Digital Design 5th Edition

Digital Design, fifth edition is a modern update of the classic authoritative text on digital design. This book teaches the basic concepts of digital design in a clear, accessible manner. The book presents the basic tools for the design of digital circuits and provides procedures suitable for a variety of digital applications.

Mano & Ciletti, Digital Design, 5th Edition | Pearson

This book gives readers the opportunity to learn the basics at the high level (HDLs), at the low level (electrical circuits), and throughout the “vast middle” (gates, flip-flops, and higher-level digital-design building blocks). The author’s 30 years of experience in both industrial and university settings brings weight and credibility to the material, and with broad coverage of logic design practices, the 5th Edition gives readers a look at how digital design works in the real world.
