Ib Math HI Course Guide

This IB Math study guide is a great start, but you may need to supplement with outside tutoring, too. Only studying right before the IB Math SL/HL papers: As I said before, there are too many topics for both courses to master in only a few weeks (that's why these courses are spread out over a couple of years!). This is why it's so important that you master the subjects when you're learning them in class.

Maths in the DP - International Baccalaureate®

Here, we give you the complete list of all Standard Level (SL) and Higher Level (HL) IB classes. Every IB school is different, so your own school might not offer all the IB courses below. However, these are all the classes the IB has created a curriculum and test for. There are in total 57 classes (counting HL and SL separately).

The Complete List of IB Courses and Classes

The IB recommends 240 teaching hours for HL subjects and 150 hours for SL. Subjects at HL are studied in greater depth and breadth than at SL. At both levels many skills are developed, especially those of critical thinking and analysis. At the end of the course, students’ abilities are measured by means of external assessment.
