NEW YORK TIMES BESTSELLER • Bill Bryson, bestselling author of A Short History of Nearly Everything, takes us on a head-to-toe tour of the marvel that is the human body—with a new

afterword for this edition. Bill Bryson once again proves himself to be an incomparable companion as he guides us through the human body—how it functions, its remarkable ability to heal itself, and (unfortunately) the ways it can fail. Full of extraordinary facts (your body made a million red blood cells since you started reading this) and irresistible Brysonesque anecdotes, *The Body* will lead you to a deeper understanding of the miracle that is life in general and you in particular. As Bill Bryson writes, “We pass our existence within this wobble of flesh and yet take it almost entirely for granted.” *The Body* will cure that indifference with generous doses of wondrous, compulsively readable facts and information. As addictive as it is comprehensive, this is Bryson at his very best, a must-read owner’s manual for every body.

WBCN and the American Revolution

How a Radio Station Defined Politics, Counterculture, and Rock and Roll *MIT Press*

How Boston radio station WBCN became the hub of the rock-and-roll, antiwar, psychedelic solar system. While San Francisco was celebrating a psychedelic Summer of Love in 1967, Boston stayed buttoned up and battened down. But that changed the following year, when a Harvard Law School

graduate student named Ray Riepen founded a radio station that played music that young people, including the hundreds of thousands at Boston-area colleges, actually wanted to hear. WBCN-FM featured album cuts by such artists as the Mothers of Invention, Aretha Franklin, and Cream, played by announcers who felt free to express their opinions on subjects that ranged from recreational drugs to the war in Vietnam. In this engaging and generously illustrated chronicle, Peabody Award-winning journalist and one-time WBCN announcer Bill Lichtenstein tells the story of how a radio station became part of a revolution in youth culture. At WBCN, creativity and countercultural politics ruled: there were no set playlists; news segments anticipated the satire of *The Daily Show*; on-air interviewees ranged from John and Yoko to Noam Chomsky; a telephone “Listener Line” fielded questions on any subject, day and night. From 1968 to Watergate, Boston’s WBCN was the hub of the rock-and-roll, antiwar, psychedelic solar system. A cornucopia of images in color and black and white includes concert posters, news clippings, photographs of performers in action, and scenes of joyousness on Boston Common. Interwoven through the narrative are excerpts from interviews with WBCN pioneers, including Charles Laquidara, the “news dissector” Danny Schechter, Marsha Steinberg, and Mitchell Kertzman. Lichtenstein’s documentary *WBCN and the American Revolution* is available as a DVD sold separately.

Strange Pilgrims *Vintage*

In Barcelona, an aging Brazilian prostitute trains her dog to weep at the grave she has chosen for herself. In Vienna, a woman parlays her gift for seeing the future into a fortunetelling position with a wealthy family. In Geneva, an ambulance driver and his wife take in the lonely, apparently dying ex-President of a Caribbean country, only to discover that his political ambition is very much intact. In these twelve masterly stories about the lives of Latin Americans in Europe, García Márquez conveys the peculiar amalgam of melancholy, tenacity, sorrow, and aspiration that is the émigré experience.

Into the Wild *Anchor*

Krakauer’s page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. “Terrifying... Eloquent... A heart-rending drama of human yearning.” —*New York Times* In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his

car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

Night Sky with Exit Wounds *Copper Canyon Press*

Winner of the 2016 Whiting Award One of Publishers Weekly's "Most Anticipated Books of Spring 2016" One of Lit Hub's "10 must-read poetry collections for April" "Reading Vuong is like watching a fish move: he manages the varied currents of English with muscled intuition. His poems are by turns graceful and wonderstruck. His lines are both long and short, his prose narrative and lyric, his diction formal and insouciant. From the outside, Vuong has fashioned a poetry of inclusion."—The New Yorker "Night Sky with Exit Wounds establishes Vuong as a fierce new talent to be reckoned with...This book is a masterpiece that captures, with elegance, the raw sorrows and joys of human existence."—Buzzfeed's "Most Exciting New Books of 2016" "This original, sprightly wordsmith of tumbling pulsing phrases pushes poetry to a new level...A stunning introduction to a young poet who writes with both assurance and vulnerability. Visceral, tender and lyrical, fleet and agile, these poems unflinchingly face the legacies of violence and cultural displacement but they also assume a position of wonder before the world."—2016 Whiting Award citation "Night Sky with Exit Wounds is the kind of book that soon becomes worn with love. You will want to crease every page to come back to it, to underline every other line because each word resonates with power."—LitHub "Vuong's

powerful voice explores passion, violence, history, identity—all with a tremendous humanity."—Slate "In his impressive debut collection, Vuong, a 2014 Ruth Lilly fellow, writes beauty into—and culls from—individual, familial, and historical traumas. Vuong exists as both observer and observed throughout the book as he explores deeply personal themes such as poverty, depression, queer sexuality, domestic abuse, and the various forms of violence inflicted on his family during the Vietnam War. Poems float and strike in equal measure as the poet strives to transform pain into clarity. Managing this balance becomes the crux of the collection, as when he writes, 'Your father is only your father/ until one of you forgets. Like how the spine/ won't remember its wings/ no matter how many times our knees/ kiss the pavement.'"—Publishers Weekly "What a treasure [Ocean Vuong] is to us. What a perfume he's crushed and rendered of his heart and soul. What a gift this book is."—Li-Young Lee Torso of Air Suppose you do change your life. & the body is more than a portion of night—sealed with bruises. Suppose you woke & found your shadow replaced by a black wolf. The boy, beautiful & gone. So you take the knife to the wall instead. You carve & carve until a coin of light appears & you get to look in, at last, on happiness. The eye staring back from the other side— waiting. Born in Saigon, Vietnam, Ocean Vuong attended Brooklyn College. He is the author of two chapbooks as well as a full-length collection, *Night Sky with Exit Wounds*. A 2014 Ruth Lilly Fellow and winner of the 2016 Whiting Award, Ocean Vuong lives in New York City, New York.
