Spin fishing is an angling technique where a spinning lure is used to entice the fish to bite. Spin fishing is used in both freshwater and marine environments. Spin fishing is distinguished between fly fishing and bait cast fishing by the type of rod and reel used. There are two types of reels used when spin fishing, the open faced reel and the closed faced reel. The spin fishing rod has no trigger attached to the base of the fishing rod. This is what differentiates the spin fishing rod from the
