ielts Writing Task 1 - Examiner's

Comment - General and Academic *Lulu Press, Inc*

Traditionally, millions of students view IELTS Writing as the most difficult task out of all the four modules. IELTS statistics for 2012 proves that both male and female candidates score about 0.5 less for writing than for other modules. Why does it happen? First, many students are not used to letters, graph analyses or essays in English. They need to study the structure, cohesion markers and style parameters. Second, most people lack the knowledge of less common vocabulary

and grammar structures. Third, even those who train hard do not understand examiners' criteria well enough. Even IELTS coaches, who train students specifically for this exam, seldom understand in detail each criterion. Personally, I studied and analysed IELTS band descriptors, but it was only after two seminars with IELTS Principal Examiner that I actually grasped their meaning. Those who want to feel deeper IELTS criteria can take advantage of an excellent course: This ebook that explains in detail various strategies and requirements.

IELTS General Training Writing Task 1

IELTS General Training measures English language proficiency in a practical, everyday context. It is appropriate for those planning to study in high school or a vocational training program. People migrating to Australia, Canada, New Zealand and the UK must take the IELTS General Training test. (Source: ieltsessentials.com). If you're here reading

this book, it means you're taking your first step in your immigration plan: to prove your language ability. You should be proud of yourself. When IELTS test takers have been asked: "Which is the most difficult skill out of the four skills in an IELTS General Training test?" Most of them answered: Writing. You see, writing is hard. Even native speakers make mistakes in punctuation, spelling, and grammar. They do it all the time. Next time, pay attention when you read emails, facebook posts, instagram posts or even magazines, you will realize that not any native speakers are able to write correctly. It happens because not all of them reach the same level of literacy.

Many professionals rarely write in their day-to-day life. Remember, native speakers have to take IELTS for immigration purposes, too! Keep that thought in mind, you have an equal opportunity to get a band 7 or above in an IELTS test. With a strong desire to succeed, a detailed learning strategy and well-prepared course from this book, you will get the score you deserve.
