs*, and *Dances with Wolves*. Learn how: Callie Khouri, in her first movie script, *Thelma & Louise*, rewrote the rules for good road movies and played against type to create a new American classic. James Cameron, writer/director of *Terminator 2: Judgement Day*, created a sequel integrating spectacular special effects and a story line that transformed the Terminator, the quintessential killing machine, into a sympathetic character. This is how an action film is written. Ted Tally adapted Thomas Harris's chilling 350-page novel, *The Silence of the Lambs*, into a riveting 120-page script—a lesson in the art and craft of adapting novels into film. Michael Blake, author of *Dances with Wolves*, achieved every writer's dream as he translated his novel into an uncompromising film. Learn how he used transformation as a spiritual dynamic in this work of mythic sweep. Informative and utterly engrossing, *Four Screenplays* belongs in every writer's library, next to Syd Field's highly acclaimed companion volumes, *Screenplay*, *The Screenwriter's Workbook*, and *Selling a Screenplay*. "If I were writing screenplays . . . I would carry Syd Field around in my back

pocket wherever I went."—Steven Bochco, writer/producer/director, *L.A. Law*, *Hill Street Blues*

The Right Stuff *Farrar, Straus and Giroux*

From "America's nerviest journalist" (*Newsweek*)—a breath-taking epic, a magnificent adventure story, and an investigation into the true heroism and courage of the first Americans to conquer space. "Tom Wolfe at his very best" (*The New York Times Book Review*) Millions of words have poured forth about man's trip to the moon, but until now few people have had a sense of the most engrossing side of the adventure; namely, what went on in the minds of the astronauts themselves - in space, on the moon, and even during certain odysseys on earth. It is this, the inner life of the astronauts, that Tom Wolfe describes with his almost uncanny empathetic powers, that made *The Right Stuff* a classic.

Down and Dirty Pictures

Miramax, Sundance, and the Rise of Independent Fil *Simon and Schuster*

In this "dishy...superbly reported" (*Entertainment Weekly*) New York Times bestseller, Peter Biskind chronicles the rise of independent filmmakers who reinvented Hollywood—most notably

Sundance founder Robert Redford and Harvey Weinstein, who with his brother, Bob, made Miramax Films an indie powerhouse. As he did in his acclaimed *Easy Riders, Raging Bulls*, Peter Biskind “takes on the movie industry of the 1990s and again gets the story” (*The New York Times*). Biskind charts in fascinating detail the meteoric rise of the controversial Harvey Weinstein, often described as the last mogul, who created an Oscar factory that became the envy of the studios, while leaving a trail of carnage in his wake. He follows Sundance as it grew from a regional film festival to the premier showcase of independent film, succeeding almost despite the mercurial Redford, whose visionary plans were nearly thwarted by his own quixotic personality. Likewise, the directors who emerged from the independent movement, such as Quentin Tarantino, Steven Soderbergh, and David O. Russell, are now among the best-known directors in Hollywood. Not to mention the actors who emerged with them, like Matt Damon, Ben Affleck, Ethan Hawke, and Uma Thurman. Candid, controversial, and “sensationally entertaining” (*Los Angeles Times*) *Down and Dirty Pictures* is a must-read for anyone interested in the film world.

True Stories from a Life in the Screen Trade *Fourth Estate*

What's it like to be an Oscar-winning director up against the machinations of modern-day Hollywood with its stars who want to write their own roles, producers who don't read scripts, highly dubious money men who promise unlimited funds: the mad, the bad and the downright notorious? In this no-holds-barred account Bruce Beresford takes us through the highs and lows of the screen trade from deals at dinner tables to dressing downs in backlots, from far-flung locations, to the centres of power, with a cast of characters that includes Russell Crowe, Cate Blanchett, Jodie Foster, Jeffrey Archer, Morgan Freeman and many others. Writing the Character-Centered Screenplay, Updated and Expanded edition *Univ of California Press*

"We need good screenwriters who understand character." Everywhere Andrew Horton traveled in researching this book—from Hollywood to Hungary—he heard the same refrain. Yet most of the standard how-to books on screenwriting follow the film industry's earlier lead in focusing almost exclusively on plot and formulaic structures. With this book, Horton, a film scholar and successful screenwriter, provides the definitive work on the character-based screenplay. Exceptionally wide-ranging—covering American, international, mainstream, and "off-Hollywood" films, as well as television—the book offers creative strategies and essential practical information. Horton begins by placing

screenwriting in the context of the storytelling tradition, arguing through literary and cultural analysis that all great stories revolve around a strong central character. He then suggests specific techniques and concepts to help any writer—whether new or experienced—build more vivid characters and screenplays. Centering his discussion around four film examples—including *Thelma & Louise* and *The Silence of the Lambs*—and the television series, *Northern Exposure*, he takes the reader step-by-step through the screenwriting process, starting with the development of multi-dimensional characters and continuing through to rewrite. Finally, he includes a wealth of information about contests, fellowships, and film festivals. Espousing a new, character-based approach to screenwriting, this engaging, insightful work will prove an essential guide to all of those involved in the writing and development of film scripts.

The Nation's Favourite

The True Adventures of Radio 1 *Faber & Faber*

In 1993, BBC Radio One gained a new controller. Matthew Bannister said he was going to reinvent the station, the most popular in Europe. But things didn't go exactly to plan. The station lost millions of listeners. Its most famous DJs

left, and their replacements proved to be disasters. Radio One's commercial rivals regarded the internal turmoil with glee. For a while a saviour arrived, in the shape of Chris Evans. But his behaviour caused further upheavals, and his eventual departure provoked another mass desertion by listeners. What was to be done? In the middle of this crisis, Radio One bravely (or foolishly) allowed the writer Simon Garfield to observe its workings from the inside. For a year he was allowed unprecedented access to management meetings and to DJs in their studios, to research briefings and playlist conferences. Everyone interviewed spoke in passionate detail about their struggle to make their station credible and successful once more. The result is a touching, exciting and often hilarious portrait of a much loved national institution as it battles back from the brink of calamity.

Marathon Man

A Novel *Open Road Media*

A Nazi conspiracy in the heart of modern-day Manhattan—the blockbuster New York Times bestseller that became the classic film thriller. At Columbia University, Thomas "Babe" Levy, a postgrad history student and aspiring marathon runner, is working to clear his late father's name after the scandal of his suicide, triggered by the McCarthy hearings and accusations of Communist affiliations. In Paraguay, Dr. Christian Szell, former Nazi dentist and protégé of Josef Mengele, has been in exile for decades. Infamous as the "White Angel of Auschwitz," he's leaving his South American sanctuary to smuggle a fortune in gems out of New York City. Meanwhile, in London's Kensington Gardens, an international assassin

known only as Scylla has completed a hit. A man with too many secrets and twice as many enemies, Scylla has become a target himself, with only one place left to turn. Then, when Babe's revered older brother, Doc, pays him a fateful and unexpected visit, it sets in motion a chain of events plunging Babe into a paranoid nightmare of family betrayal, international conspiracy, and the dark crimes of history. Now, the marathon man is running for his life, and closer to answering a single cryptic and terrifying question: "Is it safe?" William Goldman's *Marathon Man* was adapted by the author for the award-winning 1976 film starring Dustin Hoffman and Laurence Olivier. Upon its publication, the *Washington Post* called it "one of the best novels of the year," and it remains a powerful, horrifying read. In the words of #1 New York Times–bestselling author Harlan Coben: "I found myself racing through it. You could have put a gun to my head, and I wouldn't have been able to put [Marathon Man] down." This ebook features a biography of William Goldman.

Singular Sensation

The Triumph of Broadway *Simon and Schuster*

"Fun and gossipy." —The Wall Street Journal * "A masterful history." —Publishers Weekly (starred review) * "Engaging." —Newsweek A "brisk, insightful, and deliciously detailed take" (Kirkus Reviews) on a transformative decade on Broadway, featuring behind-the-scenes accounts of shows such as *Rent*, *Angels in America*, *Chicago*, *The Lion King*, and *The Producers*—shows that changed the history of the American theater. The 1990s was a decade of profound change on Broadway. At the dawn of the nineties, the British invasion of Broadway was in full swing, as musical spectacles like *Les Misérables*, *Cats*, and *The Phantom of the Opera* dominated the box office. But Andrew Lloyd Webber's *Sunset Boulevard* soon spelled the end of this era and ushered in a new wave of American musicals, beginning

with the ascendance of an unlikely show by a struggling writer who reimagined Puccini's opera *La Bohème* as the smash Broadway show *Rent*. American musical comedy made its grand return, culminating in *The Producers*, while plays, always an endangered species on Broadway, staged a powerful comeback with Tony Kushner's *Angels in America*. A different breed of producers rose up to challenge the grip theater owners had long held on Broadway, and corporations began to see how much money could be made from live theater. And just as Broadway had clawed its way back into the mainstream of American popular culture, the September 11 attacks struck

fear into the heart of Americans who thought Times Square might be the next target. But Broadway was back in business just two days later, buoyed by talented theater people intent on bringing New Yorkers together and supporting the economics of an injured city. "Told with all the wit and style readers could wish for" (Booklist) Michael Riedel presents the drama behind every mega-hit or shocking flop. From the bitter feuds to the surprising collaborations, all the intrigue of a revolutionary era in the Theater District is packed into *Singular Sensation*. Broadway has triumphs and disasters, but the show always goes on.
