Gartner IT Infrastructure Operations Management

Infrastructure and operations (I&O) leaders have had to change plans rapidly to adjust to remote workforces and cost pressures, and keep core systems operational and resilient. As business moves faster into new territory, IT leaders face a critical mandate and opportunity: Adapt and innovate IT I&O to deliver competitive advantage in a world that is full of disruption.

Gartner IT Infrastructure, Operations & Cloud Strategies

...

Success as a new infrastructure and operations (I&O) leader depends on establishing a foundation from the beginning. This requires that you gain a firm grasp of stakeholder expectations, understand how to deliver value, and clearly communicate your goals and objectives. Gartner has the tools and research to help you hit the ground running.

Infrastructure & Operations - Gartner

Gartner conferences are designed for IT and business executives as well as decision makers looking to adapt and evolve their organizations through disruption and uncertainty, navigate risks and prioritize investments. Gartner will be delivering conferences virtually through August 2021 and resume in-person conferences starting in September 2021.
