Jealousy of Trade — Istvan Hont | Harvard University Press

In Jealousy of Trade, Hume noted the tendency of countries to see those more successful than themselves as threats in what is presented as the zero-sum game of economic warfare in which one country's gain is another's loss, rather than a positive-sum game of trading in which all participants benefit. Jealousy is provoked both by those who have always been successful and by newly successful traders—as present-day jealousy of both the United States and of China shows.
