American Government

American Government *Longman Publishing Group*

Guided by the belief that students must first understand the origins of American government to fully understand the issues facing the United States today, this market-leading text offers the strongest coverage of both history and current events of any college textbook devoted to American politics. From hallmark features like “The Living Constitution” to new features like the illustrated historical timelines, American Government: Continuity and Change provides the historical context students need to understand our government and the most crucial and controversial issues affecting the nation in the 21st century. The Texas edition of this classic text features the exact same coverage as the comprehensive version but with 7 additional chapters devoted to Texas politics. This bestselling book has been extensively revised to provide in-depth coverage of the 2008 presidential and congressional elections, President George W. Bush’s second administration and the 110th Congress, continued controversies related to the wars in Iraq and Afghanistan and the war on terrorism, and domestic concerns related to rising gas and food prices and the subprime mortgage crisis.

Understand American politics from past to present The Summer 2017 Revel(TM) Re-release of American Government: Roots and Reform includes the following changes: NEW Current Event Bulletins draw examples from the early days of the Trump presidency to contextualize recent events in

American government for students and to highlight information that is most relevant to their lives. New CEB articles include topics such as "What Is the Relationship Between Reality, Fake News, Partisanship, and a Changing Media Environment?" and "What Does It Mean to Serve at the Pleasure of the President?" NEW photos and videos illustrate the changes that occurred within the first one hundred days of the presidency. New imagery includes Sally Q. Yates testifying before the Senate Judiciary Committee and Neil Gorsuch's confirmation hearings; new videos include "What Do Congressional Elections Tell Us about National Politics?" and "How Can the President and Congress Work Together?" and more. UPDATED interactive figures include the latest data and analysis. For example, Figure 6.1 "How Well Does the House of Representatives Reflect the American People?" now shows numbers from the 115th Congress (instead of the 114th) and Figures 12.5 and 12.6 on campaign financing include the final dollar amounts from the 2016 election. Examples of NEW narrative content include a chapter-opener for Chapter 12 about Donald Trump's victory in the context of the Electoral College, analysis of 2016 voter turnout as it relates to income and education, President Trump's Executive Order banning immigrants from seven Muslim nations, his appointment of Justice Neil Gorsuch, his dismissal of ninety-four U.S. Attorneys, and his stance on treaties such as NAFTA, as well as his recent foreign policy moves. NEW LiveSlide dynamic lecture slides include every data visualization and interactive map within your Revel course, giving you a direct path to all the Social Explorers. Revel(TM) American Government: Roots and Reform helps students view the issues facing the United States today through an historical lens. Roots of Reform *University of Chicago Press*

Offering a revision of the understanding of the rise of the American regulatory state in the late 19th century, this book argues that politically mobilised farmers were the driving force behind most of the legislation that increased national control.

American Government 3e

The Irony Of Reform *Routledge*

This book describes how American society has evolved over the past half century by examining the cultural context for political change. It explores the profound alterations that have occurred in American political process and discusses the reforms that have altered the American politics.

New Democracy *Harvard University Press*

The activist state of the New Deal started forming decades before the FDR administration, demonstrating the deep roots of energetic government in America. In the period between the Civil War and the New Deal, American governance was transformed, with momentous implications for social and economic life. A series of legal reforms gradually brought an end to nineteenth-century traditions of local self-government and associative citizenship, replacing them with positive statecraft: governmental activism intended to change how Americans lived and worked through legislation, regulation, and public administration. The last time American public life had been so thoroughly altered was in the late eighteenth century, at the founding and in the years immediately following. William J. Novak shows how Americans translated new conceptions of citizenship, social welfare, and economic democracy into demands for law and policy that delivered public services and vindicated people's rights. Over the course of decades, Americans progressively discarded earlier understandings of the reach and responsibilities of government and embraced the idea that legislators and administrators in Washington could tackle economic regulation and social-welfare problems. As citizens witnessed the successes of an energetic, interventionist state, they demanded more of the same, calling on politicians and civil servants to address unfair competition and labor exploitation, form public utilities, and reform police power. Arguing against the myth that America was a weak state until the New Deal, New Democracy traces a steadily aggrandizing authority well before the Roosevelt years. The United States was flexing power domestically and intervening on behalf of redistributive goals for far longer than is commonly recognized, putting the lie to libertarian claims that the New Deal was an aberration in American history.

Revel for American Government Access Card *Pearson*

Understand American politics from past to present The Summer 2017 Revel(TM) Re-release of American Government: Roots and Reform includes the following changes: - NEW Current Event Bulletins draw examples from the early days of the Trump presidency to contextualize recent events in American government for students and to highlight information that is most relevant to their lives. New CEB articles include topics such as "What Is the Relationship Between Reality, Fake News, Partisanship, and a Changing Media Environment?" and "What Does It Mean to Serve at the Pleasure of the President?" - NEW photos and videos illustrate the changes that occurred within the first one hundred days of the presidency. New imagery includes Sally Q. Yates testifying before the Senate Judiciary Committee and Neil Gorsuch's confirmation hearings; new videos include "What Do Congressional Elections Tell Us about National Politics?" and "How Can the President and Congress Work Together?" and more. - UPDATED interactive figures include the latest data and analysis. For example, Figure 6.1 "How Well Does the House of Representatives Reflect the American People?" now shows numbers from the 115th Congress (instead of the 114th) and Figures 12.5 and 12.6 on campaign financing include the final dollar amounts from the 2016 election. - Examples of NEW narrative content include a chapter-opener for Chapter 12 about Donald Trump's victory in the context of the Electoral College, analysis of 2016 voter turnout as it relates to income and education, President Trump's Executive Order banning immigrants from seven Muslim nations, his appointment of Justice Neil Gorsuch, his dismissal of ninety-four U.S. Attorneys, and his stance on treaties such as

NAFTA, as well as his recent foreign policy moves. - NEW LiveSlide dynamic lecture slides include every data visualization and interactive map within your Revel course, giving you a direct path to all the Social Explorers. Revel(TM) American Government: Roots and Reform helps students view the issues facing the United States today through an historical lens. By presenting coverage of the origins of American government in tandem with material on contemporary political structures and behaviors, authors Karen O'Connor and Larry Sabato help students see how what happened in the past can be used to understand what measures should be taken in the future. In order to boost student engagement with key concepts, the 2016 Presidential Election Edition incorporates coverage of contemporary issues that dominate today's headlines, as well as the most up-to-date data. Revel(TM) is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. America's Battle for Media Democracy *Cambridge University Press*

Drawing from extensive archival research, the book uncovers the American media system's historical roots and normative foundations. It charts the rise and fall of a forgotten media-reform movement to recover alternatives and paths not taken.

Rivalry and Reform *University of Chicago Press*

Few relationships have proved more pivotal in changing the course of American politics than those between presidents and social movements. For all their differences, both presidents and social movements are driven by a desire to recast the political system, often pursuing rival agendas that set them on a collision course. Even when their interests converge, these two actors often compete to control the timing and conditions of political change. During rare historical moments, however, presidents and social movements forged partnerships that profoundly recast American politics. Rivalry and Reform explores the relationship between presidents and social movements throughout history and into the present day, revealing the patterns that emerge from the epic battles and uneasy partnerships that have profoundly shaped reform. Through a series of case studies, including Abraham Lincoln and abolitionism, Lyndon Johnson and the civil rights movement, and Ronald Reagan and the religious right, Sidney M. Milkis and Daniel J. Tichenor argue persuasively that major political change usually reflects neither a top-down nor bottom-up strategy but a crucial interplay between the two. Savvy leaders, the authors show, use social movements to support their policy goals. At the same time, the most successful social movements target the president as either a source of powerful support or the center of opposition. The book concludes with a consideration of Barack Obama's approach to contemporary social movements such as Black Lives Matter, United We Dream, and Marriage Equality.

The Paranoid Style in American Politics *Vintage*

This timely reissue of Richard Hofstadter's classic work on the fringe groups that influence American electoral politics offers an invaluable perspective on contemporary domestic affairs.In The Paranoid Style in American Politics, acclaimed historian Richard Hofstadter examines the competing forces in American political discourse and how fringe groups can influence — and derail — the larger agendas of a political party. He investigates the politics of the irrational, shedding light on how the behavior of individuals can seem out of proportion with actual political issues, and how such behavior

impacts larger groups. With such other classic essays as “Free Silver and the Mind of 'Coin' Harvey” and “What Happened to the Antitrust Movement?, ” The Paranoid Style in American Politics remains both a seminal text of political history and a vital analysis of the ways in which political groups function in the United States.

Our Undemocratic Constitution *Oxford University Press*

Levinson argues that too many of our Constitution's provisions promote either unjust or ineffective government. Under the existing blueprint, we can neither rid ourselves of incompetent presidents nor assure continuity of government following catastrophic attacks. Less important, perhaps, but certainly problematic, is the appointment of Supreme Court judges for life. Adding insult to injury, the United States Constitution is the most difficult

to amend or update of any constitution currently existing in the world today. Democratic debate leaves few stones unturned, but we tend to take our basic constitutional structures for granted. Levinson boldly challenges the American people to undertake a long overdue public discussion on how they might best reform this most hallowed document and construct a constitution adequate to our democratic values. "Admirably gutsy and unfashionable." --Michael Kinsley, The New York Times "Bold, bracingly unromantic, and filled with illuminating insights. He accomplishes an unlikely feat, which is to make a really serious argument for a new constitutional convention, one that is founded squarely on democratic ideals." --Cass R. Sunstein, The New Republic "Everyone who cares about how our government works should read this thoughtful book." --Washington Lawyer

Roots of Reform *Phi Delta Kappa International Incorporated*
