...

This broad approach to business training will focus on soft skills such as listening, communication and presentation through the far-reaching power of Improv. You will have the chance to connect to your fellow participants in new and surprising ways while working on your own responses, anxieties and habits in a fresh and exciting way.

### **Introduction to Business Improv | Training Courses by The**

...

Experiential learning is the process of learning through experience. It focuses on the learning process of the individual. It is far more effective in the acquisition of knowledge than traditional learning, where the learner plays a comparatively passive role. A surgeon doesn't learn how to cut just by reading a book.

### **Experiential Learning | Improv4Business**

Overall, Business Improv is a welcome book, one that translates activities and practices from the world of improv comedy into the improv required to do business and bring people together. Recommended for anyone who is looking to shake their

organization out of its preprogrammed or traditional way of thinking and gain the flexibility needed to find new answers to new questions.
