The New World Of Russian

While western Europe colonized the New World, the Tsardom of Russia expanded overland – principally to the east, north and south. This continued for centuries; by the end of the 19th century, the Russian Empire reached from the Black Sea to the Pacific Ocean , and for some time included colonies in the Americas (1732–1867) and a short-lived unofficial colony in Africa (1889) in present-day Djibouti .

Russia and the New World Disorder. The Russian annexation of Crimea was one of the great strategic shocks of the past twenty-five years. For many in the West, Moscow's actions in early 2014 marked the end of illusions about cooperation, and the return to geopolitical and ideological confrontation. Russia, for so long a peripheral presence, had become the central actor in a new global drama.

The New World. The last two decades of the 19 th century brought a tremendous change in Jewish life the world over, especially to Eastern European Jews. It was as though, from Heaven, a signal was sent to them that it was time to leave. There occurred a mass migration that had not occurred in the Jewish world since the time of the expulsion from Spain.
