- From the lead character's devoted best friend to the mysterious unfamiliar person the villain befriends, the supporting cast aids to bring the world of the tale to life.

In general, the personality advancement in this publication is just one of its strengths. Each character is well-crafted and adds to the overall story, making for a genuinely enjoyable read.

FINAL VERDICT

After checking out and evaluating Thanks For The Feedback from cover to cover, we have concerned our last judgment.

The Pros

One of the major highlights of this book Thanks For The Feedback is its special storytelling design which maintains the readers involved throughout guide. Furthermore, the strong characters make the book much more relatable and delightful to read. Additionally, the story twists maintain the viewers on their toes, making the book unforeseeable and exciting.

The Disadvantages

Nonetheless, there were some elements that we found doing not have. The pacing of Thanks For The Feedback was slow-moving sometimes, that made it really feel dragged out. Additionally, there were some loose ends that were not tied up by the end of the book, which left us with unanswered inquiries.

Final Thoughts

In general, our team believe that Thanks For The Feedback is worth a read, despite some small flaws. The one-of-a-kind storytelling style, relatable characters, and story twists make it a beneficial enhancement to your shelf. So, if you're seeking an exciting read, Thanks For The Feedback is certainly worth considering.

Thanks for the Feedback

The Science and Art of Receiving Feedback Well *Penguin*

The coauthors of the New York Times-bestselling *Difficult Conversations* take on the toughest topic of all: how we see ourselves Douglas Stone and Sheila Heen have spent the past fifteen years working with corporations, nonprofits, governments, and families to determine what helps us learn and what gets in our way. In *Thanks for the Feedback*, they explain why receiving feedback is so crucial yet so challenging, offering a simple

framework and powerful tools to help us take on life's blizzard of offhand comments, annual evaluations, and unsolicited input with curiosity and grace. They blend the latest insights from neuroscience and psychology with practical, hard-headed advice. *Thanks for the Feedback* is destined to become a classic in the fields of leadership, organizational behavior, and education.

Thanks for the Feedback

The Science and Art of Receiving Feedback Well *Penguin*

The bestselling authors of the classic *Difficult Conversations* teach us how to turn evaluations, advice, criticisms, and coaching into productive listening and learning. We swim in an ocean of feedback. Bosses, colleagues, customers—but also family, friends, and in-laws—they all have “suggestions” for our performance, parenting, or appearance. We know that feedback is essential for healthy relationships and professional development—but we dread it and often dismiss it. That's because receiving feedback sits at the junction of two conflicting human desires. We do want to learn and grow. And we also want to be accepted just as we are right now. *Thanks for the Feedback* is the first book to address this tension head on. It explains why getting feedback is so crucial yet so challenging, and offers a powerful framework to help us take on life's blizzard of off-hand comments, annual evaluations, and unsolicited advice with curiosity and grace. The business world spends billions of dollars and millions of hours each year teaching people how to give feedback more effectively. Stone and Heen argue that we've got it backwards and show us why the smart money is on educating

receivers—in the workplace and in personal relationships as well. Coauthors of the international bestseller *Difficult Conversations*, Stone and Heen have spent the last ten years working with businesses, nonprofits, governments, and families to determine what helps us learn and what gets in our way. With humor and clarity, they blend the latest insights from neuroscience and psychology with practical, hard-headed advice. The book is destined to become a classic in the world of leadership, organizational behavior, and education.

Thanks for the Feedback

The Science and Art of Receiving Feedback Well *Penguin UK*

The authors of the classic *Difficult Conversations* teach you how to take criticism productively in *Thanks for the Feedback*. We get feedback every day of our lives, from friends and family, colleagues, customers, and bosses, teachers, doctors, and strangers. We're assessed, coached, and criticized about our performance, personalities and appearance. We know that feedback is essential for professional development and healthy relationships - but we dread it and even dismiss it. That's because while we want to learn and grow, we also want to be accepted just as we are. *Thanks for the Feedback* is the first book to address this tension head on. In it, the world-renowned team behind the Harvard Negotiation Project offer a simple framework and powerful tools, showing us how to take on life's blizzard of comments and advice with curiosity and grace. 'I'll admit it: *Thanks for the Feedback* made me uncomfortable. And that's one reason I liked it so much. With keen insight and lots of practical

takeaways, it reveals why getting feedback is so hard - and then how we can do better' Daniel H. Pink, author of *To Sell Is Human* and *Drive* 'Thanks for the Feedback is a road map to more self-awareness, greater learning, and richer relationships. A tour de force' Adam Grant, Wharton professor and author of *Give and Take* Douglas Stone and Sheila Heen are Lecturers on Law at Harvard Law School and cofounders of Triad Consulting. Their clients include the White House, Citigroup, Honda, Johnson & Johnson, Time Warner, Unilever, and many others. They are co-authors of the international bestseller *Difficult Conversations*. Stone lives in Cambridge, MA. Heen lives with her husband and three children in a farmhouse north of Cambridge, MA.

Thanks for the Feedback, I Think *Boys Town Press*

It doesn't matter if RJ hears compliments or constructive feedback, he is never sure how to respond. With guidance from his family, RJ learns why feedback, even when it's difficult to accept, is information he can use to become a better person.

Difficult Conversations

How to Discuss What Matters Most *Penguin*

having those tough conversations with less stress and more success. you'll learn how to: · Decipher the underlying structure of every difficult conversation · Start a conversation without defensiveness · Listen for the meaning of what is not said · Stay balanced in the face of attacks and accusations · Move from emotion to productive problem solving

Thank God for the Feedback

Using Feedback to Fuel Your Personal, Professional and Spiritual Growth

Thank God for the Feedback is designed for use as a companion resource to help individuals explore the tools offered in *Thanks for the Feedback: the Science and Art of Receiving Feedback Well* (Stone & Heen, 2014) in a small group setting. Join others in wrestling with feedback from all areas of life - at work, from your spouse, in-laws or kids, and from each other. This workbook provides an 8-session study exploring the biblical truths behind the practical tools and facilitates discussion for turning even the most frustrating feedback into opportunities to drive your own personal, professional and spiritual growth.

The Feedback Imperative

How to Give Everyday Feedback to Speed Up Your Team's Success *Greenleaf Book Group*

See faster results through everyday feedback. *The Feedback Imperative: How to Give Everyday Feedback to Speed Up Your Team's Success* reveals the hidden reasons why giving feedback

to employees can be so difficult and yet so urgently needed in today's workplace, and provides the definitive steps for overcoming feedback avoidance and taking great leaps forward with employee engagement, retention, and performance. Anna Carroll applies her extensive research and expertise in business consulting and psychology to illustrate how brain science, generational trends, our information economy, limiting beliefs, and organizational culture collide in the new workplace, creating a huge gap between the supply and demand of helpful professional feedback. In her "Seven Steps to Everyday Feedback" and sixteen tools for self-assessment and planning, Carroll provides detailed instructions for leaders to execute a feedback turnaround that will quench their team members' thirst for helpful feedback and build a culture in which employee-to-leader and peer-to-peer feedback are welcome as well.

The Feedback Fix

Dump the Past, Embrace the Future, and Lead the Way to Change *Rowman & Littlefield*

The secret to giving better feedback isn't what we say – it's what others hear. Too often, people hear about a past they can't control, not a future they can. That changes with "feedforward" – a radical approach to sharing feedback that unleashes the performance and potential of everyone around us. From managers and coaches trying to energize their teams, to teachers hoping to motivate their students, to parents looking to empower their children, people from all walks of life want others to hear what they have to say. Through a lively blend of stories

and studies, *The Feedback Fix* shows them how by presenting a six-part REPAIR plan that spreads feedforward across boardrooms, classrooms, and even dining rooms. Even with drastic changes in how we work and live, the experiences we create for others – joy or fear, growth or decline, success or failure – still hang on the feedback we share. *The Feedback Fix* makes a compelling argument for getting what we want by giving others what they need – all while rebuilding the way we lead, learn, and live.

Thanks for the Feedback...(I Think!) Activity Guide for Teachers

Classroom Ideas for Teaching the Skills of Accepting Criticism and Compliments *Boys Town Press*

Use these fun ideas to help your students succeed in the classroom and beyond when they learn to accept positive and negative feedback the right way. Students in grades K-6 will enjoy the activities as they learn and practice the steps to accepting positive feedback (compliments) and negative feedback (criticism). Author Julia Cook provides educators with creative ideas that will keep students engaged and learning. Activities range from using crafts to provide compliments, safe ways to provide negative feedback, self-evaluation, games, and of course opportunities to get students up and out of their seats!

Feedback (and Other Dirty Words)

Why We Fear It, How to Fix It *Berrett-Koehler Publishers*

A practical and irreverent guide to taking the sting out of feedback and reclaiming it as a motivating, empowering experience for everyone involved. Feedback: the mere mention of the word can make our blood pressure rise and our defenses go up. For many of us, it's a dirty word that we associate with bias, politics, resentment, and self-doubt. However, if we take a step back and think about its true intent, we realize that feedback needn't be a bad thing. After all, understanding how others experience us provides valuable opportunities to learn and grow. Authors M. Tamra Chandler and Laura Grealish explain how feedback got such a bad rap and how to recognize and minimize the negative physical and emotional responses that can erode trust and shut down communication. They offer a new and more ambitious definition of feedback, explore the roles we each play as Seeker, Extender, and Receiver, and introduce the three Fs of making feedback focused, fair, and frequent. You'll also find valuable exercises and strategies, along with real-world examples that illustrate how you can put these ideas into action and join in the movement to fix feedback, once and for all. When it's done right, feedback has been proven to be the most effective means of improving communication and performance for you and your organization. It's too important to give up, and with Chandler and Grealish's help, you'll be able to use it deftly, equitably, and effectively.

Difficult Conversations

How to Discuss what Matters Most

Let's Talk

Make Effective Feedback Your Superpower *Penguin*

A game-changing model for giving effective feedback to peers, employees, or even your boss--without offending or demotivating. How are you supposed to tell someone that they're not meeting expectations without crushing their spirit? Regular feedback, when delivered skillfully, can turn average performers into the hardest workers and stars into superstars. Yet many see it as an awkward chore: Recent studies have revealed 37% of managers dread giving feedback, and 65% of employees wish their managers gave more feedback. This trail-blazing new model eliminates the guesswork. Dr. Therese Huston, the founding director of the Center for Excellence in Teaching and Learning at Seattle University, discovered that the key to being listened to is to listen. First, find out what kind of feedback an employee wants most: appreciation, coaching, or evaluation. If they crave one, they'll be more receptive once their need has been satisfied. Then Huston lays out counterintuitive strategies for delivering each type of feedback successfully, including:

- Start by saying your good intentions out loud: it may feel unnecessary, but it makes all the difference.
- Side with the person, not the problem: a bad habit or behavior is probably less entrenched than you think.
- Give reports a chance to correct inaccurate feedback: they want an opportunity to talk more than they want you to be a good talker.

This handbook will make a once-stressful ordeal feel natural, and, by greasing the wheels of regular feedback conversations, help managers improve performance, trust, and mutual understanding.

Feedback That Works: How to Build and Deliver Your Message, First Edition *Center for Creative Leadership*

This is the first edition of this title. A revised edition has now been released (9781604919219). Effective feedback, whether it's meant for your boss, your peers, or your direct reports, is built around three ideas. One, focus on the situation. Two, describe the other person's behavior you observed in that situation. And third, describe the impact that behavior had on you. The result is a message that is clear and that can inspire action and productive change

Getting It Done

How to Lead When You're Not in Charge *Harper Collins*

Let's face it. In this chaotic world of teams, matrix management, and horizontal organizations, it's tougher than ever to get things done. How do you lead when you're not the one in charge? How can you be effective when joint action is needed? You need an edge in order to reach solutions and effectively work with others.

Thanks for the Feedback

The Science and Art of Receiving Feedback Well *Portfolio (Hardcover)*

The performance evaluation at work, The parenting advice from your mother-in-law, The lecture by the cop who just pulled you over, Those suddenly too-tight jeans. Everyone's got feedback for you. We get feedback every day of our lives, from friends and family, colleagues, customers, and bosses, teachers, doctors, and

strangers. We're assessed, coached, and criticized about our performance, personalities and appearance. We know that feedback is essential for professional development and healthy relationships - but we dread it and even dismiss it. That's because while we want to learn and grow, we also want to be accepted just as we are. *Thanks for the Feedback* is the first book to address this tension head on. In it, the world-renowned team behind the Harvard Negotiation Project offer a simple framework and powerful tools, showing us how to take on life's blizzard of comments and advice with curiosity and grace. 'Thanks for the Feedback is a potentially life-changing look at one of the toughest but most important parts of life: receiving feedback. It's a road map to more self-awareness, greater learning, and richer relationships. A tour de force.' Adam Grant, Wharton professor and author of *Give and Take* 'I'll admit it: *Thanks for the Feedback* made me uncomfortable. And that's one reason I liked it so much'. Daniel H. Pink, author of *Drive*

Tell Me So I Can Hear You

A Developmental Approach to Feedback for Educators

In *Tell Me So I Can Hear You*, Eleanor Drago-Severson and Jessica Blum-DeStefano show how education leaders can learn to deliver feedback in a way that strengthens relationships as well as performance and builds the capacity for growth. The authors provide real-life examples with practical strategies for creating a safe space for feedback, finding the right words, and bridging feedback and action. *Tell Me So I Can Hear You* offers invaluable guidance to help educators support a culture of learning in

classrooms, schools, and districts. Tell Me So I Can Hear You comes to the field at just the right time, when educators at every level are recognizing the importance of ensuring that feedback contributes to continuous learning for adults. The authors offer actionable insights to help educators engage in meaningful feedback conversations that lead to growth and change. Stephanie Hirsh, executive director, Learning Forward In a perfect marriage of theory and practice, Drago-Severson and Blum-DeStefano introduce a whole new dimension for thinking about feedback that is both intellectually stimulating and immediately applicable. Robert Kegan, Meehan Professor of Adult Learning, Harvard Graduate School of Education, and coauthor, Immunity to Change and An Everyone Culture Articulate and meaningful, Tell Me So I Can Hear You draws deeply from the research on feedback and thoughtfully integrates it with theories of adult development. The book offers a clear blueprint, as well as tools and examples of how we can move to broader and deeper growth-enhancing feedback for those we coach, evaluate, and mentor. Elizabeth Neale, chief executive officer and founder, School Leaders Network Eleanor Drago-Severson is Professor of Education Leadership and Adult Learning & Leadership at Teachers College, Columbia University. Jessica Blum-DeStefano teaches at Bank Street College of Education."

Test-Driven Development with Python

Obey the Testing Goat: Using Django, Selenium, and JavaScript *"O'Reilly Media, Inc."*

By taking you through the development of a real web application

from beginning to end, the second edition of this hands-on guide demonstrates the practical advantages of test-driven development (TDD) with Python. You'll learn how to write and run tests before building each part of your app, and then develop the minimum amount of code required to pass those tests. The result? Clean code that works. In the process, you'll learn the basics of Django, Selenium, Git, jQuery, and Mock, along with current web development techniques. If you're ready to take your Python skills to the next level, this book—updated for Python 3.6—clearly demonstrates how TDD encourages simple designs and inspires confidence. Dive into the TDD workflow, including the unit test/code cycle and refactoring Use unit tests for classes and functions, and functional tests for user interactions within the browser Learn when and how to use mock objects, and the pros and cons of isolated vs. integrated tests Test and automate your deployments with a staging server Apply tests to the third-party plugins you integrate into your site Run tests automatically by using a Continuous Integration environment Use TDD to build a REST API with a front-end Ajax interface

Beginning HTML5 and CSS3 For Dummies *John Wiley & Sons*

Your full-color, friendly guide to getting started with HTML5 and CSS3! HTML and CSS are essential tools for creating dynamic websites and help make your websites even more effective and unique. This friendly-but-straightforward guide gets you started with the basics of the latest versions of HTML and CSS: HTML5 and CSS3. Introducing you to the syntax and structure of the languages, this helpful guide shows you how to create and view a web page, explains ideal usage of HTML5 and CSS3, walks you

through the CSS3 rules and stylesheets, addresses common mistakes and explains how to fix them, and explores interesting HTML5 tools. Serves as an ideal introduction to HTML5 and CSS3 for beginners with little to no web development experience. Details the capabilities of HTML5 and CSS3 and how to use both to create responsive, practical, and well-designed websites. Helps you understand how HTML5 and CSS3 are the foundation upon which hundreds of millions of web pages are built. Features full-color illustrations to enhance your learning process. Beginning HTML5 and CSS3 For Dummies is the perfect first step for getting started with the fundamentals of web development and design.

Chevy in the Hole

A Novel *Henry Holt and Company*

A gorgeous, unflinching love letter to Flint, Michigan, and the resilience of its people, Kelsey Ronan's *Chevy in the Hole* follows multiple generations of two families making their homes there, with a stunning contemporary love story at its center. In the opening pages of *Chevy in the Hole*, August "Gus" Molloy has just overdosed in a bathroom stall of the Detroit farm-to-table restaurant where he works. Shortly after, he packs it in and returns home to his family in Flint. This latest slip and recommitment to sobriety doesn't feel too terribly different from the others, until Gus meets Monae, an urban farmer trying to coax a tenuous rebirth from the city's damaged land. Through her eyes, he sees what might be possible in a city everyone else seems to have forgotten or, worse, given up on. But as they begin dreaming up an oasis together, even the most essential

resources can't be counted on. Woven throughout their story are the stories of their families—Gus's white and Monae's Black—members of which have had their own triumphs and devastating setbacks trying to survive and thrive in Flint. A novel about the things that change over time and the things that don't, *Chevy in the Hole* reminds us again and again what people need from one another and from the city they call home.

Ask a Manager

How to Navigate Clueless Colleagues, Lunch-Stealing Bosses, and the Rest of Your Life at Work *Ballantine Books*

From the creator of the popular website *Ask a Manager* and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party. Praise for *Ask a Manager* "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be

professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

Guns, Germs, and Steel: The Fates of Human Societies (20th Anniversary Edition) *W. W. Norton & Company*

"Fascinating.... Lays a foundation for understanding human history."—Bill Gates In this "artful, informative, and delightful" (William H. McNeill, *New York Review of Books*) book, Jared Diamond convincingly argues that geographical and environmental factors shaped the modern world. Societies that had had a head start in food production advanced beyond the hunter-gatherer stage, and then developed religion --as well as nasty germs and potent weapons of war --and adventured on sea and land to conquer and decimate preliterate cultures. A major

advance in our understanding of human societies, *Guns, Germs, and Steel* chronicles the way that the modern world came to be and stunningly dismantles racially based theories of human history. Winner of the Pulitzer Prize, the Phi Beta Kappa Award in Science, the Rhone-Poulenc Prize, and the Commonwealth club of California's Gold Medal.

The Feedback Book

50 Ways to Motivate and Improve the Performance of Your People *Concise Advice*

"Maintaining performance today is no longer simply about having an annual appraisal and telling employees \"you must try harder.\" Research demonstrates that regular discussions about performance and providing feedback to the people you manage is a more effective way to motivate them and keep them on track. Distilled into this single, handy-sized volume are 50 tips, advice and techniques to help any manager become quickly skilled at regularly discussing performance, setting goals and objectives and providing the necessary feedback to ensure individuals and teams thrive in the company. Structured into five key parts, each of the 50 concise chapters also contains a practical exercise to help the reader understand and implement the concepts and ideas of this book." LID Publishing's popular Concise Advice Lab notebooks are designed to be quick and comprehensive brainstorming tools and skill-building resources for busy professionals. The small trim size makes it easy to take along in a briefcase or purse. Interior pages are matte finish, so ink won't smear, and there's plenty of space to jot notes. A ribbon makes it

easy to mark your place, and the elastic outer band keeps the notebook closed.

Andree's War

How One Young Woman Outwitted the Nazis *Elliot & Thompson Limited*

In a true story of bravery and courage in occupied Paris, the tale of Andrée Griotteray's work as an underground intelligence courier is shared by her daughter Andrée Griotteray was only 19 when the Germans invaded France. Just another young teenager, in search of fun and frivolity, she suddenly found herself living in an occupied city, forced to work alongside the men who had invaded her country. Unable to stand by and do nothing, her younger brother Alain created his own resistance network. Andrée risked her life to help him without hesitation. Through her job at the passport department of the Police Headquarters in Paris, she typed up and printed copies of an underground newspaper and stole blank ID cards for those attempting to escape France. She traveled across the country, picking up and dropping off intelligence ultimately destined for the British and Americans, always fearless in the face of immense pressure, until the day that she was betrayed and arrested. For the first time Andrée's story is told in English, by her own daughter. Based on her diaries and conversations over the years, Francelle brings her mother's story to life—the narrow escapes and moments of terror alongside typical teenager concerns about food, fashion, and boys. Despite her lifelong modesty, Andrée has been lauded by the French government for her bravery. Now her achievements

will reach a new audience.

The Art of Reading Minds

How to Understand and Influence Others Without Them Noticing *St. Martin's Essentials*

The internationally bestselling guide to "mind-reading" by influencing those around you via non-verbal communication, from human psychology expert Henrik Fexeus. How would you like to know what the people around you are thinking? Do you want to network like a pro, persuade your boss to give you that promotion, and finally become the life of every party? Now, with Henrik Fexeus's expertise, you can. The Art of Reading Minds teaches you everything you need to know in order to become an expert at mind-reading. Using psychology-based skills such as non-verbal communication, reading body language, and using psychological influence, Fexeus explains how readers can find out what another person thinks and feels— and consequently control that person's thoughts and beliefs. Short, snappy chapters cover subjects such as contradictory signs and what they mean, how people flirt without even knowing it, benevolent methods of suggestion and undetectable influence, how to plant and trigger emotional states, and how to perform impressive mind-reading party tricks. Fexeus gives readers practical (and often fun) examples of how to effectively mind-read others and use this information, benevolently, both in personal and professional settings.

The Feedback-Friendly Classroom

How to equip students to give, receive, and seek quality feedback that will support their social, academic, and developmental needs *Pembroke Publishers Limited*

Learning is inherently social, built on the daily interactions in the classroom. What if feedback — from teacher to student, between students, from student to teacher — could be seen as essential to the ongoing process that defines the learning environment? This groundbreaking book explores using feedback to help students become better learners, examines the crucial use of verbal and nonverbal language to engage and guide students, and shows strategies and activities to establish and promote effective feedback within the classroom and beyond.

HTTP/2 in Action *Simon and Schuster*

Learning Tableau *Packt Publishing Ltd*

If you want to understand your data using data visualization and don't know where to start, then this is the book for you. Whether you are a beginner or have years of experience, this book will help you to quickly acquire the skills and techniques used to discover, analyze, and communicate data visually. Some familiarity with databases and data structures is helpful, but not required.

The Hidden Brain

How Our Unconscious Minds Elect Presidents, Control Markets, Wage Wars, and Save Our Lives *Random House*

The hidden brain is the voice in our ear when we make the most important decisions in our lives—but we're never aware of it. The hidden brain decides whom we fall in love with and whom we hate. It tells us to vote for the white candidate and convict the dark-skinned defendant, to hire the thin woman but pay her less than the man doing the same job. It can direct us to safety when disaster strikes and move us to extraordinary acts of altruism. But it can also be manipulated to turn an ordinary person into a suicide terrorist or a group of bystanders into a mob. In a series of compulsively readable narratives, Shankar Vedantam journeys through the latest discoveries in neuroscience, psychology, and behavioral science to uncover the darkest corner of our minds and its decisive impact on the choices we make as individuals and as a society. Filled with fascinating characters, dramatic storytelling, and cutting-edge science, this is an engrossing exploration of the secrets our brains keep from us—and how they are revealed.

The Autoimmune Wellness Handbook

A DIY Guide to Living Well with Chronic Illness *Rodale*

The way autoimmune disease is viewed and treated is undergoing a major change as an estimated 50 million Americans (and growing) suffer from these conditions. For many patients, the key to true wellness is in holistic treatment, although they

might not know how to begin their journey to total recovery. The Autoimmune Wellness Handbook, from Mickey Trescott and Angie Alt of Autoimmune-Paleo.com, is a comprehensive guide to living healthfully with autoimmune disease. While conventional medicine is limited to medication or even surgical fixes, Trescott and Alt introduce a complementary solution that focuses on seven key steps to recovery: inform, collaborate, nourish, rest, breathe, move, and connect. Each step demystifies the process to reclaim total mind and body health. With five autoimmune conditions between them, Trescott and Alt have achieved astounding results using the premises laid out in the book. The Autoimmune Wellness Handbook goes well beyond nutrition and provides the missing link so that you can get back to living a vibrant, healthy life.

Welcoming Elijah

A Passover Tale with a Tail *Charlesbridge Publishing*

Winner of the Sydney Taylor Book Award and the National Jewish Book Award, *Welcoming Elijah* by celebrated author Lesléa Newman, unites a young boy and a stray kitten in a warm, lyrical story about Passover, family, and friendship. Inside, a boy and his family sit around the dinner table to embrace the many traditions of their Passover Seder around the dinner table. Outside, a cat wonders, hungry and alone. When it's time for the symbolic Passover custom of opening the family's front door for the prophet Elijah, both the boy and the cat are in for a remarkable surprise.

Good Omens

The Nice and Accurate Prophecies of Agnes Nutter, Witch *Harper Collins*

There is a distinct hint of Armageddon in the air. According to *The Nice and Accurate Prophecies of Agnes Nutter, Witch* (recorded, thankfully, in 1655, before she blew up her entire village and all its inhabitants, who had gathered to watch her burn), the world will end on a Saturday. Next Saturday, in fact. So the armies of Good and Evil are amassing, the Four Bikers of the Apocalypse are revving up their mighty hogs and hitting the road, and the world's last two remaining witch-finders are getting ready to fight the good fight, armed with awkwardly antiquated instructions and stick pins. Atlantis is rising, frogs are falling, tempers are flaring. . . . Right. Everything appears to be going according to Divine Plan. Except that a somewhat fussy angel and a fast-living demon -- each of whom has lived among Earth's mortals for many millennia and has grown rather fond of the lifestyle -- are not particularly looking forward to the coming Rapture. If Crowley and Aziraphale are going to stop it from happening, they've got to find and kill the Antichrist (which is a shame, as he's a really nice kid). There's just one glitch: someone seems to have misplaced him. . . . First published in 1990, Neil Gaiman and Terry Pratchett's brilliantly dark and screamingly funny take on humankind's final judgment is back -- and just in time -- in a new hardcover edition (which includes an introduction by the authors, comments by each about the other, and answers to some still-burning questions about their wildly popular collaborative effort) that the devout and the damned alike will surely cherish until the

end of all things.

Variant *Harper Collins*

Benson Fisher thought that a scholarship to Maxfield Academy would be the ticket out of his dead-end life. He was wrong. Now he's trapped in a school that's surrounded by a razor-wire fence. A school where video cameras monitor his every move. Where there are no adults. Where the kids have split into groups in order to survive. Where breaking the rules equals death. But when Benson stumbles upon the school's real secret, he realizes that playing by the rules could spell a fate worse than death, and that escape—his only real hope for survival—may be impossible.

Performance Breakthrough

A Radical Approach to Success at Work *Hachette Books*

Break through to your peak performance! Whether you're navigating your way on a new team, expanding your leadership role, or just trying to get heard in a meeting, you're facing the kind of workplace challenge we all run into sooner or later: you need a new performance. In *Performance Breakthrough*, Cathy Salit presents the revolutionary strategies that she's proven successful through over twenty years' experience custom-creating workshops for powerhouse clients including American Express, Nike, Coca-Cola, and DIRECTV. Artfully blending techniques from theatrical performance with the new science of performative psychology, Salit guides readers through forging new relationships guaranteed to yield greater success and satisfaction. *Performance Breakthrough* outlines proven

techniques, including taking an emotional inventory; crafting new scripts for greater confidence, stronger relationships, and better outcomes; building ensembles; improvising; and listening--really listening--including accepting others' criticism and input. No matter what your challenge, Salit's innovative philosophy, case studies, practical exercises, and inspiring advice will help you deliver your own top performance.

Feedback that Sticks

The Art of Effectively Communicating Neuropsychological Assessment Results *Oxford University Press*

Feedback that Sticks is a compilation of the strategies and metaphors of over 85 senior neuropsychologists: compelling, accessible ways of explaining complex neuropsychological concepts to patients, their family members, and other professionals. It provides a unique opportunity for practicing neuropsychologists to develop and strengthen their own approaches to providing feedback.

The Contrarian's Guide to Leadership *John Wiley & Sons*

In this offbeat approach to leadership, college president Steven B. Sample--the man who turned the University of Southern California into one of the most respected and highly rated universities in the country--challenges many conventional teachings on the subject. Here, Sample outlines an iconoclastic style of leadership that flies in the face of current leadership thought, but a style that unquestionably works, nevertheless. Sample urges leaders and aspiring leaders to focus on some key

counterintuitive truths. He offers his own down-to-earth, homespun, and often provocative advice on some complex and thoughtful issues. And he provides many practical, if controversial, tactics for successful leadership, suggesting, among other things, that leaders should sometimes compromise their principles, not read everything that comes across their desks, and always put off decisions.

The Female Vision

Women's Real Power at Work *Berrett-Koehler Publishers*

Groundbreaking new insights from the author of *The Female Advantage* Redefines what women have to offer to the world Provides a fresh and actionable perspective for organizations seeking to leverage women's best talents Women see the world through a distinctive lens. What they see is defined by what they notice, what they value and how they connect the dots. In this brilliant and strongly argued new book, Sally Helgesen and Julie Johnson demonstrate why the female vision constitutes women's most powerful asset in the workplace and show how women and organizations can use it to strong advantage. The authors describe the three elements of the female vision and explore the specific benefits that each provides. Women's capacity for broad-spectrum notice widens the scope of information available to organizations and provides vital clues about relationships, shifting markets and potential conflicts. Women's focus on the quality of day-to-day experience rather than abstract measures of achievement provides a way to restore balance to a 24/7 workplace in which endemic stress has become routine. Women's

penchant for viewing work in a larger social context offers a powerful means for moving beyond sterile game metaphors to engage motivation at a profound and authentic level. The extraordinary power of the female vision has been overlooked because it is countercultural in most organizations and because its benefits have been difficult to measure. But as Helgesen and Johnson make clear, the advent of a team-based, service-oriented interconnected global business environment that seeks customized markets and must stir the passions of highly diverse employees requires precisely the skills that the female vision encompasses. The potential pay off to organizations in terms of creativity, strategic insight and the ability to engage and inspire diverse talents is undeniable. Drawing on multiple veins of research, including their own Satisfaction Profile survey, the authors offer a totally fresh and even startling perspective on the true value that women bring to work. The Female Vision lays out exactly what companies must do to engage, energize and support talented women, and shows women how to nurture and sustain this power.

Organizing Creativity

How to Generate, Capture, Collect, and Realize Ideas to Improve Individual Creativity

This book was written as a help for individual persons who want to organize their creativity, be it for science (incl. engineering and commercial projects), art, or private projects. Its aim is to enlarge your options when having ideas and to improve the chance of realizing creative projects. It is written as a practical

handbook and describes how organization can support generating, capturing, collecting (incl. enlarging, restructuring, etc.) and realizing ideas. While creativity "techniques" are dealt with, the focus is on the infrastructure to enable you to capture your fleeting ideas and cultivate them to finally realize them as creative projects.

Real College

The Essential Guide to Student Life *Penguin*

Few people have as much experience helping students cope with college life as Douglas Stone, a long-time Harvard residential adviser and coauthor of *Difficult Conversations*, and Elizabeth Tippet, recent Harvard graduate and founding director of the university's peer mediation program. In *Real College*, they join forces to help students deal with nightmare roommates, handle academic pressures, make smart choices about alcohol and sex, communicate with parents, and address all the other big issues that can make college as challenging as it is exciting. Stone and Tippet deliver insightful, pragmatic advice with humor and compassion, in a style that parents and students alike will appreciate. This is one book that no college student should be without.

Neighborhood Defenders

Participatory Politics and America's Housing Crisis *Cambridge University Press*

Public participation in the housing permitting process empowers

unrepresentative and privileged groups who participate in local politics to restrict the supply of housing.

Radical Candor: Fully Revised & Updated Edition

Be a Kick-Ass Boss Without Losing Your Humanity *St. Martin's Press*

* New York Times and Wall Street Journal bestseller multiple years running * Translated into 20 languages, with more than half a million copies sold worldwide * A Hudson and Indigo Best Book of the Year * Recommended by Shona Brown, Rachel Hollis, Jeff Kinney, Daniel Pink, Sheryl Sandberg, and Gretchen Rubin Radical Candor has been embraced around the world by leaders of every stripe at companies of all sizes. Now a cultural touchstone, the concept has come to be applied to a wide range of human relationships. The idea is simple: You don't have to choose between being a pushover and a jerk. Using Radical Candor—avoiding the perils of Obnoxious Aggression,

Manipulative Insincerity, and Ruinous Empathy—you can be kind and clear at the same time. Kim Scott was a highly successful leader at Google before decamping to Apple, where she developed and taught a management class. Since the original publication of Radical Candor in 2017, Scott has earned international fame with her vital approach to effective leadership and co-founded the Radical Candor executive education company, which helps companies put the book's philosophy into practice. Radical Candor is about caring personally and challenging directly, about soliciting criticism to improve your leadership and also providing guidance that helps others grow. It focuses on praise but doesn't shy away from criticism—to help you love your work and the people you work with. Radically Candid relationships with team members enable bosses to fulfill their three core responsibilities: 1. Create a culture of Compassionate Candor 2. Build a cohesive team 3. Achieve results collaboratively Required reading for the most successful organizations, Radical Candor has raised the bar for management practices worldwide.
