Privatization has spread worldwide during the 1980s and 1990s, and has significantly reshaped the

balance between state and market in many countries. This book provides a comparative political analysis of the development, form, character and causes of privatization in three countries: the UK, USA and France. The authors argue that privatization is a political phemen and should be analyzed as such, rather than being seen as an ecomic response to the growth of the state and the cost of state ...
