When the Past Is Present

Healing the Emotional Wounds that Sabotage our Relationships *Shambhala Publications*
In this book, psychotherapist David Richo explores how we replay the past in our present-day relationships—and how we can free ourselves from this destructive pattern. We all have a tendency to transfer potent feelings, needs, expectations, and beliefs from childhood or from former relationships onto the people in our daily lives, whether they are our intimate partners, friends, or acquaintances. When the Past Is Present helps us to become more aware of the ways we slip into the past so that we can identify our emotional baggage and take steps to unpack it and put it where it belongs. Drawing on decades of experience as a psychotherapist, Richo helps readers to: • Understand how the wounds of childhood become exposed in adult relationships—and why this is a gift • Identify and heal the emotional wounds we carry over from the past so that they won't sabotage present-day relationships • Recognize how strong attractions and aversions to people in the present can be signals of own own unfinished business • Use mindfulness to stay in the present moment and cultivate authentic intimacy

When the Past Is Always Present

Emotional Traumatization, Causes, and Cures *Routledge*
When the Past Is Always Present: Emotional Traumatization, Causes, and Cures introduces several new ideas about trauma and trauma treatment. The first of these is that another way to treat disorders arising from the mind/brain may be to use the senses. This idea, which is at the core of psychosensory therapy, forms what the author considers the "third pillar" of trauma treatment (the first and second pillars being psychotherapy and psychopharmacology). Psychosensory therapy postulates that sensory input—for example, touch—creates extrasensory activity that alters brain function and the way we respond to stimuli. The second idea presented in this book is that traumatization is encoded in the amygdala only under special circumstances. Thus, by understanding what makes an individual resistant to traumatization we can offer a way of preventing it. The third idea is that traumatization occurs because we cannot find a haven during the event. This is the cornerstone of havening, the particular form of psychosensory therapy described in the book. Using evolutionary biological principles and recently published neuroscientific studies, this book outlines in detail how havening touch de-links the emotional experience from a trauma, essentially making it just an ordinary memory. Once done, the event no longer causes distress.

The Past as Present

Forging Contemporary Identities Through History
Nations need identities. These are created from perceptions of how societies have evolved. In this, history plays a central role. Insisting on reliable history is therefore crucial to more than just a pedagogic cause. Delicate relationships between the past and present or an exacting understanding of the past, call for careful analyses. Understanding India's past is of vital importance to the present. Many popularly held views about the past need to be critically enquired into before they can be taken as historical. Why is it important for Indian society to be secular? When did communalism as an ideology gain a foothold in the country? How and when did the patriarchal system begin to support a culture of violence against women? Historian Romila Thapar has investigated, analyzed, and interpreted the history that underlies such questions throughout her career. Through the incisive essays in The Past as Present, she argues that it is of critical importance for the Indian past to be carefully and rigorously explained if the legitimacy of the present, wherever it derives from the past, is to be portrayed as accurately as possible. This is particularly crucial given the attempts by unscrupulous politicians, religious fundamentalists, and their ilk to wilfully misrepresent and manipulate the past in order to serve their present-day agendas. The Past as Present is an essential and necessary book at a time when sectarianism, false nationalism, and the muddying of historical facts are increasingly becoming a feature of our public, private, and intellectual lives.

He visits ten sites in each of the cities and records his past and present experiences in prose poetry and drawings. Past Present

How to Stop Making the Same Relationship Mistakes---and Start Building a Better Life *Thomas Nelson*
Past Present shows readers how to change destructive relationship patterns by identifying the root issues from their pasts and finding the source of healing for their unique stories. No matter where we are in life, both our greatest joys and our deepest heartaches are linked to the people in our lives--family, friends, or coworkers. And each of us brings both beauty and brokenness into relationships. The origins of our beauty and our brokenness often can be traced to the patterns of relating we learned when we were young. We relate to others in ways that reflect the distorted messages we heard and internalized earlier in life. The good news is this: we don't have to remain stuck in these patterns. In Past Present, Scott Vaudrey equips us with tools and a strategy to identify the messages we've internalized--both as children and as adults--from the influential people in our lives; refute and repair the distorted messages that led to unhelpful patterns now holding us back; and recognize the productive messages we internalized and maximize the strengths they built into us along the way. We can't undo yesterday. But we can do the rest of our lives better.

The Past as Present in the Drama of August Wilson *University of Michigan Press*
Pulitzer-prizewinning playwright August Wilson, author of Fences, Ma Rainey's Black Bottom, and The Piano Lesson, among other dramatic works, is one of the most well respected American playwrights on the contemporary stage. The founder of the Black Horizon Theater Company, his self-defined dramatic project is to review twentieth-century African American history by creating a play for each decade. Theater scholar and critic Harry J. Elam examines Wilson's published plays within the context of contemporary African American literature and in relation to concepts of memory and history, culture and resistance, race and representation. Elam finds that each of Wilson's plays recaptures narratives lost, ignored, or avoided to create a new experience of the past that questions the historical categories of race and the meanings of blackness. Harry J. Elam, Jr. is Professor of Drama at Stanford University and author of Taking It to the Streets: The Social Protest Theater of Luis Valdez and Amiri Baraka (The University of Michigan Press).

Time Present and Time Past *Faber & Faber*
Fintan Buckley is a pleasant, rather conventional and unimaginative man, who works as a legal adviser in an import/export firm in Dublin. He lives in Howth and is married to Colette. They have

two sons who are at university, and a small daughter. As he goes about his life, working and spending time with his family, Fintan begins to experience states of altered consciousness and auditory hallucinations, which seem to take him out of a linear experience of time. He becomes interested in how we remember or imagine the past, an interest trigged by becoming aware of early photography, particularly early colour photography. He also finds himself thinking more about his own past, including time spent holidaying in the north of Ireland as a child with his father's family. Over the years he has become distanced from them, and in the course of the novel this link is re-established and helps to bring him understanding and peace, although in a most unexpected way. Time Present and Time Past, Deirdre Madden's eighth novel for adults, is about time: about how not just daily life and one's own, or one's family's past, intersect with each other.

Time Present, Time Past

A Memoir *Vintage*
During his terms in the U.S. Senate, Bill Bradley won a national reputation for thoughtfulness, decency, and a willingness to take controversial positions on issues ranging from tax reform to the rights of Native Americans. All these qualities inform this best-selling memoir, in which Bradley assesses his political career and the experiences that shaped his convictions, and looks beyond them to consider the state of the American union on the eve of the 21st century. Time Present, Time Past offers an intimate portrait of the day-to-day working of the Senate: how legislation gets passed and sometimes thwarted; how money is raised and at what cost. But Bradley also writes about deeper questions: What does it mean to be an American in an ago of dwindling opportunities and increasing inequality? How much can we expect from our public servants? What do we owe our fellow citizens? The result is a genuinely revelatory book, informed by intelligence, compassion, and unprecedented candor. Whether it's fear of commitment, insecurity, jealousy, or a tendency to be controlling, the real obstacle is a fundamental lack of trust—both in ourselves and in our partner. Daring to Trust explores the importance of trust throughout our emotional lives: how it develops in childhood and how it becomes an essential ingredient in healthy adult relationships. It offers key insights and practical exercises for exploring and addressing our trust issues in relationships. Topics include: • How we learn early in life to trust others (or not to trust them) • Why we fear trusting • Developing greater trust in ourselves as the

basis for trusting others • How to know if someone is trustworthy • Naïve trust vs. healthy, adult trust • What to do when trust is broken Ultimately, Richo explains, we must develop trust in four directions: toward ourselves, toward others, toward life as it is, and toward a higher power or spiritual path. These four types of trust are not only the basis of healthy relationships, they are also the foundation of emotional well-being and freedom from fear.

Theodore Draper is one of America's most trenchant and informed critics. A Present of Things Past gathers together ten of his most recent and most powerful selected essays, in which Draper, with his customary acuity and wit, tackles a host of issues that define America's political culture. A Present of Things Past is concerned with a reexamination of the Second World War in both its military and its political aspects; the trajectory of American conservatism as it manifested itself during the Reagan years; the rise of Gorbachev and the history of "reform" in the Soviet Union; the revisionist debate over the origins and history of American communism; and the persistent mystery of a man named Max Eitingon, who was, depending on one's reading of the sources, either an important figure in the history of psychoanalysis or an agent of the Soviet secret police, or both. In "American Hubris," Draper illuminates the assumptions that have guided American foreign policy in the postwar period, and concludes that our costly misadventures--in Korea, Vietnam, Lebanon, and elsewhere--cannot be considered a string of aberrations. They were, he argues, a consequence of the Truman Doctrine. In "Reagan's Junta," Draper observes: "This is supposed to have been the era of the imperial presidency. It has turned out to be the era of presidencies that have tried to make themselves imperial-and failed." Throughout these compelling essays, Draper demonstrates the uses and abuses to which history has been put by ideologues of both the left and the right. He finds unacceptable, for example, the practice of many journalists of fictionalizing their sources. The New York Times has called Draper "one of the clearer-eyed observers of the issues that torment us." A Present of Things Past enhances that reputation.

Hellenomania *Routledge*

Hellenomania, the second volume in the MANIA series, presents a wide-ranging, multi-disciplinary exploration of the modern reception of ancient Greek material culture in cultural practices ranging from literature to architecture, stage and costume design, painting, sculpture, cinema, and the performing arts. It examines both canonical and less familiar responses to both real and imagined Greek antiquities from the seventeenth century to the present, across various national contexts. Encompassing examples from Inigo Jones to the contemporary art exhibition documenta 14, and from Thessaloniki and Delphi to Nashville, the contributions examine attempted reconstructions of an 'authentic' ancient Greece alongside imaginative and utopian efforts to revive the Greek spirit using modern technologies, new media, and experimental practices of the body. Also explored are the political resonances of Hellenomaniac fascinations, and tensions within them between the ideal and the real, the past, present, and future. Part I examines the sources and derivations of Hellenomania from the Baroque and pre-Romantic periods to the early twentieth century. While covering more canonical material than the following sections, it also casts spotlights on less familiar figures and sets the scene for the illustrations of successive waves of Hellenomania explored in subsequent chapters. Part II focuses on responses, uses, and appropriations of ancient Greek material culture in the built environment—mostly architecture—but also extends to painting and even gymnastics; it examines in particular how a certain idealisation of ancient Greek architecture affected its modern applications. Part III explores challenges to the idealisation of ancient Greece, through the transformative power of colour, movement, and of reliving the past in the present human body, especially female. Part IV looks at how the fascination with the material culture of ancient Greece can move beyond the obsession with Greece and Greekness.

My Monticello

Fiction *Henry Holt and Company*

“A badass debut by any measure—nimble, knowing, and electrifying.” —Colson Whitehead, Pulitzer Prize-winning author of The Nickel Boys and Harlem Shuffle "...'My Monticello' is, quite simply, an extraordinary debut from a gifted writer with an unflinching view of history and what may come of it." — The Washington Post Winner of the Weatherford Award in Fiction A young woman descended from Thomas Jefferson and Sally Hemings driven from her neighborhood by a white militia. A university professor studying racism by conducting a secret social experiment on his own son. A single mother desperate to buy her first home even as the world hurtles toward catastrophe. Each fighting to survive in America. Tough-minded, vulnerable, and brave, Jocelyn Nicole Johnson’s precisely imagined debut explores burdened inheritances and extraordinary pursuits of belonging. Set in the near future, the eponymous novella, “My Monticello,” tells of a diverse group of Charlottesville neighbors fleeing violent white supremacists. Led by Da’Naisha, a young Black descendant of Thomas Jefferson and Sally Hemings, they seek refuge in Jefferson’s historic

plantation home in a desperate attempt to outlive the long-foretold racial and environmental unravelling within the nation. In “Control Negro,” hailed by Roxane Gay as “one hell of story,” a university professor devotes himself to the study of racism and the development of ACMs (average American Caucasian males) by clinically observing his own son from birth in order to “painstakingly mark the route of this Black child too, one whom I could prove was so strikingly decent and true that America could not find fault in him unless we as a nation had projected it there.” Johnson’s characters all seek out home as a place and an internal state, whether in the form of a Nigerian widower who immigrates to a meager existence in the city of Alexandria, finding himself adrift; a young mixed-race woman who adopts a new tongue and name to escape the landscapes of rural Virginia and her family; or a single mother who seeks salvation through “Buying a House Ahead of the Apocalypse.” United by these characters’ relentless struggles against reality and fate, My Monticello is a formidable book that bears witness to this country’s legacies and announces the arrival of a wildly original new voice in American fiction.

On Chesil Beach *Vintage Canada*

NOW A MAJOR MOTION PICTURE The #1 bestselling author of Saturday and Atonement brilliantly illuminates the collision of sexual longing, deep-seated fears and romantic fantasy in his unforgettable, emotionally engaging novel. The year is 1962. Florence, the daughter of a successful businessman and an aloof Oxford academic, is a talented violinist. She dreams of a career on the concert stage and of the perfect life she will create with Edward, the earnest young history student she met by chance and who unexpectedly wooed her and won her heart. Edward grew up in the country on the outskirts of Oxford where his father, the headmaster of the local school, struggled to keep the household together and his mother, brain-damaged from an accident, drifted in a world of her own. Edward’s native intelligence, coupled with a longing to experience the excitement and intellectual fervour of the city, had taken him to University College in London. Falling in love with the accomplished, shy and sensitive Florence--and having his affections returned with equal intensity--has utterly changed his life. Their marriage, they believe, will bring them happiness, the confidence and the freedom to fulfill their true destinies. The glowing promise of the future, however, cannot totally mask their worries about the wedding night. Edward, who has had little experience with women, frets about his sexual prowess. Florence’s anxieties run deeper: she is overcome by conflicting emotions and a fear of the moment she will surrender herself. From the precise and intimate depiction of two young lovers eager to rise above the hurts and confusion of the past, to the touching story of how their unexpressed misunderstandings and fears shape the rest of their lives, On Chesil Beach is an extraordinary novel that brilliantly, movingly shows us how the entire course of a life can be changed--by a gesture not made or a word not spoken.

Shadow Dance *Shambhala Publications*

Our "shadow" is the collection of negative or undesirable traits we keep hidden—the things we don't like about ourselves or are afraid to admit: egotist, non-"PC" proclivities, forbidden sexual desires. But it also includes our positive, untapped potential—qualities we may admire in others but disavow in ourselves. Befriending the shadow makes fear an ally and enables us to live more authentically. It also automatically improves our interpersonal relationships, because we are freed from the need to project our own negativity onto others, and we become more acutely aware when theirs is projected onto us. David Richo looks for where the shadow manifests in personal life, family interaction, religion, relationship, and the world around is. He shows how to use the gentle practice of mindfulness to work with our shadow side, and he provides numerous exercises for going deeper. He is remarkably skillful at making the shadow concept not only easy to understand, but supremely practical for enhancing the quality of our lives.

Encountering the Past Within the Present

Modern Experiences of Time

Encountering the Past within the Present: Modern Experiences of Timeexamines different encounters with the past from within the present - whether as commemoration, nostalgia, silence, ghostly haunting or combinations thereof. Taking its cue from Hannah Arendt's definition of the present as a time span lying between past and future, the author reflects on the old philosophical question of how to live the good life - not only with others who are physically with us, but also with those whose

presence is ghostly and liminal. While tradition may no longer command the same authority as it did in antiquity or the middle ages; individuals are, by no means, severed from the past. Rather, nostalgic longing for bygone times and traumatic preoccupation with painful historical events demonstrate the vitality of the past within the present. Divided into three parts, chapters examine ways in which the legacies of World War II, the Holocaust and communism have been remembered after 1945 and 1989. Maintaining a sustained reflection on the nexus of memory, modernity and time in tandem with ancient questions of responsibility for one another and the world, the volume contributes to the growing field of memory studies from a philosophical perspective. As such, it will appeal to scholars of sociology, social theory and philosophy with interests in collective memory and heritage.
