Global history teaches us to recognise that there has been a relatively short period (three centuries, not much more) of Western geopolitical, scientific and technological hegemony when all historiographical traditions (including separable traditions of

European nations) extolled, rejected or adapted to alien packages of modernities on offer from outside their own more or less insulated frontiers and cultures.

Global History - Articles - Making History

A global history of historical writing & thought from the ancient world to the present, this is a guide to human efforts to recover, understand & represent the past. Numerous extracts & illustrations demonstrate the different forms that historical consciousness has taken & history's development into a modern discipline.

A Global History of Gold Rushes brings together historians of the United States, Africa, Australasia, and the Pacific World to tell the rich story of these nineteenth century gold rushes from a global perspective. Gold was central to the growth of capitalism: it

whetted the appetites of empire builders, mobilized the integration of global markets and economies, profoundly affected the environment, and transformed large-scale migration patterns.

Football has become a global phenomenon: a

tribal sport, big business, multimedia experience, leisure activity and sometime political tool. This module explores the history of football from its origins to the present day and explores key themes including localism, nationalism, politics, race, class and gender.

A Global History of Football (HI2B5)

Abstract Art: A Global History by Pepe Karmel (Thames & Hudson, 2020). Art historians often begin with a close focus on an individual artifact before setting that object into a history.

The End of Art History

The history of slavery spans many cultures, nationalities, and religions from ancient

times to the present day. However, the social, economic, and legal positions of slaves have differed vastly in different systems of slavery in different times and places. Slavery occurs relatively rarely among hunter-gatherer populations because it develops under conditions of social stratification.

Aeroplane
(HI3K2-30)**

In a similar way a global concept history of caste can 'incorporate actors and archives from the margins of history as agents of historical change'. In these conceptual histories, the global does remain

an external category of analysis, but is intrinsic in the potential for abstraction present in the archives itself. By exploring this potential, I indicate a way in which dense micro histories can be interbraided with larger conceptual arguments and themes, allowing the history to be ...
