Research Anthology on Music Education in the Digital Era *IGI Global*

Music is a vital piece of life that not only allows individuals a chance to express themselves, but also an opportunity for people and communities to come together. Music has evolved in recent years as society turns toward a digital era where content can be shared across the world at a rapid pace. Music education and how it is spread has a number of possibilities and opportunities in this new era as it has never been easier for people to access music and learn. Further study on the best practices of utilizing the digital age for music education is required to ensure its success. The Research Anthology on Music Education in the Digital Era discusses best practices and challenges in music education and considers how music has evolved throughout the years as society increasingly turns its attention to online learning. This

comprehensive reference source also explores the implementation of music for learning in traditional classrooms. Covering a range of topics such as music integration, personalized education, music teacher training, and music composition, this reference work is ideal for scholars, researchers, practitioners, academicians, administrators, instructors, and students.

Disciplinary Literacy Connections to Popular Culture in K-12 Settings *IGI Global*

Literacy and popular culture are intrinsically linked as forms of communication, entertainment, and education. Students are motivated to engage with popular culture through a myriad of mediums for a variety of purposes. Utilizing popular culture to bridge literacy concepts across content areas in K-12 settings offers a level playing field across student groups and grade levels. As concepts around traditional literacy education evolve and become more culturally responsive, the connections between popular culture and disciplinary literacy must be explored. *Disciplinary Literacy Connections to Popular Culture in K-12 Settings* is an essential publication that explores a conceptual framework around pedagogical connections to popular culture. While highlighting a broad range of topics including academic creativity, interdisciplinary storytelling, and skill development, this book is ideally designed for educators, curriculum developers, instructional designers, administrative officials, policymakers, researchers, academicians, and students.

Caroline, or Change *Theatre Communications Group*

"There are moments in the history of theatre when stagecraft takes a new turn. I like to think that this happened for the American musical last week, when Tony Kushner's *Caroline, or Change* (at the Public), a collaboration with composer Jeanine Tesori and the director George C. Wolfe, bushwhacked a path beyond the narrative end of the deconstructed, overfreighted musicals of the past thirty years."—John Lahr, *The New Yorker* Louisiana, 1963: A nation reeling from the burgeoning Civil Rights Movement and the Kennedy assassination. Caroline, a black maid, and Noah, the son of the Jewish family she works for, struggle to find an identity for their friendship. Through their intimate story, this beautiful new musical portrays the changing rhythms of a nation. Tony Kushner and composer Jeanine Tesori have created a story that addresses contemporary questions of culture, community, race and class through the lens and musical pulse of the 1960s. Tony Kushner is best known for the two-part masterwork, *Angels in America*, recently produced by HBO as a six-hour television event, directed by Mike Nichols to universal acclaim. His other plays include *Homebody/Kabul*, *A Bright Room*

Called Day and Slavs!; as well as adaptations of Corneille's The Illusion, Ansky's The Dybbuk, Brecht's The Good Person of Szechuan and Goethe's Stella. Current projects include: Henry Box Brown or The Mirror of Slavery and St. Cecilia or The Power of Music. He recently collaborated with Maurice Sendak on an American version of the children's opera, Brundibar. He grew up in Lake Charles, Louisiana, and he lives in New York. Jeanine Tesori wrote the score for Thoroughly Modern Millie, which won the 2002 Tony and Drama Desk Awards for Best Musical and the multiple-award-winning Violet.

Anyone Can Whistle

A Musical Fable

Little Elf: A Celebration of Harry Langdon *BearManor Media*
Harry Langdon, a comic who appeared in Vaudeville, silent movies, and sound film comedies, held a unique position in Hollywood history. After a slow start in movies, he joined Keystone, the famous Mack Sennett studio. Langdon's screen character was quite different from the broad slapstick that was popular at the time. When paired with director Frank Capra in films such as The Strong Man (1926), Tramp, Tramp, Tramp (1926), and Long Pants (1927), he rivaled Charlie Chaplin, Buster Keaton, and Harold Lloyd. Chuck Harter and Michael J. Hayde's biography includes a comprehensive Filmography. Lavishly illustrated. "You can hear the laughter flowing through the book. Langdon's comic timing was about taking enough time to figure out a situation. The reader should do the same, and not rush through these wonderful pages." - Brad Linaweaver, Mondo Cult "[The authors] have done a great service for comedy aficionados and historians, offering up a cornucopia of information on every one of Langdon's screen appearances, rare photos, vintage magazine articles, and more. If you have any interest in Harry Langdon, this book is invaluable. - Leonard Maltin in Leonard Maltin's Movie Crazy

She Kills Monsters *Concord Theatricals*

Revised 2016 Edition. She Kills Monsters tells the story of Agnes Evans as she leaves her childhood home in Ohio following the death of her teenage sister, Tilly. When Agnes finds Tilly's Dungeons & Dragons notebook, however, she finds herself catapulted into a journey of discovery and action-packed adventure in the imaginary world that was her sister's refuge. In this high-octane dramatic comedy laden with homicidal fairies, nasty ogres, and '90s pop culture, acclaimed playwright Qui

Nguyen offers a heart-pounding homage to the geek and warrior within us all.

Linkers and Loaders *Morgan Kaufmann*

"I enjoyed reading this useful overview of the techniques and challenges of implementing linkers and loaders. While most of the examples are focused on three computer architectures that are widely used today, there are also many side comments about interesting and quirky computer architectures of the past. I can tell from these war stories that the author really has been there himself and survived to tell the tale." -Guy Steele Whatever your programming language, whatever your platform, you probably tap into linker and loader functions all the time. But do you know how to use them to their greatest possible advantage? Only now, with the publication of Linkers & Loaders, is there an authoritative book devoted entirely to these deep-seated compile-time and run-time processes. The book begins with a detailed and comparative account of linking and loading that illustrates the differences among various compilers and operating systems. On top of this foundation, the author presents clear practical advice to help you create faster, cleaner code. You'll learn to avoid the pitfalls associated with Windows DLLs, take advantage of the space-saving, performance-improving techniques supported by many modern linkers, make the best use of the UNIX ELF library scheme, and much more. If you're serious about programming, you'll devour this unique guide to one of the field's least understood topics. Linkers & Loaders is also an ideal supplementary text for compiler and operating systems courses. Features: * Includes a linker construction project written in Perl, with project files available for download. * Covers dynamic linking in Windows, UNIX, Linux, BeOS, and other operating systems. * Explains the Java linking model and how it figures in network applets and extensible Java code. * Helps you write more elegant and effective code, and build applications that compile, load, and run more efficiently.

Peter Pan (with Audio & Text) *East West Studio*

Peter Pan is a fictional character created by Scottish novelist and playwright J. M. Barrie. A free-spirited and mischievous young boy who can fly and never grows up, Peter Pan spends his never-ending childhood having adventures on the mythical island of Neverland as the leader of the Lost Boys, interacting with fairies, pirates, mermaids, Native Americans, and occasionally ordinary children from the world outside Neverland. "All children, except one, grow up," begins J. M. Barrie's most famous novel. Barrie then proceeds to tell the story of that one extraordinary exception, Peter Pan, who lives in the Neverland with pirates and fairies and is always having adventures. One night he appears in the nursery of the Darling children and the most marvelous adventure of all begins. Light-hearted though it seems in premise, Peter Pan is a sweet but melancholy tribute to the fleeting innocence of childhood that has endured as a beloved favorite of children and adults alike ever since its first publication.

Pre-Incident Indicators of Terrorist Incidents

The Identification of Behavioral, Geographic and Temporal Patterns of Preparatory Conduct *DIANE Publishing*

This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

Santaland Diaries *Hachette UK*

Afternoon of the Elves *Open Road Media*

In "this enchanting story about friendship," two fourth grade girls discover a magical world hidden in one's backyard (Publishers Weekly). No fourth grader trusts Sara-Kate Connolly. Her boots are dirty, her clothes are weird, and she's so maladjusted that the school had to hold her back a grade. But Hillary is her next-door neighbor, and can't say no when the unusual loner invites her over to play. In Sara-Kate's overgrown backyard, Hillary will find proof of a world of magic—the kind that can only blossom between true friends. Among the rusted car parts and wild plants, a miniature village has sprung up. It has tiny houses made from string, sticks, and maple leaves; a well with a bottlecap for a bucket; and even a little playground with a Popsicle-stick Ferris wheel. But there's absolutely no sign of who built this miniature world. To Sara-Kate, the answer is clear—only elves could be responsible for something so enchanted. As she and Hillary watch for their elusive new friends, they learn that friendship, like magic, springs up where you least expect it. This ebook features a personal history by Janet Taylor Lisle including rare images and never-before-seen documents from the author's own collection.
