Postmodernism and Psychotherapy

Postmodernism uersus psychotherapy 177 Equipped with theories that explained problems in living on different levels than they were experienced by their sufferers, therapists became particularly prominent cultural exemplars of the modernist tendency to require an authority to pronounce on the underlying meaning of the person's experiences.

Postmodernism versus psychotherapy

Postmodern psychotherapists believe that it is difficult at best, and often impossible, for a mental health "expert" to be able to determine what is "psychologically healthy," since there is no truly objective measurement of mental health. As in postmodern philosophy, art, architecture, and music, "deconstruction" is a dominant theme in postmodern psychotherapy.
