Theory of obligationes - Wikipedia

Many of the characteristically medieval logical doctrines in the Logica moderna centred on the notion of "suppositio" (suppositio). Already by the late 12th century, the theory of supposition had begun to form. In the 13th century, special treatises on the topic multiplied. The summulists all discussed it at length.

INTRODUCTION. "Interest in medieval logic, and recognition of its significance

as an original development of the formal logic founded by Aristotle, has arisen only within the past thirty-five years [written in 1966]. For more than three centuries it had been assumed, by logicians and historians alike, that medieval logic was no more than a scholastic trivialization of Aristotelian logic, its principal contribution being a ...
