Your Wish Is My Command

A Novel *Bantam*
"For every soul there is one true mate." So says Sebastien Valentin, a former privateer destined to spend eternity bringing soul mates together. Hexed by a voodoo priestess nearly two centuries ago, he is summoned by anyone who unsheathes the Sword of Hearts.... Former powerboat racing champion Jamie Sullivan has seen enough of the world that she doesn't believe in happy endings. And she certainly doesn't believe in the costumed pirate who appears after she draws the antique sword she discovers in her attic—or his claim that he will match three people with their soul mates. And the third will be Jamie herself... .A notorious rake whose resistance to love sealed his fate, Sebastien has a surprising gift for pairing lovers for a lifetime. He introduces Jamie's two closest friends to the happiness only true love brings. But when it comes time to find a union for the unique spirit he has discovered in Jamie Sullivan, Sebastien cannot imagine this fiery woman with anyone ... but himself. Can he break the curse that binds him? Or will he at long last lose his heart ... only to lose the woman he loves?

Your Wish is My Command

Programming by Example *Morgan Kaufmann*
As user interface designers, software developers, and yes-as users, we all know the frustration that comes with using "one size fits all" software from off the shelf. Repeating the same commands over and over again, putting up with an unfriendly graphical interface, being unable to program a new application that you thought of yourself-these are all common complaints. The inflexibility of today's computer interfaces makes many people feel like they are slaves to their computers. Shouldn't it be the other way around? Why can't technology give us more "custom-fitting" software? On the horizon is a new technology that promises to give ordinary users the power to create and modify their own

programs. Programming by example (PBE) is a technique in which a software agent records a user's behavior in an interactive graphical interface, then automatically writes a program that will perform that behavior for the user. Your Wish is My Command: Programming by Example takes a broad look at this new technology. In these nineteen chapters, programming experts describe implemented systems showing that PBE can work in a wide variety of application fields. They include the following: The renowned authors and their editor believe that PBE will some day make it possible for interfaces to effectively say to the user, "Your wish is my command!" * Text and graphical editing * Web browsing * Computer-aided design * Teaching programming to children * Programming computer games * Geographical information systems

Go on an exciting hiking journey in the hills with a very passionate couple who lose themselves, not on the way to the hills, but on the way to fulfil their hidden deep desires. Their intense love erases all boundaries of exploration, even if it's in an isolated cave on a hill. Enjoy reading alone or with that special someone!

The Law of Success

The Master Wealth-Builder's Complete and Original Lesson Plan for Achieving Your Dreams Penguin

Here is the Holy Grail of success philosophy: Napoleon Hill's complete and original formula to achievement presented in fifteen remarkable principles--now newly designed in a handsome single-volume edition. This is the master volume of the extraordinary work that began the career of Napoleon Hill. Originally produced by Hill in 1928 as an eight-book series, The Law of Success is now available to contemporary readers in a single edition, redesigned and reset for ease of reading. The Law of Success is the golden key to Hill's thought--his complete and unabridged mind-power method for achieving your goals. After interviewing dozens of industrialists, diplomats, thought leaders, and successful people from all walks of life, the young Hill distilled what he learned into these fifteen core lessons, organized with an introductory chapter, 'The Master Mind,' that serves as a primer to Hill's overall philosophy. As Hill saw it, these lessons work as a "mind stimulant" that "will cause the student to organize and direct to a DEFINITE end the forces of his or her mind, thus harnessing the stupendous power which most people waste." While future classics of Napoleon Hill would inspire millions of readers, there is no substitute for The Law of Success for everyone who wants to grasp the full range of Hill's ideas and tap their transformative power.

Your Wit Is My Command

Building AIs with a Sense of Humor MIT Press

For fans of computers and comedy alike, an accessible and entertaining look into how we can use artificial intelligence to make smart machines funny. Most robots and smart devices are not known for their joke-telling abilities. And yet, as computer scientist Tony Veale explains in Your Wit Is My Command, machines are not inherently unfunny; they are just programmed that way. By examining the mechanisms of humor and jokes--how jokes actually works--Veale shows that computers can be built with a sense of humor, capable not only of producing a joke but also of appreciating one. Along the way, he explores the humor-generating capacities of fictional robots ranging from B-9 in Lost in Space to TARS in Interstellar, maps out possible scenarios for developing witty robots, and investigates such aspects of humor as puns, sarcasm, and offensiveness. In order for robots to be funny, Veale explains, we need to analyze humor computationally. Using artificial intelligence (AI), Veale shows that joke generation is a knowledge-based process--a sense of humor is blend of wit and wisdom. He notes that existing technologies can detect sarcasm in conversation, and explains how some jokes can be pre-scripted while others are generated algorithmically--all while making the technical aspects of AI accessible for the general reader. Of course, there's no single algorithm or technology that we can plug in to make our virtual assistants or GPS voice navigation funny, but Veale provides a computational roadmap for how we might get there.

Kevin Trudeau's Mega Memory

How to Release Your Superpower Memory in 30 Minutes Or Less a Day Harper Collins

Do you think you have a "bad memory"? Impossible, says Kevin Trudeau, the world's foremost authority on memory improvement training. There are no bad memories, only untrained memories. In order to release our natural memory, Trudeau says, we just need to learn to retrieve what we already know. As founder of the American Memory Institute, Kevin Trudeau has already helped more than one million people do just that. Each Mega Memory lesson in this book takes no more than thirty minutes per day and uses pictures, rather than the laborious word-association techniques of other memory systems, to activate our inborn memory. With this easy-to-follow system, you'll be able to instantly remember names, phone numbers, addresses, financial data, speeches, and schoolwork. Even better, Trudeau's system ensures instant recall and long-term Mega Memory. All you need is the desire to unleash your Mega Memory, and you can reap all these incredible rewards! Labeled with a learning disability at an early age, Kevin Trudeau was convinced his problem was an inability to recall information. He read everything he could on memory improvement. Eventually, he developed his own program for memory retrieval and formed the American Memory Institute. His Mega Memory home study system is the most utilized self-improvement series of all time.

His to Command St. Martin's Griffin

First published as a six-part e serial novel, Opal Carew's His to Command is the scorching tale of one woman's surrender at the hands of a dominant billionaire. Now available for the first time as a complete book, this edition features sizzling new bonus material. Meet a man who's gorgeous, wealthy, powerful, and who demands just one thing—his lover's complete submission. Now she's about to place herself under his command—heart, body and soul. Kate is a modern businesswoman who knows exactly how to run her well-organized world. But underneath her professional exterior lurks a secret that she's been running from for years—a fierce desire to be dominated that both exhilarates and terrifies her. And there's only one man who's ever tempted her to lose control. Powerful executive Matthew Pearce gave Kate her first taste of what it means to surrender completely at the hands of a dominant man, and she's never been able to forget. Though she's spent years trying to outrun her feelings for him, a chance encounter changes everything . . . and this time she might not be able to escape. Deciding to give in to her deepest desires, Kate agrees to spend a week at Matt's mansion exploring her submissive side under his masterful instruction. Just when she starts to fall deeper and harder for him than ever before, a terrible secret from his past threatens to tear them apart, and Kate must decide whether to finally trust Matt with her heart . . . or leave him behind forever. "Fresh, exciting and extremely hot, with characters you'll fall in love with. Absolutely fantastic!" -Fresh Fiction

Your Wish Is My Command 2 Independently Published

I loved you... until... A disastrous wedding left two families in turmoil. When the bride and groom-to-be both go missing after the catastrophe that was their nuptials, the families have to come together to find them. Lafayette "Fee" Wallace fled her wedding after her sister's jealousy caused her to come crashing down from Cloud 9. Comatose and unaware of the trouble brewing back home, she may end up losing her life before she even truly gets to live. Jévon McCoy made one mistake on a drunken night that cost him the love of his life and future wife. He was now being forced to pay for his wrongdoing in a way that no one saw coming. Willing to do anything to get Fee back, he may end up selling his soul to the devil to be reunited with the woman he wanted to give forever to. The Wallaces and McCoys find themselves having to unite to save their children from a force that they thought was gone forever. In the midst of their journey, they find that they are connected in more ways than they could ever have imagined.

Command and Control

Nuclear Weapons, the Damascus Accident, and the Illusion of Safety *Penguin*

The Oscar-shortlisted documentary Command and Control, directed by Robert Kenner, finds its origins in Eric Schlosser's book and continues to explore the little-known history of the management and safety concerns of America's nuclear arsenal. "A devastatingly lucid and detailed new history of nuclear weapons in the U.S. Fascinating." —Lev Grossman, TIME Magazine "Perilous and gripping. . . Schlosser skillfully weaves together an engrossing account of both the science and the politics of nuclear weapons safety." —San Francisco Chronicle A myth-shattering exposé of America's nuclear weapons Famed investigative journalist Eric Schlosser digs deep to uncover secrets about the management of America's nuclear arsenal. A groundbreaking account of accidents, near misses, extraordinary heroism, and technological breakthroughs, Command and Control explores the dilemma that has existed since the dawn of the nuclear age: How do you deploy weapons of mass destruction without being destroyed by them? That question has never been resolved—and Schlosser reveals how the combination of human fallibility and technological complexity still poses a grave risk to mankind. While the harms of global warming increasingly dominate the news, the equally dangerous yet more immediate threat of nuclear weapons has been largely forgotten. Written with the vibrancy of a first-rate thriller, Command and Control interweaves the minute-by-minute story of an accident at a nuclear missile silo in rural Arkansas with a historical narrative that spans more than fifty years. It depicts the urgent effort by American scientists, policy makers, and military officers to ensure that nuclear weapons can't be stolen, sabotaged, used without permission, or detonated inadvertently. Schlosser also looks at the Cold War from a new perspective, offering history from the ground up, telling the stories of bomber pilots, missile commanders, maintenance crews, and other ordinary servicemen who risked their lives to avert a nuclear holocaust. At the heart of the book lies the struggle, amid the rolling hills and small farms of Damascus, Arkansas, to prevent the explosion of a ballistic missile carrying the most powerful nuclear warhead ever built by the United States. Drawing on recently declassified documents and interviews with people who designed and routinely handled nuclear weapons, Command and Control takes readers into a terrifying but fascinating world that, until now, has been largely hidden from view. Through the details of a single accident, Schlosser illustrates how an unlikely event can become unavoidable, how small risks can have terrible consequences, and how the most brilliant minds in the nation can only provide us with an illusion of control. Audacious, gripping, and unforgettable, Command and Control is a tour de force of investigative journalism, an eye-opening look at the dangers of America's nuclear age.

Speak with Impact

How to Command the Room and Influence Others *AMACOM*

Your voice matters, especially as a leader. Every day, you have an opportunity to use your voice to have a positive impact--at work or in your community. You can inspire and persuade your audience--or you can distract and put them to sleep. Nervous, rambling robotic--these presentation styles can ruin a talk on even the most critical topics. And with each weak performance, career prospects dim. To get ahead and make an impact, you need to deliver well-crafted messages with confidence and authenticity. You must sound as capable as you are. Public speaking is a skill, not a talent. With the right guidance, anyone can be a powerful speaker. Learn to conquer fear, capture attention, motivate action, and take charge of your career with Speak with Impact. Written by an opera singer turned CEO, speaker, and executive communication coach, the book unravels the mysteries of commanding attention in any setting, professional or personal. Whether it's speaking up at a meeting, presenting to clients, or talking to large groups, the book's easy-to-use frameworks, examples, and exercises help you Kickstart the creative process Compose a clear and concise message Engage your audience through storytelling and humor Banish filler words and uptalk Strengthen and project your voice Use breathing techniques to overcome stage fright Use effective body language Build your executive presence Deliver presentations with confidence and authenticity When you know what to say and how to say it, people listen. Find your powerful voice... and step into leadership. Speak with impact.

C++ Cookbook *"O'Reilly Media, Inc."*

Designed for the way many developers work, this practical problem-solving guide balances the need for rapid development with a trusted source of information.

On My Command Kitten

On My Command Kitten - a group for people looking for advice and help in a particular area of their love life and Marcello is the one to give them it.Daniella comes across it one night as boredom creeps up and agrees to a meeting without fully understanding the context. Only she finds herself going further than others and wanting Marcello.As Marcello refuses her, her parents are pushing her and telling her she needs to settle down; feeling like everyone is right, she rushes into a relationship with Alesandro, and while he seems sweet and kind, secrets are lurking behind him at every turn.Her family seem to hold a lot of power within her relationship with Alesandro. With her parents controlling everything, Daniella finds herself sucked into a world she left years before, with no way to escape.Will she move on from Alesandro and get Marcello's attention, or will she forever be stuck with Alesandro due to her parent's reckless beliefs?Strong sexual scenes, including BDSM.

The World is at Your Command

The Very Best of Neville Goddard

28 Neville Goddard Chapters that will transform your life.

The Bride Finder *Fawcett*

When Madeline Breton is summoned by the wizard Septimus Fitzleger, otherwise known as the Bride Finder, to redeem the mysterious Anatole St. Leger from his isolation in a castle in Cornwall, she becomes ensnared in an illusory world of dark forces.

The Magic of Believing

The Classic Guide to Unlocking the Power of Your Mind *Courier Dover Publications*

"One of the greatest inspirational and motivational books ever written." — Norman Vincent Peale In this bestselling self-help book, a successful businessman reveals the secrets behind harnessing the unlimited energies of the subconscious. Millions of readers have benefited from these visualization techniques, which show you how to turn your thoughts and dreams into actions that can lead to enhanced income, happier relationships, increased effectiveness, heightened influence, and improved peace of mind. World War I veteran Claude M. Bristol (1891–1951) wrote The Magic of Believing to help former soldiers adjust to civilian life. A pioneer of the New Thought movement and a popular motivational speaker, Bristol addressed those in all walks of life, from politicians and leaders to performers and salespeople. His timeless message of the powers of focused thinking and self-affirmation remains a vital source of inspiration and a practical path to achievement.

Natural Cures "they" Don't Want You to Know about *Alliance Publishing Group Incorporated Self-Help*

The Billionaire's Beck and Call

The Complete Series *Createspace Independent Pub*

The best-selling erotic romance series from Delilah Fawkes is now available in one delicious volume! Isabeau Willcox is just the temp at the front desk, so when the mysterious, sexy and notoriously ill-tempered CEO, Chase Drake asks her to be his executive assistant, she's sure there's been some sort of mistake. However, Mr. Drake wants her, and Mr. Drake always gets what he wants. When she enters his employ, she agrees to be at his beck and call, to be his, but what exactly does that entail? When he punishes her for breaking his rules by bending her over his desk, she realizes she may be in for more than she bargained for. Isabeau is introduced into Chase Drake's world, learning about his darker side, including his secret sex dungeon and deliciously naughty toys that spark her imagination and make her knees weak. He shackles her and makes her his slave, bringing her to heights she never imagined. But when he asks to make their arrangement more permanent, she remembers how quickly he's dismissed previous assistants, and wonders if she can give him the trust he craves. A bad boy business partner, a dangerous secret, and Isabeau's conflicted heart threaten to end it all before it's even begun. Suspenseful action and a romance that will leave your heart, and other places, aching for more weave throughout this story of two different lovers from two very different worlds. This complete version of The Billionaire's Beck and Call series comes with a bonus story: My Best Friend's Brother. Happy reading!

The Last Wish

Short Stories 1: Introducing the Witcher *Gollancz*

Geralт is a witcher, a man whose magic powers, enhanced by long training and a mysterious elixir, have made him a brilliant fighter and a merciless assassin. Yet he is no ordinary murderer: his targets are the multifarious monsters and vile fiends that ravage the land and attack the innocent. He roams the country seeking assignments, but gradually comes to realise that while some of his quarry are unremittingly vile, vicious grotesques, others are the victims of sin, evil or simple naivety. One reviewer said: 'This book is a sheer delight. It is beautifully written, full of vitality and endlessly inventive: its format, with half a dozen episodes and intervening rest periods for both the hero and the reader, allows for a huge range of characters, scenarios and action. It's thought-provoking without being in the least dogmatic, witty without descending to farce and packed with sword fights without being derivative. The dialogue sparkles; characters morph almost imperceptibly from semi-cliche to completely original; nothing is as it first seems. Sapkowski succeeds in seamlessly welding familiar ideas, unique settings and delicious twists of originality: his Beauty wants to rip the throat out of a sensitive Beast; his Snow White seeks vengeance on all and sundry, his elves are embittered and vindictive. It's easily one of the best things I've read in ages.'

As You Wish

Inconceivable Tales from the Making of The Princess Bride *Simon and Schuster*

In a 25th anniversary, behind-the-scenes account of the making of the cult-classic film, the lead actor shares never-before-told stories and exclusive photographs as well as interviews with Robin Wright, Billy Crystal and more. 100,000 first printing.

The Moonlight Child *Nightsky Press*

Large Print Edition A gripping and emotional novel that will leave you wondering about the neighbors next door... On a cold January night, Sharon Lemke heads outside to see a lunar eclipse when she notices something odd at the house behind her backyard. Through her neighbor's kitchen window, she sees what appears to be a little girl washing dishes late at night. But the Fleming family doesn't have a child that age, and even if they did, why would she be doing housework at this late hour? It would be easy for Sharon to just let this go, but when eighteen-year-old Niki, a former foster child, comes to live with Sharon, she notices suspicious activity at the Flemings' house as well. When calling social services doesn't result in swift action, the two decide to investigate on their own.

The Master Key System *The Floating Press*

The Master Key System is a personal development book by Charles F. Haanel. Originally a 24 week correspondence course released in 1912, it was published in this book form in 1917. Along with "The Science of Getting Rich", by Wallace D. Wattles, the Master Key System was a primary inspiration for Rhonda Byrne's book and film "The Secret". Charles F. Haanel was an American author, millionaire, entrepreneur, and businessman who belonged to the American Scientific League and several Masonic societies.

The Confessions of S. Augustine

The Last Wish

Geralт de Riv, a witcher, uses his vast sorcerous powers to hunt down the monsters that threaten the world, but he soon discovers that not every monstrous-looking creature is evil, and not everything beautiful is good.

Angel's Command *Penguin*

Brian Jacques, New York Times bestselling author of the Redwall series, brings you a "jam-packed adventure is a swashbuckling take of pirates on the high seas" (Detroit Free Press). Ben and his black labrador, castaways from the legendary ghost ship Flying Dutchman, swore never to go to sea again. But fate casts them adrift once more on a French pirate ship, with two villainous sea captains--and a ghost--in pursuit.

Start with Why

How Great Leaders Inspire Everyone to Take Action Penguin

The inspiring, life-changing bestseller by the author of LEADERS EAT LAST and TOGETHER IS BETTER. In 2009, Simon Sinek started a movement to help people become more inspired at work, and in turn inspire their colleagues and customers. Since then, millions have been touched by the power of his ideas, including more than 28 million who’ve watched his TED Talk based on START WITH WHY -- the third most popular TED video of all time. Sinek starts with a fundamental question: Why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. START WITH WHY shows that the leaders who've had the greatest influence in the world all think, act, and communicate the same way -- and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.

Command Of The Air Pickle Partners Publishing

In the pantheon of air power spokesmen, Giulio Douhet holds center stage. His writings, more often cited than perhaps actually read, appear as excerpts and aphorisms in the writings of numerous other air power spokesmen, advocates-and critics. Though a highly controversial figure, the very controversy that surrounds him offers to us a testimonial of the value and depth of his work, and the need for airmen today to become familiar with his thought. The progressive development of air power to the point where, today, it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest In fact, in many ways, the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth of his vision. Douhet, together with Hugh “Boom” Trenchard of Great Britain and William “Billy” Mitchell of the United States, is justly recognized as one of the three great spokesmen of the early air power era. This reprint is offered in the spirit of continuing the dialogue that Douhet himself so perceptively began with the first edition of this book, published in 1921. Readers may well find much that they disagree with in this book, but

also much that is of enduring value. The vital necessity of Douhet’s central vision-that command of the air is all important in modern warfare-has been proven throughout the history of wars in this century, from the fighting over the Somme to the air war over Kuwait and Iraq.

Be What You Wish Samaira Book Publishers

You can change the course of your life by your imagination and your affirmations. You can change your future by changing your thinking. Most men are totally unaware of the creative power of imagination. When you discover this creative power within yourself, you will boldly assert the supremacy of imagination and put all things in subjection to it.

Learning the bash Shell

Unix Shell Programming "O'Reilly Media, Inc."

O'Reilly's bestselling book on Linux's bash shell is at it again. Now that Linux is an established player both as a server and on the desktop Learning the bash Shell has been updated and refreshed to account for all the latest changes. Indeed, this third edition serves as the most valuable guide yet to the bash shell.As any good programmer knows, the first thing users of the Linux operating system come face to face with is the shell the UNIX term for a user interface to the system. In other words, it's what lets you communicate with the computer via the keyboard and display. Mastering the bash shell might sound fairly simple but it isn't. In truth, there are many complexities that need careful explanation, which is just what Learning the bash Shell provides.If you are new to shell programming, the book provides an excellent introduction, covering everything from the most basic to the most advanced features. And if you've been writing shell scripts for years, it offers a great way to find out what the new shell offers. Learning the bash Shell is also full of practical examples of shell commands and programs that will make everyday use of Linux that much easier. With this book, programmers will learn: How to install bash as your login shell The basics of interactive shell use, including UNIX file and directory structures, standard I/O, and background jobs Command line editing, history substitution, and key bindings How to customize your shell environment without programming The nuts and bolts of basic shell programming, flow control structures, command-line options and typed variables Process handling, from job control to processes, coroutines and subshells Debugging techniques, such as trace and verbose modes Techniques for implementing system-wide shell customization and features related to system security
