Class And Contemporary British Culture Format

The British monarch is usually viewed as being at the top of the social class structure. British society has experienced significant change since the Second World War, including an expansion of higher education and home ownership, a shift towards a service-dominated economy, mass immigration, a changing role for women and a more individualistic culture, and these changes have had a considerable impact on the social landscape.

Social class in the United Kingdom - Wikipedia

Overall, the book argues that social class, although complicated and highly contested, remains a valid and fruitful route into understanding how contemporary British culture articulates social distinction and social difference and the significant costs and investments at stake for all involved.
